In the newly revised second edition of *A Companion to Latin American Literature and Culture*, Sara Castro-Klaren delivers an eclectic and revealing set of discussions on Latin American culture and literature by scholars at the cutting edge of their respective fields. The included essays, whether they are written from the perspective of historiography, affect theory, decolonial approaches, or human rights, introduce readers to topics like gaucho literature, postcolonial writing in the Andes, and baroque art, while pointing to future work on the issues raised. This work engages with anthropology, history, individual memory, testimonio, and environmental studies. It also explores a thorough introduction to topics of coloniality, including the mapping of the pre-Columbian Americas and colonial religiosity. Comprehensive explorations of the emergence of national communities in New Imperial coordinates, including discussions of the Muisca and Mayan cultures. Practical discussions of global and local perspectives in Latin American literature, including explorations of Latin American photography and cultural modalities and cross-cultural connections. In-depth examinations of uncharted topics in Latin American literature and culture, including discussions of femicide and feminist performances and eco-perspectives. Perfect for students in undergraduate and graduate courses tackling Latin American literature and culture topics. *A Companion to Latin American Literature and Culture*, Second Edition, will also earn a place in the libraries of members of the general public and PhD students interested in Latin American literature and culture.      **Reading the Body Politic** Amy K. Kaminsky, 1993      **Ghostly Matters** Avery F. Gordon, 2008-02-29 Avery Gordon's stunningly original and provocatively imaginative book explores the connections linking horror, history, and haunting. George Lipsitz: "The text is of great value to anyone working on issues pertaining to the fantastic and the uncanny." *American Studies International*. *Ghostly Matters* immediately establishes Avery Gordon as a leader among her generation of social and cultural theorists in all fields. The sheer beauty of her language enhances an intellectual brilliance so daunting that some readers will mark the day they first read this book. One must go back many more years than most of us can remember to find a more important book. Charles Lemert: "Drawing on a range of sources, including the fiction of Toni Morrison and Luisa Valenzuela, *He Who Searches* Avery

Gordon demonstrates that past or haunting social forces control present life in different and more complicated ways than most social analysts presume. Written with a power to match its subject, *Ghostly Matters* has advanced the way we look at the complex intersections of race, gender, and class as they traverse our lives in sharp relief and shadowy manifestations. Avery F. Gordon is professor of sociology at the University of California, Santa Barbara; Janice Radway is professor of literature at Duke University.

**Latin American Women Writers: An Encyclopedia** María Claudia André, Eva Paulino Bueno, 2014-01-09. *Latin American Women Writers: An Encyclopedia* presents the lives and critical works of over 170 women writers in Latin America between the sixteenth and twentieth centuries. Focusing on drama, poetry, and fiction, this work includes authors who have published at least three literary texts that have had a significant impact on Latin American literature and culture. Each entry is followed by extensive bibliographic references including primary and secondary sources. Coverage consists of critical appreciation and analysis of the writers' works. Brief biographical data is included, but the main focus is on the meanings and contexts of the works as well as their cultural and political impact. In addition to author entries, other themes are explored, such as humor in contemporary Latin American fiction, lesbian literature in Latin America, magic realism, or mother images in Latin American literature. The aim is to provide a unique, thorough scholarly survey of women writers and their works in Latin America. *The Generation of '72* Brantley Nicholson, Sophia A. McClennen, 2014-03-21. Caught between the well-worn grooves of the Boom and the Gen X have left on the Latin American literary canon, the writing intellectuals that comprise what the Generation of 72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them. In sociopolitical terms, they neither fed into the Cold War-inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write. This book seeks to approach the Generation of 72 from the perspective of cosmopolitanism and global citizenship, a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave.
