## **Reds Mccarthyism In America From Woodrow Wilson To George W Bush:**

**What Ifs? Of American History** Robert Cowley, 2004-09-07 Did Eisenhower avoid a showdown with Stalin by not taking Berlin before the Soviets What might have happened if JFK hadn't been assassinated This new volume in the widely praised series presents fascinating what if scenarios by such prominent historians as Robert Dallek Caleb Carr Antony Beevor John Lukacs Jay Winick Thomas Fleming Tom Wicker Theodore Rabb Victor David Hansen Cecelia Holland Andrew Roberts Ted Morgan George Feifer Robert L O Connell Lawrence Malkin and John F Stacks Included are two essential bonus essays reprinted from the original New York Times bestseller What If David McCullough imagines Washington's disastrous defeat at the Battle of Long Island and James McPherson envisions Lee's successful invasion of the North in 1862 **Choice**, 2004

**Confronting America** Alessandro Brogi, 2011-07-15 Throughout the Cold War the United States encountered unexpected challenges from Italy and France two countries with the strongest and determinedly most anti American Communist Parties in Western Europe Based primarily on new evidence from communist archives in France and Italy as well as research archives in the United States Alessandro Brogi's original study reveals how the United States was forced by political opposition within these two core Western countries to reassess its own anticommunist strategies its image and the general meaning of American liberal capitalist culture and ideology Brogi shows that the resistance to Americanization was a critical test for the French and Italian communists own legitimacy and existence Their anti Americanism was mostly dogmatic and driven by the Soviet Union but it was also at crucial times subtle and ambivalent nurturing fascination with the American culture of dissent The staunchly anticommunist United States Brogi argues found a successful balance to fighting the communist threat in France and Italy by employing diplomacy and fostering instances of mild dissent in both countries Ultimately both the French and Italian communists failed to adapt to the forces of modernization that stemmed both from indigenous factors and from American influence Confronting America illuminates the political diplomatic economic and cultural conflicts behind the U S communist confrontation **American Political Leaders** Richard L. Wilson, 2014-05-14

Presents profiles of major figures in American politics from Bella Abzug through Woodrow Wilson arranged alphabetically by area of activity and by year of birth **American Civil-Military Relations** Suzanne C. Nielsen, Don M. Snider, 2009-10-05

politics and national security policy John R Ballard On Point **Talking Conflict** Anna M. Wittmann, 2016-12-05 In today's information era the use of specific words and language can serve as powerful tools that incite violence or sanitize and conceal the ugliness of war This book examines the complex twisted language of conflict Why is the term collateral damage used when military strikes kill civilians What is a catastrophic success What is the difference between a privileged and unprivileged enemy belligerent How does deterrence differ from detente What does hybrid warfare mean and how is it different from asymmetric warfare How is shell shock different from battle fatigue and PTSD These are only a few of the questions that Talking Conflict The Loaded Language of Genocide Political Violence Terrorism and Warfare answers in its

exploration of euphemisms warspeak doublespeak and propagandistic terms This handbook of alphabetically listed entries is prefaced by an introductory overview that provides background information about how language is used to obfuscate or minimize descriptions of armed conflict or genocide and presents examples of the major rhetorical devices used in this subject matter The book focuses on the loaded language of conflict with many of the entries demonstrating the function of given terms as euphemisms propaganda or circumlocutions Each entry is accompanied by a list of cross references and Further Reading suggestions that point readers to pertinent sources for further research This book is ideal for students especially those studying political science international relations and genocide as well as general readers

**The Presidency in Times of Crisis and Disaster** Brian M. Harward, 2019-11-15 This resource uses primary documents and contextualizing essays to illuminate how America's presidents have responded to major tests of their leadership and approached their role and responsibilities in times of national crisis Presidents hold the attention of the public like no other political actor In addition because of their unique role in the constitutional system presidents often take immediate unilateral action in the face of national emergencies Exploring key events crises and disasters through the lens of presidential responsiveness this text reveals not only the larger historical context but also the authority of presidents in meeting the felt necessities of the time deepening readers understanding of those touchstone events Comprehensive in temporal and topical scope the book covers crises and disasters from the presidency of George Washington through Donald Trump's first two years in office Important events covered include natural disasters wars assassinations terrorist attacks mass shootings economic crises riots tragedies and political scandals Each event is explored through a primary document that reveals key dimensions of the presidential response to the crisis or disaster in question and contextual headnotes and essays that provide additional insights into the political economic and cultural contexts in which that event occurred and to which the president responded

**Merchants of Fear**, The Myth of Left and Right Hyrum Smith Lewis, Verlan Lewis, 2023 A groundbreaking argument that the political spectrum today is inadequate to twenty first century America and a major source of the confusion and hostility that characterize contemporary political discourse As American politics descends into a battle of anger and hostility between two groups called left and right people increasingly ask What is the essential difference between these two ideological groups In The Myth of Left and Right Hyrum Lewis and Verlan Lewis provide the surprising answer nothing As the authors argue there is no enduring philosophy disposition or essence uniting the various positions associated with the liberal and conservative ideologies of today Far from being an eternal dividing line of American politics the political spectrum came to the United States in the 1920s and since then left and right have evolved in so many unpredictable and even contradictory ways that there is currently nothing other than tribal loyalty holding together the many disparate positions that fly under the banners of liberal and conservative Powerfully argued and cutting against the grain of most scholarship on polarization in America this book shows why the idea that the political spectrum measures deeply held

worldviews is the central political myth of our time and a major cause of the confusion and vitriol that characterize public discourse      **Forthcoming Books** Rose Army,2004      *Current Publications in Legal and Related Fields* ,2004      **Reds** Ted Morgan,2020-04-14 In this landmark work Pulitzer Prize winning author Ted Morgan examines the McCarthyite strain in American politics from its origins in the period that followed the Bolshevik Revolution to the present Morgan argues that Senator Joseph McCarthy did not emerge in a vacuum he was rather the most prominent in a long line of men who exploited the issue of Communism for political advantage In 1918 America invaded Russia in an attempt at regime change Meanwhile on the home front the first of many congressional investigations of Communism was conducted Anarchist bombs exploded from coast to coast leading to the political repression of the Red Scare Soviet subversion and espionage in the United States began in 1920 under the cover of a trade mission Franklin Delano Roosevelt granted the Soviets diplomatic recognition in 1933 which gave them an opportunity to expand their spy networks by using their embassy and consulates as espionage hubs Simultaneously the American Communist Party provided a recruitment pool for homegrown spies Martin Dies Jr the first congressman to make his name as a Red hunter developed solid information on Communist subversion through his Un American Activities Committee However its hearings were marred by partisan attacks on the New Deal presaging McCarthy The most pervasive period of Soviet espionage came during World War II when Russia as an ally of the United States received military equipment financed under the policy of lend lease It was then that highly placed spies operated inside the U S government and in America s nuclear facilities Thanks to the Venona transcripts of KGB cable traffic we now have a detailed account of wartime Soviet espionage down to the marital problems of Soviet spies and the KGB s abject efforts to capture deserting Soviet seamen on American soil During the Truman years Soviet espionage was in disarray following the defections of Elizabeth Bentley and Igor Gouzenko The American Communist Party was much diminished by a number of measures including its expulsion from the labor unions the prosecution of its leaders under the Smith Act and the weeding out under Truman s loyalty program of subversives in government As Morgan persuasively establishes by the time McCarthy exploited the Red issue in 1950 the battle against Communists had been all but won by the Truman administration In this bold narrative history Ted Morgan analyzes the paradoxical culture of fear that seized a nation at the height of its power Using Joseph McCarthy s previously unavailable private papers and recently released transcripts of closed hearings of McCarthy s investigations subcommittee Morgan provides many new insights into the notorious Red hunter s methods and motives Full of drama and intrigue finely etched portraits and political revelations Reds brings to life a critical period in American history that has profound relevance to our own time      *Failed Imagination?* Andrew Williams,2013-01-18 The main purpose of this book is to explain how mainly American but also British and other Western policy makers have planned and largely managed to create an international order in their own image the so called New World Order It shows how this seismic shift in international relations has developed through the major global wars of the twentieth and twenty first

centuries It uses a wide variety of historical archival material to give the background to the current and historical American obsession with creating the world order one that both reflects the American national interest but also can be said to have established the major security economic organisational and normative pillars of our epoch In addition it provides excellent background reading for the current debate about American foreign policy and the origins of neo conservatism in international relations This edition updates a very successful first edition of the title with additional material to take into account changes in the global order since 2001 and the beginning of the War on Terror *A Concise History of U.S. Foreign Policy* Joyce P. Kaufman,2006 A Concise History of U S Foreign Policy offers a conceptual and historical overview of American foreign relations from the founding to the present Joyce Kaufman clearly explains major themes in foreign relations and places the evolution of policy decisions within the context of the international situations and domestic priorities

*University in Chains* Henry A. Giroux,2015-10-23 President Eisenhower originally included academic in the draft of his landmark oft quoted speech on the military industrial complex Giroux tells why Eisenhower saw the academy as part of the famous complex and how his warning was vitally prescient for 21st century America Giroux details the sweeping post 9 11 assault being waged on the academy by militarization corporatization and right wing fundamentalists who increasingly view critical thought itself as a threat to the dominant political order Giroux argues that the university has become a handmaiden of the Pentagon and corporate interests it has lost its claim to independence and critical learning and has compromised its role as a democratic public sphere And yet in spite of its present embattled status and the inroads made by corporate power the defense industries and the right wing extremists Giroux defends the university as one of the few public spaces left capable of raising important questions and educating students to be critical and engaged agents He concludes by making a strong case for reclaiming it as a democratic public sphere **Presidents and Civil Liberties from Wilson to Obama**

Samuel Walker,2012-04-16 This book is a history of the civil liberties records of American presidents from Woodrow Wilson to Barack Obama It examines the full range of civil liberties issues First Amendment rights of freedom of speech press and assembly due process equal protection including racial justice women s rights and lesbian and gay rights privacy rights including reproductive freedom and national security issues The book argues that presidents have not protected or advanced civil liberties and that several have perpetrated some of worst violations Some Democratic presidents Wilson and Roosevelt moreover have violated civil liberties as badly as some Republican presidents Nixon and Bush This is the first book to examine the full civil liberties records of each president thus placing a president s record on civil rights with his record on national security issues and also to compare the performance on particular issues of all the presidents covered

**Eyewitness Presidents** DK,2021-01-05 Explore America s history with a look at the leaders who have held its highest office An informative and visual e guide to America s highest office this Eyewitness ebook explores the history of the White House and the presidents who have served in it and features a spread about the nation s 45th president Donald Trump

Follow the early lives and political careers of the US presidents and see how they came into office with full color photographs of campaign memorabilia family portraits handwritten letters mementos and more Discover how Abraham Lincoln saved the Union why teddy bears are named after Theodore Roosevelt and how Thomas Jefferson doubled the size of the nation with the Louisiana Purchase Flip to the reference section in Eyewitness Presidents to learn even more fun facts Read iconic speeches including Ronald Reagan's Evil Empire speech John F Kennedy's inaugural address Lincoln's Gettysburg Address and Washington's farewell address Learn about presidential libraries and homes national parks Mount Rushmore and Washington D C Eyewitness Presidents looks at key players political events and historic moments throughout each president's term Learn how each commander in chief led the United States through war political turmoil and times of peace with full page spreads and easy to understand information about America's history Each revised Eyewitness book retains the stunning artwork and photography from the groundbreaking original series but the text has been reduced and reworked to speak more clearly to younger readers Still on every colorful page vibrant annotated photographs and the integrated text and pictures approach that makes Eyewitness a perennial favorite of parents teachers and school age kids

### **The American Century**

Robert D. Johnston, Walter LaFeber, Richard Polenberg, Nancy Woloch, 2024-10-18 The new edition of this classic text on modern U S history seamlessly blends political social cultural intellectual and economic themes into an authoritative and readable account of America's national story since the 1890s Written by four highly respected scholars this book has been fully updated with new coverage of the Trump and Biden presidencies the culture wars deep political polarization and the crisis of democracy The text's most distinctive quality is its close attention to both history within the United States and the relationships the country has forged with the rest of the world The eighth edition remains engaging and approachable while continuing to include the most recent scholarship Each chapter contains a special feature section devoted to cultural topics including the arts and architecture sports and recreation technology and education Web links to additional online resources accompany each feature offering complementary learning opportunities to students While carefully attending to the complexity of history The American Century traces the long roots of some of the most pressing current issues in the United States and continues to be a compelling resource for students of recent American history

### Anything for a Vote Joseph Cummins, 2012-01-17

An updated and illustrated compendium of mudslinging character assassinations and below board election strategies from U S presidential politics throughout history Discover the dirty tricks of the covert and the sleazy in this giftable volume for American history buffs New York Times Magazine Covering 225 plus years of smear campaigns slanderous candidates and bad behavior in American elections this comprehensive history is the authoritative tour of political shade throwing from George Washington to Barack Obama You might think today's politicians play rough but history reveals that dirty tricks are as American as apple pie Let the name calling begin 1836 Congressman Davy Crockett accuses candidate Martin Van Buren of secretly wearing women's clothing He is laced up in corsets 1864 Candidate George McClellan

describes his opponent Abraham Lincoln as nothing more than a well meaning baboon 1960 Former president Harry Truman advises voters that if you vote for Richard Nixon you ought to go to hell Full of sleazy and shameless anecdotes from every presidential election in United States history Anything for a Vote is a valuable reminder that history does repeat itself lessons can be learned from the past but usually aren't and our most famous presidents are not above reproach when it comes to the dirtiest game of all political campaigning

**The New Yale Book of Quotations** Fred R. Shapiro, 2021-08-31 A revised enlarged and updated edition of this authoritative and entertaining reference book named the 2 essential home library reference book by the Wall Street Journal Shapiro does original research earning this volume a place on the quotation shelf next to Bartlett's and Oxford's William Safire New York Times Magazine on the original edition A quotations book with footnotes that are as fascinating to read as the quotes themselves Arthur Spiegelman Washington Post Book World on the original edition Updated to include more than a thousand new quotations this reader friendly volume contains over twelve thousand famous quotations arranged alphabetically by author and sourced from literature history popular culture sports digital culture science politics law the social sciences and all other aspects of human activity Contemporaries added to this edition include Beyoncé Sandra Cisneros James Comey Drake Louise Glück LeBron James Brett Kavanaugh Lady Gaga Lin Manuel Miranda Barack Obama John Oliver Nancy Pelosi Vladimir Putin Bernie Sanders Donald Trump and David Foster Wallace The volume also reflects path breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution It has also incorporated noncontemporary quotations that have become relevant to the present day In addition The New Yale Book of Quotations reveals the striking fact that women originated many familiar quotations yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead This book's quotations annotations extensive cross references and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages
