The First English Explorer Kit Mayers,2016-11-07 The first real explorer for the English was Anthony Jenkinson He sailed to Russia and set out into the unknown to discover an overland route right across Asia His detailed reports and his map were a revelation for the Tudors In 1557 Anthony Jenkinson was sent by the merchants of London to try to find an overland route right across Asia to Cathay and the riches of the Orient setting off a year before Queen Elizabeth I came to the throne His expedition to the east took place some twenty nine years earlier than the first English expedition to the west As well as surviving storms Jenkinson was faced with thieving illness and several attacks by bandits before eventually by sheer persistence reaching Bokhara which is now in Uzbekistan He had completed two thirds of the journey and had reached the Silk Road that led to Cambaluc Beijing before finding that he could go no further because the route ahead was closed by continuous wars In later expeditions he travelled to Persia where he nearly had his head cut off and he also went to Moscow where he managed some extremely tense negotiations with Tsar Ivan the Terrible on behalf of the Muscovy Company His reports back to the Company in London give us a great insight into what Russia was like at the time and Tartary and Persia This book is a lively and carefully researched study of Anthony Jenkinson Sir Ranulph Fiennes Bt OBE This important book fills an undoubted gap in the history of English travellers in the sixteenth century Professor David Loades FSA Emeritus Professor of History at the University of Wales The First English Explorer will appeal to fans of history particularly those with a strong interest in explorers and eastern travel

at our will It advocates that Society is a growth in time not syllogism in Logic and when the past is out through the door it comes in at the windows It guides to show precisely by what changes we can diminish misery and injustice in the world in which we actually live A real Human who owns Humanity would automatically reject the story of Adam and Eve Let us live what is provided with and regarding the growth of Human life both physically and psychologically let us leave the matter to Scientists and to socialists Socialist concern must be to lead a life peacefully ethically contently after attaining basic biological and social needs and this may contend as my message as an author to the readers in particular and humanity in general
