

About the master spy whose code name was Cupcake, little is known that can be told. He worked for an altogether inconvenient little republic which ceased to exist a good time ago. The regular, encoded radio transmissions, copies of which were eventually recovered by sources in his native country, have only recently been deciphered, the eleven-phase transposition technique he employed for enciphering his messages having been guessed at earlier but rejected as being too archaic. Cupcake must have employed <sup>or</sup> some other form of communication with the many agents he mentions in these dispatches; but only those report to his control, through the control to a director named Lyrebird, briefly to one Grusha, or, strangely enough, to the agent Image about whom nothing is known, have been preserved. All of these had been intercepted by Lyrebird. They are here reprinted in deciphered, but raw, form.

**Reflections on Espionage** John Hollander, 1974      **Reflections on Espionage** John Hollander, 1976      **Reading Espionage Fiction** Martin Griffin, 2024-05-31 Reading Espionage Fiction Narrative Conflict and Commitment from World War I to the Contemporary Era probes the ways in which the struggles and loyalties of political modernity have been portrayed in the espionage story over the course of the twentieth and twenty first centuries Reading works by authors such as Somerset Maugham Helen MacInnes John le Carre Sam E Greenlee and Gerald Seymour as popular literature deserving of sustained attention this book shows how these narratives have both created a modern genre and at the same time sought an escape from its limitations Martin Griffin takes up the importance of plot and character and argues that in this branch of fiction the personal has always and ever been political      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978      *James Merrill* Langdon Hammer, 2015-04-14 Langdon Hammer has given us the first biography of the poet James Merrill 1926-95 whose life is surely one of the most fascinating in American literature Merrill was born to high privilege and high expectations as the son of Charles Merrill the charismatic cofounder of the brokerage firm Merrill Lynch and Hellen Ingram a muse ally and antagonist throughout her son's life Wounded by his parents bitter divorce he was the child of a broken home looking for repair in poetry and love This is the story of a young man escaping yet also reenacting the energies and obsessions of those powerful parents It is the story of a gay man inventing his identity against the grain of American society during the eras of the closet gay liberation and AIDS Above all it is the story of a brilliantly gifted fiercely dedicated poet working every day to turn his life into art After college at Amherst and a period of adventure in Europe Merrill returned to the New York art world of the 1950s he was friendly with W H Auden Maya Deren Truman Capote Larry Rivers Elizabeth Bishop and other midcentury luminaries and began publishing poems plays and novels In 1953 he fell in love with an aspiring writer David Jackson They explored boys and bars as they made their life together in Connecticut and later in Greece and Key West At the same time improbably they carried on a forty year conversation with spirits of the Other World by means of a Ouija board The board became a source of poetic inspiration for Merrill culminating in his prizewinning uncanny one of a kind work *The Changing Light at Sandover* In his virtuosic poetry and in the candid letters and diaries that enrich every page of this deliciously readable life Merrill created a prismatic art of multiple perspectives and comic self knowledge expressing hope for a world threatened by nuclear war and environmental catastrophe Holding this life and art together in a complex evolving whole Hammer illuminates Merrill's chronicles of love loss and the poignant personal journey they record      **Contemporary American Poetry** Lloyd M. Bozorth, 2001 The first full length consideration of Auden as a homosexual poet this volume shows that Auden's career was tied to a process of gay self interrogation unparalleled in modern poetry and argues that he was driven by a powerful yearning to comprehend the psychological political and ethical implications of same sex desire Auden's theories about poetry in the 1930s and after reflected an intense concern with how to write publicly as a homosexual poet That struggle was made manifest in his love poetry which Bozorth argues constitutes a kind of erotic autobiography exploring the distinct challenges of homosexual love Bozorth's approach is manifold examining the poet's engagements with avant garde poetics gay subculture psychoanalysis leftist politics and theology This book proposes that from his early fascination with secret agent and trickster figures to his later theories of poetry as an I Thou relation Auden viewed poetry as a fictional but primal erotic encounter with the reader **Let the Wind Speak** Carol Shloss, 2023-02-21 Carol Loeb Shloss creates a compelling portrait of a complex relationship of a daughter and her literary giant father Ezra Pound and Mary de Rachewiltz Pound's child by his long time mistress the violinist Olga Rudge Brought into the world in secret and hidden in the Italian Alps at birth Mary was raised by German peasant farmers had Italian identity papers a German speaking upbringing Austrian loyalties common to the area and perforce a fascist education For years de Rachewiltz had no idea that Pound and Rudge the benefactors who would sporadically appear were her father and mother Gradually the truth of her parentage was revealed and with it the knowledge that Dorothy Shakespear and not Olga was Pound's actual wife Dorothy in turn kept her own secrets while Pound signed the birth certificate of her son Omar and claimed legal paternity he was not the boy's biological father Two lies established at the birth of these children created a dynamic antagonism that lasted for generations Pound maneuvered through it until he was arrested for treason after World War II and shipped back from Italy to the United States where he was institutionalized rather than imprisoned As an adult de Rachewiltz took on the task of claiming a contested heritage and securing her father's literary legacy in the face of a legal system that failed to recognize her legitimacy Born on different continents separated by nationality related by natural birth and torn apart by conflict between Italy and America Mary and Ezra Pound found a way to live out their deep and abiding love for one another Let the Wind Speak is both a history of modern writers who were forced to negotiate allegiances to one another and to their adopted countries in a time of mortal conflict and the story of Mary de Rachewiltz's navigation through issues of personal identity amid the shifting politics

William J. Maxwell,2015-01-04 How FBI surveillance influenced African American writing Few institutions seem more opposed than African American literature and J Edgar Hoover s white bread Federal Bureau of Investigation But behind the scenes the FBI s hostility to black protest was energized by fear of and respect for black writing Drawing on nearly 14 000 pages of newly released FBI files F B Eyes exposes the Bureau s intimate policing of five decades of African American poems plays essays and novels Starting in 1919 year one of Harlem s renaissance and Hoover s career at the Bureau secretive FBI ghostreaders monitored the latest developments in African American letters By the time of Hoover s death in 1972 these ghostreaders knew enough to simulate a sinister black literature of their own The official aim behind the Bureau s close reading was to anticipate political unrest Yet as William J Maxwell reveals FBI surveillance came to influence the creation and public reception of African American literature in the heart of the twentieth century Taking his title from Richard Wright s poem The FB Eye Blues Maxwell details how the FBI threatened the international travels of African American writers and prepared to jail dozens of them in times of national emergency All the same he shows that the Bureau s paranoid style could prompt insightful criticism from Hoover s ghostreaders and creative replies from their literary targets For authors such as Claude McKay James Baldwin and Sonia Sanchez the suspicion that government spy critics tracked their every word inspired rewarding stylistic experiments as well as disabling self censorship Illuminating both the serious harms of state surveillance and the ways in which imaginative writing can withstand and exploit it F B Eyes is a groundbreaking account of a long hidden dimension of African American literature     *Scholar's Guide to Intelligence Literature* Georgetown University.
