

A woman with long dark hair, wearing a white sleeveless dress, is walking barefoot on a sandy beach. She is holding a black lantern in her right hand. The background shows a sunset or sunrise over the ocean with mountains in the distance. The sky is a mix of orange, yellow, and blue.

Blasco,2020-05-26 Throughout the twentieth century Spanish people have deployed conflicting sexual moralities in their struggle for political supremacy within the state The Spanish Gypsies or Gitanos who live at the very bottom of the Spanish socio economic scale have appropriated this concern with gender morality and in the process have reinvented themselves as the only honourable Spaniards Although the Gitano gender ideology has a distinctively Spanish flavour it revolves around a conceptualization of the female body that is radically different from that of other Spaniards The subtle exploration of these acts of cultural invention is one of the original features of this important new ethnography Another even more striking aspect of the work is the author s vision of the impermanent nature of the Gitano social order and the absence of any representation of community or society Unlike their non Gypsy neighbours Gitanos do not use concepts of tradition territory or social harmony as bases for their singularity Instead they focus on the evaluation of personal moral performances in the present In a cultural universe where all activities are markers of shared identity and where personhood is always sexed men and women continually enact the superiority of Gypsies over non Gypsies Through dress manner and the management of emotions or at wedding rituals where the virginity of young brides is put to the test the body works as the site of these processes **Frases**

ajenos y despreocupados de la verdadera vida cristiana pero que tienen el descaro de seguirse considerando católicos siendo que nosotros los católicos deberíamos de dar un testimonio real de lo que es la vida de un cristiano con cada una de nuestras palabras y acciones En este libro relaciono una serie de experiencias que me ha tocado en suerte vivir Todas ellas son perfectamente ciertas No me refiero tanto a lo acertado de mi conducta en ellas si no en cuanto a lo cierto de tales vivencias Solo espero que al leer este libro se interesen por estos temas tan intensamente como lo hice yo Y que al menos el hacerlo les reporte el mismo placer y satisfacción que yo he experimentado al escribirlo
