Reflections For The Effective Capital Campaigner:

Reflections for the Effective Capital Campaigner Jim Norvell, 2001 The capital campaign is a statement of will but it had better be a statement of potential A successful campaign has far greater ramifications than the organization's leadership ever foresees The successful campaign creates a new organization not just a bigger one an organization that recognizes its past only as a developmental phase of what is to become The bar is raised but the confidence level jumps even while being pressed to keep pace with ever escalating expectations Capital campaigns are for achievers not the mere hopeful With those words as a sendoff Norvell proceeds to lay out some basic insights about how organizations behave in a capital campaign and how to get them to operate better His sage observations are linked with insightful and sometimes witty quotations from the famous and nearly so

Other People's Money John Kay, 2015-09-22 The finance sector of Western economies is too large and attracts too many of the smartest college graduates Financialization over the past three decades has created a structure that lacks resilience and supports absurd volumes of trading The finance sector devotes too little attention to the search for new investment opportunities and the stewardship of existing ones and far too much to secondary market dealing in existing assets Regulation has contributed more to the problems than the solutions Why What is finance for John Kay with wide practical and academic experience in the world of finance understands the operation of the financial sector better than most He believes in good banks and effective asset managers but good banks and effective asset managers are not what he sees In a dazzling and revelatory tour of the financial world as it has emerged from the wreckage of the 2008 crisis Kay does not flinch in his criticism we do need some of the things that Citigroup and Goldman Sachs do but we do not need Citigroup and Goldman to do them And many of the things done by Citigroup and Goldman do not need to be done at all The finance sector needs to be reminded of its primary purpose to manage other people's money for the benefit of businesses and households It is an aberration when the some of the finest mathematical and scientific minds are tasked with devising algorithms for the sole purpose of exploiting the weakness of other algorithms for computerized trading in securities To travel further down that road leads to ruin A Financial Times Book of the Year 2015 An Economist Best Book of the Year 2015 A Bloomberg Best

Modernity Britain David Kynaston, 2014-09-11 Following *Austerity Britain* and *Family Britain* the third volume in David Kynaston's landmark social history of post war Britain *Triumphant A* historian of peerless sensitivity and curiosity about the lives of individuals *Financial Times* This superb history captures the birth pangs of modern Britain It is a part of Kynaston's huge achievement that such moments of insight and pleasure should accompany what has become a monumental history of our recent past *The Times* _____ David Kynaston's history of post war Britain has so far taken us from the radically reforming Labour governments of the late 1940s in *Austerity Britain* and through the growing prosperity of *Family Britain*'s more placid 1950s Now *Modernity Britain* 1957-62 sees the coming of a new *Zeitgeist* as Kynaston gets up close to a turbulent era in which the speed of social change accelerated The late 1950s to early 1960s was an action packed often dramatic time in which the contours of modern Britain began to take shape These were the never had it so good years when the *Carry On* film series got going and films like *Room at the Top* and the first soaps like *Coronation Street* and *Z Cars* brought the working class to the centre of the national frame when *CND* galvanised the progressive middle class when youth emerged as a cultural force when the *Notting Hill* riots made race and immigration an inescapable reality and when meritocracy became the buzz word of the day In this period the traditional norms of morality were perceived as under serious threat *Lady Chatterley's Lover* freely on sale after the famous case and traditional working class culture was changing wakes weeks in decline the end of the maximum wage for footballers The greatest change though concerned urban redevelopment city centres were being yanked into the age of the motor car slum clearance was intensified and the skyline became studded with brutalist high rise blocks Some of this transformation was necessary but too much would destroy communities and leave a harsh fateful legacy This profoundly important story of the transformation of Britain as it arrived at the brink of a new world is brilliantly told through diaries letters newspapers and a rich haul of other sources and published in one magnificent paperback volume for the first time *John O'London's Weekly*, 1921
