Reformed Dogmatics Prolegomena:

Reformed Dogmatics : Volume 1 Herman Bavinck, 2003-10-01 In partnership with the Dutch Reformed Translation Society Baker Academic is proud to offer the first volume of Herman Bavinck's complete Reformed Dogmatics in English for the very first time. Bavinck's approach throughout is meticulous. As he discusses the standard topics of dogmatic theology, he stands on the shoulders of giants such as Augustine, John Calvin, Francis Turretin, and Charles Hodge. This masterwork will appeal to scholars and students of theology, research and theological libraries, and pastors and laity who read serious works of Reformed theology.

Post-Reformation Reformed Dogmatics Richard A. Muller, 2003-08-01 Post-Reformation Reformed Dogmatics examines how specific doctrines of the sixteenth and seventeenth centuries developed and their influence in shaping what we recognize today as the Protestant church. Richard Muller has undertaken this historical study to explain the development of the doctrine of this important period of church history and its ongoing relevance for the church. These four volumes, two of which are available for the first time, examine theological preliminaries: Scripture as the foundation of theology, God's existence, attributes and nature, and the Trinity. Available individually or as a set, they comprise a significant contribution to scholarship and are essential reading for serious students of the Reformation.

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo-Calvinism critically advances Reformed orthodoxy for the sake of modern life. Birthed in the Netherlands at the turn to the twentieth century, initiated by Abraham Kuyper (1837-1920) and Herman Bavinck (1854-1921), it argued that a life before God entailed the leavening of faith over all human existence. While the movement originated in the Netherlands, the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts. This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition, with contributors that reflect its global reach. Its four sections chart the theological roots, important original figures, historical contours, and the contemporary influence of neo-Calvinism across a diversity of fields.

Reformational Theology Gordon J. Spykman, 1992 Following the Biblical story line of creation, fall, redemption, and consummation, Spykman's new paradigm systematic represents a notable revision of the traditional loci method. Spykman has reordered the basic Christian dogmas in a bold attempt to overcome the rationalist scholastic influences inherent in the older method.

Barth's Theology of Interpretation Donald Wood, 2016-04-08 Through his single-minded insistence on the priority of the Bible in the life of the church, Karl Barth (1886-1968) decisively shaped the course of twentieth-century Christian theology. Drawing on both familiar texts and recently published archival material, Barth's Theology of Interpretation sheds new light on Barth's account of just what it is that Scripture gives and requires. In tracing the movement of Barth's earlier thinking about scriptural reading, the book also raises important questions about the ways in which Barth can continue to influence contemporary discussions about the theological interpretation of Scripture.

Karl Barth's Critically

Realistic Dialectical Theology Bruce L. McCormack, 1997 McCormack is master of this voluminous material. He is scrupulously at home in the intricate dramatic background of Swiss socialist politics. The result is a masterly study often as compelling as its theme. George Steiner, *Times Literary Supplement*. This meticulous and definitive study supersedes most previous interpretations. Colin Gunton, *Theological Book Review*. It should quickly attain classic status. It is an exceptionally fine and erudite piece of work. The results of this painstaking attention to detail are truly ground breaking. This is a major intellectual achievement, an interpretative act of great courage, and Barth studies will never look the same. Graham Ward, *Expository Times*. This book is a new major intellectual biography of perhaps the most influential theologian of the twentieth century, Karl Barth. It offers the first full scale revision of the well known theologian Hans Urs Balthasar's seminal interpretation of Barth which was first published in 1951. Drawing on a wealth of material, much of it unpublished during Barth's lifetime as well as a thorough acquaintance with the best of recent German scholarship, Professor McCormack demonstrates that the fundamental decision which would control the whole of Barth's development, the turn to a new, critically realistic form of theological objectivism, was already made during the years in which Barth was at work on his first commentary on Romans. Professor McCormack further argues that the most significant subsequent decisions, both material and methodological, were made in Barth's *Gottingen Dogmatics* of 1924-5 and not later in the 1931 book on Anselm, as has often been alleged. Finally, he seeks to show that von Balthasar's description of a turn from dialectic to analogy, which provided the foundation for the neo-orthodox reading of Barth in the English speaking world, fails to take seriously enough the extent to which dialectic remained a constitutive feature of Barth's outlook in the Church Dogmatics. This unique and important work provides not simply a fresh interpretation of Barth's development but also a new paradigm for understanding the whole of Barth's theology.

Biblical Theology Jeong Koo Jeon, 2017-01-31 Dr Jeon's *Biblical Theology* is a timely must read for church leaders, seminarians, pastors, and missionaries in the Global Mission Field. It examines God's redemptive history in creation, fall, redemption, and consummation as revealed in the Old and New Testaments. Dr Jeon delves into the grand redemptive drama progressively demonstrated through the divine covenants as well as the manifestation of the eschatological Kingdom of God. This book provides not only a proper redemptive historical vision of the Bible from Genesis to Revelation but also key ideas for the formation of a solid biblical worldview. Dr Jeon demonstrates the intersection and union between biblical and systematic theology while exploring redemptive history. Dr Jeon also emphasizes that we currently live in the eschatological age inaugurated after Jesus Christ's death and resurrection as the Mediator of the New Covenant. This inaugurated eschatological Kingdom of God will be consummated after the Second Coming of Jesus. Meanwhile, the present age is occurring during the last days in which we live in the era of Global Missions by God's grace. The community of the New Covenant church should humbly respond by participating in evangelism and missions, demonstrating to the world that God's final judgment is coming.

Neo-Calvinism and the French Revolution James Eglinton, George Harinck, 2014-08-28 The

French Revolution was the scene of much intellectual and social upheaval Its impact touched a wide range of subjects the relationship of the church to the state social relationships science literature fashion philosophy and theology Although the French Revolution s momentum was felt across Europe and North America it met a particularly interesting response in the Netherlands at that time the scene of a burgeoning neo Calvinist movement In that context the likes of Groen van Prinsterer Abraham Kuyper and Herman Bavinck responded to the French Revolution s ideals and influence in a variety of intellectual and practical ways This book approaches that Dutch response from a range of historical and theological perspectives and in so doing explores the relationship between the French Revolution and the development of neo Calvinism Beginning with historical portraits of Bavinck and Kuyper in relation to the Revolution the perspectives offered also include amongst others the place of multilingualism in neo Calvinism and the Revolution neo Calvinist and Revolutionary approaches to fashion a dialogue between Kuyperian theology and Kieslowski s Three Colours trilogy and a contemporary neo Calvinist critique of French la cit This book forms part of a wider Project neo Calvinism supported by the Theologische Universiteit Kampen and the VU University Amsterdam

Trinity and Organism James Eglinton, 2012-03-29 An exploration of the Trinitarian theology of the Dutch Neo Calvinist theologian Herman Bavinck 1854-1921 via a new reading of his ever present organic motif

The German Roots of Nineteenth-Century American Theology Annette G. Aubert, 2013-07-30 By exploring the significant influence of German theology especially mediating theology on American religious thought this book sheds new and welcome light on nineteenth century American Reformed theology It is the first full scale examination of that influence on the Mercersburg theology of Emanuel V Gerhart and the Princeton theology of Charles Hodge Annette Aubert shows that in the development of their works Gerhart and Hodge took into account both the tradition of the church and the contemporary theological developments in Europe especially Germany Aubert masterfully incorporates the German sources of Schleiermacher Ullmann Tholuck Hagenbach Dorner Hengstenberg and other nineteenth century German scholars to show that the work of Gerhart and Hodge is much better appreciated when interpreted in a wide intellectual and religious context Aubert s organic and transatlantic approach offers a deeper understanding of the American Reformed theology of two influential thinkers and illuminates the extent of the cross fertilization between American and German thought

Faithful Reason Andrew T. Walker, 2024-05-15 Many evangelical Christians have faith in the Bible but struggle with confidence in its ethical principles Some believe that biblical morals are not as effective as secular ideologies in promoting human well being and societal progress Others feel that using the Bible as a basis for moral arguments lacks persuasive power in public discussions In *Faithful Reason* Natural Law Ethics for God's Glory and Our Good Andrew T Walker argues that developing a comprehensive Christian ethic is not simply a matter of appealing to biblical authority but also of understanding the way that God has ordered creation and our place within it In this work he provides a comprehensive and accessible introduction to natural law ethics from an evangelical perspective In the first section of *Faithful Reason* Walker develops a robust framework of natural law ethics guided by biblical and theological evidence In the second section this framework is applied to various contemporary ethical issues within dignity ethics embodied ethics personal ethics social ethics and political ethics Through a natural law framework readers are empowered to reason through the particulars of any situation and develop a godly ethical

response Theology and the Future Trevor Cairney, David Starling, 2014-07-31 Theology was once queen of the sciences the integrating centre of Christendom's conceptual universe In our own time the very idea of systematic theology is frequently called into question derided as an arcane and superstitious pseudo discipline Even within the church it is commonly disregarded in favour of unreflective piety and pragmatism At the same time the southward shift in world Christianity's centre of gravity prompts crucial questions about the future form and content of theology Within this context *Theology and the Future* offers a case for the continuing viability of theology exploring how it might adapt to changing circumstances and discussing its implications for how we are to imagine and help shape our shared human future Beginning with the question of God this book explores what might be meant by the future of God and what its implications are for Christian theology Chapters follow on the location of theology in global Christianity the church and the academy and on its sources and method The second half of the book explores a wide variety of dimensions of the human future that theology might address and illuminate The essays bring together a mix of specialist theologians and interdisciplinary thinkers to support the assertion that there can be no more critical endeavor to the future than understanding God and all things in relationship to him **"In the Beginning . . ."** Eduardo J. Echeverria, 2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope's theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II's thought He probes the philosophical foundations of the Pope's thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope's theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria's study of John Paul II's theology of the body helps us to make sense of how the pope's theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364 *First Corinthians, 2nd Ed.* Kim Riddlebarger, 2024-01-15 Kim Riddlebarger examines 1 Corinthians to the apostle Paul's instructions for living in a secular world filled with sexual immorality and idolatry *Reading the Bible Missionally* Goheen, 2016 Over the past half century it has become clear that mission is a central theme in the Bible's narrative and moreover is central to the very identity of the church This book significantly widens and deepens the emerging conversation on missional hermeneutics Essays from top biblical and missiological scholars discuss reading the Scriptures missionally using mission as a key interpretive lens Five introductory chapters probe various elements of a missional hermeneutic

followed by sections on the Old and New Testaments that include chapters on two books from each to illustrate what a missional reading of them looks like Essays in two concluding sections draw out the implications of a missional reading of Scripture for preaching and for theological education Publisher
