Reliving the event

Avoiding similar situations

Increasing negative feelings

Feeling keyed up (or hyperarousal)

03

### LIFE AFTER REHAB

#### Challenges of Remaining Sober

Many of the challenges of remaining sober and returning to life after rehab stem from the triggers that led to drinking alcohol or drug use. These triggers can be anything, such as walking past the neighborhood bar on the way home from work or hanging out with old friends who use drugs. Triggers can be anywhere, from at work, at home, and everywhere in between.

#### DID YOU KNOW?

Using public transportation

Open spaces, such as parking lots or bridges

04

### REENTRY AFTER PRISON

#### Support to Prevent Recidivism

Reentering society after a prison sentence is one of the most challenging things to do and there are many theories as to why. Some believe that there isn't enough support offered to prisoners and to those just released, such as counseling, education, and help with substance abuse problems.

#### DID YOU KNOW?

Though the data is tough to track, the United States accounts for roughly 4.4% of the world's population and part of the Second Chance Act of 2008, the National Reentry Resource Center (NORC) funds reentry aid for ex-cons about 22% of the global prison population, as of 2014 and 2011 respectively.

#### Reentry into Life: Elements of Successful Programs

Reentering society after the military, agoraphobia, substance abuse, prison, or any other disorder or event can be a stressful and challenging time, both for the individual and their families and friends. However, there are ways that can help ease this transition, such as:

**Resources in Education** ,1990 With Intent to Maim; An Autobiographical Narrative Kalman Dubov,2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch Chabad community in Brooklyn New York I discuss the effects this physical emotional and psychological abuse had on my development and life which resulted in my leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as mosur a term of revilement Such a person regardless of the crime s committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a mosur informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of

my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights
