Reflections of a Common Man Scott Eagan, The Philosophical Reflection of Man in Literature Anna-Teresa Tymieniecka, 2012-12-06 **Soren Kierkegaard and the Common Man** Jorgen Bukdahl, 2009-03-10 Originally published in 1961 this study challenges the stereotype of Kierkegaard as being socially aloof and politically conservative Bukdahl does a thorough job of contextualizing Kierkegaard in nineteenth century Denmark shedding light on his relationships with his family various religious groups and the leading intellectual figures of his time At the same time Kierkegaards fundamental interest in the plight of the common man is revealed both from his writings and his social encounters In addition to crafting a fine translation Bruce Kirmmse has expanded the usefulness of Bukdahl s work by including a significant biographical introduction informative notes identifying events and figures referenced in the text and a guide pointing readers to English translations of all of Kierkegaard s writings **The Lives and Characters of the Most Eminent Writers of the Scots Nation;** George Mackenzie, 1711 *Introduction to Ethical Literary Criticism* Nie Zhenzhao, 2023-09-15 The title is a thorough introduction to ethical literary criticism a critical methodology designed to interpret literature from the perspective of ethics including a whole set of concepts theories and working mechanisms Drawing on ideas from both Western ethical criticism and the Chinese tradition of moral criticism ethical literary criticism contrasts with the former in its occasional lack of a theoretical foundation and applicable methodologies and the latter that tends to make subjective moral judgments Its most ground breaking argument is that while natural selection answers how humans are different from animals physically ethical selection endows human beings with reason and ethical consciousness The ethical nature and edifying function of literature is therefore asserted seeking to unfold in the literary text the ethical choices of human beings as a way to complete ethical selection in society within historical context The arguments and theoretical toolbox inject a unique ethical dimension into literary criticism and help understand anew the ethical and social potency of literature The theoretical elucidation exemplary textual analyses and a supplement of key terminologies and ancillary materials make this book an essential guide for students and general readers interested in ethical literary criticism and scholars of literary criticism ethical criticism and literary theory **A Selective Guide to Chinese Literature, 1900-1949** Nils Göran David Malmqvist, European Science Foundation, 1988 Selective Guide to Chinese Literature 1900-1949, Volume 3 Poem Haft, 2023-07-24 **The Monthly Magazine** , 1826 Power and Image in Early Modern Europe Jessica Goethals, Valerie McGuire, 2009-05-27 Are images and spectacles fundamental mediators of power relationships in the West This book draws upon the language of cultural studies to investigate a contemporary hypothesis in the shifting ideological landscape of early modern Europe Apparently aesthetic choices by artists may also have been the means to consolidate and subvert institutionalized or non institutionalized bodies of power Meanwhile communities in Europe reacted to the intrinsic power of the image in literature and letters commenting upon both its use and abuse Both diachronic and geographic connections are made among disparate but important moments

of image making in the twelfth through seventeenth centuries The influence of Descartes is traced from La Rochefoucauld and the communal spectacles of the Ancien Régime salon to the Netherlands and Rembrandt's sketch *Death of the Virgin* Shakespeare bears similar anxieties about Joan of Arc's transgression of gender boundaries in *Henry VI* as does Castiglione's *Courtier* when serving the Renaissance Prince Spenser's dilemma about the non difference between fiction and history resolves itself in the same way as does the Byzantine rejection of iconoclasm Other articles in the collection examine anomie in Vatican frescoes by Giorgio Vasari corporeal decay and the supernatural as spectacle on the early modern English stage and affective self perception and subjectivity in the scoring of Italian opera not as just a conference volume but as an organic group of essays on early modernity The essays span an impressive number of cultures from Byzantium to England Italy and Spain to the Netherlands and theorize the image from a number of disciplinary vantage points Not surprisingly art history and theatre are well represented but so are music history and literary studies Most of the essays are short but sufficiently developed to allow for thoughtful arguments on the status of the visual in early modern culture on the stage on the page and as artistic and musical representation they do deliver fine close readings and leave me sufficiently intrigued to want to return to or familiarize myself with the original texts I come away from this collection encouraged about the state of graduate studies in Europe and North America Jane Tylus Professor of Italian and Comparative Literature and Vice Provost for Academic Affairs New York University The essays are interdisciplinary and touch upon many themes that lie outside my own field of specialization I was therefore surprised and pleased to find them not only original and instructive but also inviting and accessible to the non specialist Although they range far with respect to chronology and theoretical suppositions they are coherently united in their concern for the functioning of the image in the conservation revision or critique of socio political power in their respective cultural contexts I will mention three essays representing three different fields as striking examples of disparate images used to consolidate reconstruct or overthrow the dominant powers of their times Kathryn Falzareno's essay *Mother's Milk and Deborah's Sword* is a close reading of Shakespeare's portrayal of Joan of Arc in *Henry VI* It is a close analysis of the paradoxical status of Joan Saint of the French strumpet for the English Christian warrior maiden contrasting with Deborah in the Ancient Testament The dominant and totally unexpected image which brings together the contradictions embodied by Joan are the breasts the source of nurture in the figure of Mary but an encumbrance for the mythological amazons who removed one breast to facilitate their use of the bow Ljubica Ilic's *Echo and Narcissus* *Labyrinths of the Self* is an elegant reading of echo music the apparently impossible translation of the Ovidian story into music and opera Ovid's story represents the nymph Echo as the auditory equivalent of Narcissus reflection echoing sound as reflecting light Ovid's echo myth undoubtedly influenced opera by Jacopo Peri during the time of the Medici and then Monteverdi in the musical setting of *Orfeo* Finally Elissa Auerbach's *Taking Mary's Pulse* *Cartesianism and Modernity in Rembrandt's Death of the Virgin* is a brilliant commentary on the Dutch painter's rendering of an ancient theme the dormition of the Virgin but at

the center of the painting is the figure of a physician taking the pulse of her limp hand The intrusion of this scientific element in the ancient iconography of the event of Mary's death is the unmistakable sign of the wave of modernity that swept over the Netherlands with the popularity of Cartesian philosophy and science John Freccero Professor of Italian and Comp Lit NYU

Philip Larkin Stephen Cooper, 2004-10-10 Overturning many of the established perspectives on Larkin's poetry and prose Cooper's book presents new evidence from a range of previously unpublished sources and is the first full length critical work to analyse Larkin's early fiction as well as advancing new readings of *The Less Deceived* *The Whitsun Weddings* and *High Windows* Critics have tended to label Larkin's poetry as sexist racist and reactionary However this volume demonstrates that Larkin's artistic impulse throughout his career was to challenge orthodox models of social and sexual politics Focusing on the Brunette Coleman novellas and the unfinished novels a structural blueprint is identified as prefiguring the later poems commentary on sexual and social conduct Further unpublished material includes correspondence workbook drafts dream

records and a playscript depicting alternately hostility to wartime heroics revulsion from capitalism unease with traditional gender roles and an interest in psychoanalysis This study makes available to scholars paintings by Larkin's friend James Sutton which illuminate the writer's concern with social oppression especially the predicament of women in the 1940s This is a fresh and revealing study on Larkin's artistic subversion stylistic and thematic it reveals the underlying themes of Larkin's entire oeuvre National Union Catalog ,1973 **Redefining History** Chun-shu Chang, Shelley Hsueh-lun Chang,1998 An intimate examination of early Ch'ing China The World's Best Essays from the Earliest Period to the Present Time ,1900

Romanticism and Philosophy Sophie Laniel-Musitelli, Thomas Constantinesco, 2015-05-22 This volume brings together a wide range of scholars to offer new perspectives on the relationship between Romanticism and philosophy The entanglement of Romantic literature with philosophy is increasingly recognized just as Romanticism is increasingly viewed as European and Transatlantic yet few studies combine these coordinates and consider the philosophical significance of distinctly literary questions in British and American Romantic writings The essays in this book are concerned with literary writing as a form of thinking investigating the many ways in which Romantic literature across the Atlantic engages with European thought from 18th and 19th century philosophy to contemporary theory The contributors read Romantic texts both as critical responses to the major debates that have shaped the history of philosophy and as thought experiments in their own right This volume thus examines anew the poetic philosophy of Wordsworth Coleridge Blake Shelley and Clare also extending beyond poetry to consider other literary genres as philosophically significant such as Jane Austen's novels De Quincey's autofiction Edgar Allan Poe's tales or Emerson's essays Grounded in complementary theoretical backgrounds and reading practices the various contributions draw on an impressive array of writers and thinkers and challenge our understanding not only of Romanticism but also of what we have come to think of as literature and philosophy **The Book Monthly** James Milne, 1905
