Quality Education @ a Distance G. Davies, Elizabeth Stacey, 2012-12-06 This book considers several aspects of providing quality education at a distance Quality of systems that support online learning quality support infrastructure quality of technical access and support materials distribution issues in each of these areas are considered Quality of teaching and learning experiences including a range of institutional projects using online

technologies and issues of quality provision as well as areas of current and needed research Measuring quality evaluation and assessment looks at recent research in working towards sustainable quality learning by considering quality evaluation as a collective process Administration and policy to support quality education a distance including institutional approaches to assuring quality and identification of differing perspectives for consideration Quality Education a Distance contains the papers presented at the working conference of Working Group 3 6 Distance Education of the International Federation for Information Processing IFIP Held in Geelong Australia in February 2003 the conference was organised in four parallel streams to consider the aspects grouped above sharing presentations and discussions about establishing quality online environments for distance education The QED conference attracted some of the key people in their fields both internationally and from within Australia In addition to the papers presented at the conference Quality Education a Distance contains an overview of each stream and a report of the discussions that took place in the stream groups The papers presented by three international keynote speakers are also included Emerging Trends In Inclusive Education K. Sharma And B.C. Mahapatra,2007 In Indian context Literacy Policies for Equity and Inclusion Gatcho, Al RYanne Gabonada,Titar-Improgo, Cecille Marie,Papadopoulos, Isaak,2025-02-26 Policies play a pivotal role in shaping literacy outcomes by setting educational standards allocating resources and defining instructional methodologies that influence how literacy is taught and assessed across different educational contexts However the dynamic nature of society necessitates the constant revisitation of these policies to adapt to evolving technological advancements cultural shifts and emerging pedagogical research Without such continual reassessment policies risk becoming outdated and ineffective in addressing contemporary literacy challenges Furthermore integrating the perspectives of various policy actors can lead to more comprehensive and effective literacy policies By embracing this inclusive approach to policy development and revision education systems can enhance their ability to support diverse learning needs and improve overall literacy skills for all students Literacy Policies for Equity and Inclusion investigates the growing debates and pressing issues surrounding the re creation implementation and evaluation of various literacy policies It explores the perspectives and experiences of different stakeholders regarding existing literacy policies effective policies for addressing or mitigating literacy disparities in different environments and how new or revised literacy policies can be effectively integrated into educational systems to produce tangible improvements Covering topics such as gender sensitivity discipline literacy and 19th century English literature this book is an excellent resource for educators school administrators policymakers social justice advocates professionals researchers scholars academicians and more

Opening Education Terry Evans,Daryl Nation,2013-04-15 We live in a society with ever changing needs and expectations Education practitioners and policy makers need therefore to face the challenges of new economic social and technological conditions in their work There is a global concern to develop forms of education and training which are open to the demands of needs of learners and which are accessible at times and places suitable to those learners Governments

institutions and practitioners are developing and implementing policies which reflect these trends The overall theme of this book is the relationship between government and organizational policies and the work of practitioners in open and distance learning The book does this by exploring a selection of international examples The authors many of them recognized experts write from a wide range of international and organizational perspectives Each one draws on significant experience within his or her field Terry Evans is Head of the Graduate School of Education at Deakin University He was the foundation director of the Master of Distance Education course there and has extensive experience teaching undergraduate and postgraduate students Daryl Nation is Deputy Head of the School of Humanities and Social Sciences at Monash University He is Associate Professor in the School and divides his time between policy development research and teaching

Issues in Web-Based Pedagogy Robert A. Cole, 2000-06-30 There has been an explosion of Web based courses in higher education Aiming at an interdisciplinary audience the contributors draw upon diverse philosophical and empirical backgrounds to make claims about Web based pedagogy Among the points they raise is the concern that education is more easily commodified through Internet technologies implying that traditional faculty roles in teaching and research are at risk Moreover current understandings of what it means to be a teacher or a student are undergoing redefinition as a result of these new distance learning technologies The contributors note that Web based pedagogy is associated with sound instruction when particular strategies are adopted As a corollary this form of teaching is least effective when attempts are made to directly translate traditional styles of teaching Political social and economic interests are competing to shape the direction that online education will take The authors argue that opportunities exist for administrators and faculty to define the terms under which Web based learning will occur in their institutions

The Death of Luigi Trastulli and Other Stories Alessandro Portelli, 2010-03-30 Portelli offers a new and challenging approach to oral history with an interdisciplinary and multicultural perspective Examining cultural conflict and communication between social groups and classes in industrial societies he identifies the way individuals strive to create memories in order to make sense of their lives and evaluates the impact of the fieldwork experience on the consciousness of the researcher By recovering the value of the story telling experience Portelli s work makes delightful reading for the specialist and non specialist alike

Interacting Factors For Social Development B.C. Mahapat, 2008 The terms social engineering is now coined first time in the state elections It gives a very big point to be thought over What is social engineering and why it is being needed As that of many of the big issues have been raised in today s life regarding social structure As we all know that Indian society is very complex society in all the means We have orthodoxal issues labour issues child and development issues gender equality
