John Cage's Theatre Pieces William Fetterman, 2012-10-12 The experimental composer John Cage 1912 1992 is best known for his works in percussion prepared piano and electronic music but he is also acknowledged to be one of the most significant figures in 20th century theatre In Cage's work in theatre composition there is a blurring of the distinctions between music dance literature art and everyday life Here William Fetterman examines the majority of those compositions by Cage which are aural as well as visual in content beginning with his first work in this genre in 1952 and continuing through 1992 Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor as well as author's interviews with Cage and with individuals closely associated with his work including David Tudor Merce Cunningham Bonnie Bird Mary Caroline Richards and Ellsworth Snyder

Third Place Learning Glyn M. Rimmington, Mara Alagic, 2008-06-01 The hybridity and dynamism of today's interconnected interdependent and culturally diverse world poses challenges and opportunities for learning and communication This book introduces an approach to facilitate global learning opportunities while facing these challenges The approach is based on the cage painting metaphor for dialogic co construction of meaning and understanding of multiple perspectives Resolving disorienting dilemmas or preconceptions requires a dialectic flow of thinking since the root of the problem may lay deep in person's beliefs and values Such experiences might be transformative in their nature causing change in person's perspective better understanding the culture of themselves and other people reflective and mindful inquiry into one's worldview the third place processes Misunderstandings are more prevalent when using technology global reach between people from distant locations different cultures To prepare people for these challenges we offer a Web 2.0 based instructional design blueprint Dependent on the context and content of the planned activities the cage painting and global learning processes may be facilitated simultaneously or sequentially The approach presented in this book has attracted interest of educators in different disciplines as well as human resources leaders concerned with key characteristics of today's global business workers intercultural global communication and collaboration The ideas emerged from six years of studying ways in which we and our colleagues from 25 other countries integrated global learning into classrooms in a range of discipline areas In this book we explore the competences needed to communicate interculturally and avoid the effects of preconceptions on our communication and collaboration We review metaphors commonly used in intercultural communication and then introduce a new metaphor called Cage Painting The process of Cage Painting requires certain conditions during intercultural communication whether it is face to face or via global reach using technology The transformative processes that we undergo as we confront cultural disorienting dilemmas smiling being a simple example of one are named the Third Place

The Roaring Silence: John Cage: A Life David Revill,2012-02-07 Composer John Cage is often described as the most influential musician of the last half century He has defined and continues to define our whole concept of avant garde not just in music but increasingly as writer and visual artist The Roaring Silence is the first full length biography of Cage It documents his life in unrivalled detail interweaving a close account of the evolution of his work with an exploration of his aesthetic political and philosophical ideas David Revil maintains that Cage s extraordinary productivity and versatility are best understood in the light of his inner development His life work and ideas have clarified refined and reinforced one another and thereby Cage has made himself what he is While never assuming specialist knowledge this book discusses all of Cage s works in depth and sets them in the context of his compositional theoretical and personal development Also included are the most comprehensive worklist discography and bibliography available to date as well as many previously unpublished photographs The author draws judiciously on extensive library and archive material and on exclusive interviews and conversations with Cage and many of his friends and associates The result is a true to life and true to form appreciation of a genuine original of interest not only to the serious researcher and the musician but to everyone interested in the cultural influences that have shaped and are shaping 20th century thought Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list

that we cannot infer necessity or obligation from any description of actual states of affairs His philosophical heirs continue to argue that nothing outside ourselves constrains us The Cage maintains contrary to Humean tradition that reality is a set of nested contexts each distinguished by intrinsic norms Author David Weissman offers an innovative exploration of these norms intrinsic to human life including practical affairs morals aesthetics and culture In this critical examination of character formation and the conditions for freedom Weissman suggests that eliminating context because of regarding it as an impediment to freedom impoverishes character and reduces freedom He concludes that positive freedom the freedom to choose and to act has no leverage apart from the contexts where character forms and circumstances provide opportunities to express one's thoughts tastes or talents

Sarno, 2006 Fiction There comes a time in the lives of people of a certain disposition when following any path other than that of an artist seems unthinkable They read books with titles like *A Portrait of the Artist as a Young Man* and see something of themselves in their pages They begin painting or writing poetry They throw themselves into such a life with passion and fury that seems reserved for such an age and then usually they stop They grow up leaving that life behind them And yet books wherein the protagonist overcomes all obstacles to become an artist books where in the final pages one learns that the young man or woman picks up

a pen and begins to write that very book books with titles like A Portrait of the Artist as a Young Man continues to be written
