

Refugees In International Politics

Birgit Schippers

Refugees In International Politics:

Refugees in International Politics Leon Gordenker, 2023-02-01 Originally published in 1987 *Refugees in International Politics* explores the nature of forced migration. It sets out systematically the factors that set refugees in motion and explains how and why a flexible network of organizations copes with the inescapable results of their presence. It suggests measures to reduce both the human suffering involved in forced migration and the disturbing effects of international relations.

Refugees in International Relations Alexander Betts, Gil Loescher, 2010-11-04 Refugees lie at the heart of world politics. The causes and consequences of and responses to human displacement are intertwined with many of the core concerns of International Relations. Yet scholars of International Relations have generally bypassed the study of refugees and Forced Migration Studies has generally bypassed insights from International Relations. This volume therefore represents an attempt to bridge the divide between these disciplines and to place refugees within the mainstream of International Relations. Drawing together the work and ideas of a combination of the world's leading and emerging International Relations scholars, the volume considers what ideas from International Relations can offer our understanding of the international politics of forced migration. The insights draw from across the theoretical spectrum of International Relations from realism to critical theory to feminism, covering issues including international cooperation, security and the international political economy. They engage with some of the most challenging political and practical questions in contemporary forced migration, including peacebuilding, post-conflict reconstruction and statebuilding. The result is a set of highly original chapters yielding not only new concepts of wider relevance to International Relations but also insights for academics, policy makers and practitioners working on forced migration in particular and humanitarianism in general.

Refugees in International Relations Alexander Betts, Gil Loescher, 2011 Drawing together the work and ideas of a combination of the world's leading and emerging International Relations scholars, *Refugees in International Relations* provides a comprehensive and challenging overview of the international politics of forced migration.

REFUGEE CRISIS IN INTERNATIONAL POLICY - VOLUME IV - Refugees and International Challenges Hasret ÇOMAK, Burak Şakir ŞEKER, Mehlika Özlem ULTAN, Yaprak CİVELEK, Çağla ARSLAN BOZKUŞ, 2021-05-19 The fourth volume in this series contains insightful analyses on a variety of international problems within the context of the refugee issue. Contributions in this volume are as follows: Ahmet Sapmaz *Refugees and Security*; Saadat Demirci *Refugees Migration and Security Threats*; Hsien Akdeniz *The Impact of Irregular Migration on Security in the Framework of Changing Security Context*; Mehmet Emin Erendor *Refugees and Terrorism*; Burak Şakir Şeker and Hasret Çomak *Mena Versus Europe: Arising Dimensions of Mediterranean Maritime Security*; Cem Özlü *The Impact of Food Insecurity on Migration and Conflict in the Horn of Africa*; Burak Şakir Şeker and Hasret Çomak *Migration by Sea: Libyan Case and EU Approach*; Neziha Musaoğlu *Demographic, Economic, Political and Legal Dimensions of the Russian Federation's Migration Policy*; Ainur Nogayeva *Central Asian Fighters and their Families in Syria: Refugees or Terrorists*; Murat Pinar and

Soyalp Tam elik Determining the Socio Economic and Security Impacts of Rohingya Refugees on Neighbouring Countries Bangladesh and India Ferdi G yetmez Immigration and Belonging Issue on the American Mexico Border Zekeriya Alperen Bedirhan The Deferred Action for Childhood Arrivals Daca Ak n Sa ro lu and lhan Aras The Issue of Immigration in the United States Elections A Look at Trump Era Saadet ali kan Ci er An Alternative Solution to Problems Arising in Refugee Crises Humanitarian Space and Humanitarian System Murat Koray Developing Effective Resilience Based Strategies for Refugees Tar k Demir Enclavity and Refugees and Sezin ba G rsoy Refugee and Climate Change

The Refugee in International Society Emma Haddad, 2008-03-20 With the unrelenting unrest in places such as Iraq Afghanistan and the Sudan the plight of refugees has become an increasingly discussed topic in international relations Why do we have refugees When did the refugee problem emerge How can the refugee ever be reconciled with an international system that rests on sovereignty Looking at three key periods the inter war period the Cold War and the present day Emma Haddad demonstrates how a specific image has defined the refugee since the international states system arose in its modern form and that refugees have thus been qualitatively the same over the course of history This historical and normative approach suggests new ways to understand refugees and to formulate responses to them By examining the issue from an international society perspective this book highlights how refugees are an inevitable if unanticipated result of erecting political borders

The UNHCR and World Politics Gil Loescher, 2001-05-25 Over fifty years ago governments established the Office of the United Nations High Commissioner for Refugees UNHCR to protect the world s refugees The UNHCR was created to be a human rights and advocacy organization But governments also created the agency to promote regional and international stability and to serve the interests of states Consequently the UNHCR has always trod a perilous path between its mandate to protect refugees and asylum seekers and the demands placed upon it by states to be a relevant actor in world politics This is the first independent history of the UNHCR Gil Loescher one of the world s leading experts on refugee affairs draws upon decades of personal experience and research to examine the origins and evolution of the UNHCR as well as to identify many of the major challenges facing the organization in the years ahead A key focus is to examine the extent to which the evolution of the UNHCR has been framed by the crucial events of international politics during the past half century and how in turn the actions of the eight past High Commissioners have helped shape the course of world history Each chapter tells the story of an individual High Commissioner and examines the unique contributions made to the development of the Office The history of the last fifty years shows how the UNHCR has initiated and capitalized on international political developments to progressively expand its scope and authority as an important actor in world politics The book argues that the UNHCR has overstretched itself in recent decades and has strayed from its central human rights protection role The protection of refugees remains a litmus test of the international community s commitment to defend human rights and to uphold liberal democratic values Loescher offers a series of bold policy recommendations aimed at making the agency a more effective and

accountable advocate for the millions of refugees in the world today The Oxford Handbook of Refugee and Forced Migration Studies Elena Fiddian-Qasmieh, Gil Loescher, Katy Long, Nando Sigona, 2014-06-12 Refugee and Forced Migration Studies has grown from being a concern of a relatively small number of scholars and policy researchers in the 1980s to a global field of interest with thousands of students worldwide studying displacement either from traditional disciplinary perspectives or as a core component of newer programmes across the Humanities and Social and Political Sciences Today the field encompasses both rigorous academic research which may or may not ultimately inform policy and practice as well as action research focused on advocating in favour of refugees needs and rights This authoritative Handbook critically evaluates the birth and development of Refugee and Forced Migration Studies and analyses the key contemporary and future challenges faced by academics and practitioners working with and for forcibly displaced populations around the world The 52 state of the art chapters written by leading academics practitioners and policymakers working in universities research centres think tanks NGOs and international organizations provide a comprehensive and cutting edge overview of the key intellectual political social and institutional challenges arising from mass displacement in the world today The chapters vividly illustrate the vibrant and engaging debates that characterize this rapidly expanding field of research and practice

The Politics of Refugee Policy in the Global South Ola G. El-Taliawi, 2024-06-15 Mass refugee movements represent a complex policy problem to host governments as they challenge existing socio economic and political structures While scholarship on refugee migration tends to centre on the Global North most refugees actually reside in the Global South where the capacity to provide assistance is limited Shifting the focus from sensationalist rhetoric about mass migration to the North The Politics of Refugee Policy in the Global South provides a comparative analysis of Lebanon s and Jordan s responses to the Syrian refugee movement one of the largest displacements in modern history Through extensive interviews and process tracing Ola El Taliawi uncovers the complex realities of refugee hosting and the hard choices governments make in light of this challenge Building on the concept of complexity El Taliawi employs a unique methodology and analytical approach painting a nuanced picture of asylum provision and identifying a spectrum of refugee hosting models More than ever we need a better understanding of the unique politics of refugee policymaking in the Global South This incisive book offers key insights for effective governance and reform of the global refugee regime The Routledge Handbook to Rethinking Ethics in International Relations Birgit Schippers, 2020-05-21 Discussing cutting edge debates in the field of international ethics this key volume builds on existing work in the normative study of international relations It responds to a substantial appetite for scholarship that challenges established approaches and examines new perspectives on international ethics and that appraises the ethical implications of problems occupying students and scholars of international relations in the twenty first century The contributions written by a team of international scholars provide authoritative surveys and interventions into the field of international ethics Focusing on new and emerging ethical challenges to international relations

and approaching existing challenges through the lens of new theoretical and methodological frameworks the book is structured around five themes New directions in international ethics Ethical actors and practices in international relations The ethics of climate change globalization and health Technology and ethics in international relations The ethics of global security Interdisciplinary in its scope this book will be an important resource for scholars and students in the fields of politics and international relations philosophy law and sociology and a useful reference for anyone who wishes to acquire ethical competence in the area of international relations

Afghanistan and International Relations William Maley, Ali Yawar Adili, Paul Lushenko, 2025-08-19 This book explores various dimensions of recent international relations scholarship taking the case of Afghanistan as a point of departure for discussion of these different themes Contributors investigate a broad range of topics including international relations theory the nature of global order othering discourses diplomacy international law the transformation of war terrorism gender politics social media state building democratisation refugee movements globalisation and historical lessons The Afghanistan case helps illuminate the complexities of all these areas of analysis and the book takes the analysis of Afghanistan in new directions Theoretically the authors interrogate the Afghanistan case's implications for international relations and vice versa by integrating multiple and complementary global or structural state or institutional and behavioural or leader centric lenses Conceptually the chapters bridge the gap between theory and practice thus reflecting the emergence of a problem oriented approach to international relations scholarship Methodologically the research design employed by the authors is best characterised as analytical eclecticism The majority of contributors originate from Afghanistan something which again makes this book notable and all three editors have extensive experience from time spent in Afghanistan Using the Afghan case to explicate the importance of the relevance of theory and its related concepts to international relations studies this book will be of interest to researchers in the field of international relations Asian and Middle East Studies

Deconstructing International Politics Michael Dillon, 2013-01-17 Michael Dillon is internationally regarded for his contributions by political philosophers international relations scholars and security studies experts as well as by philosophers more broadly It is difficult to overrate his importance to the development of critical deconstructive approaches not only in challenging traditional scholarship and addressing contemporary politics but in articulating new approaches and new thinking This book draws together some of his key works and is framed by an introduction written specially for the volume It is the first full length work to draw on the insights and techniques of deconstruction to analyse international relations Influenced primarily by Derrida it critiques the cornerstones of international relations such as modernity the state the subject security and ethics and justice This volume will provide an invaluable resource for teaching at undergraduate and postgraduate levels on traditional international relations courses and on the increasing number of specialised courses in critical approaches Well designed and structured it is accessible to the novice as well as challenging for the specialist

Forced Migration and Global Politics Alexander Betts, 2009-07-08 Using real world

examples and in depth case studies Forced Migration and Global Politics systematically applies International Relations theory to explore the international politics of forced migration Provides an accessible and thought provoking introduction to the main debates and concepts in international relations and examines their relevance for understanding forced migration Utilizes a wide range of real world examples and in depth case studies including the harmonization of EU asylum and immigration policy and the securitization of asylum since 9 11 Explores the relevance of cutting edge debates in international relations to forced migration

Rules for the World Michael Barnett, Martha Finnemore, 2012-04-15 Rules for the World provides an innovative perspective on the behavior of international organizations and their effects on global politics Arguing against the conventional wisdom that these bodies are little more than instruments of states Michael Barnett and Martha Finnemore begin with the fundamental insight that international organizations are bureaucracies that have authority to make rules and so exercise power At the same time Barnett and Finnemore maintain such bureaucracies can become obsessed with their own rules producing unresponsive inefficient and self defeating outcomes Authority thus gives international organizations autonomy and allows them to evolve and expand in ways unintended by their creators Barnett and Finnemore reinterpret three areas of activity that have prompted extensive policy debate the use of expertise by the IMF to expand its intrusion into national economies the redefinition of the category refugees and decision to repatriate by the United Nations High Commissioner for Refugees and the UN Secretariat's failure to recommend an intervention during the first weeks of the Rwandan genocide By providing theoretical foundations for treating these organizations as autonomous actors in their own right Rules for the World contributes greatly to our understanding of global politics and global governance

Refugees, Migration and Global Governance Elizabeth G. Ferris, Katharine M. Donato, 2019-07-05 As debates about migrants and refugees reverberate around the world this book offers an important first hand account of how migration is being approached at the highest levels of international governance Whereas refugees have long been protected by international law migrants have been treated differently with no international consensus definition and no one international migration system This all changed in September 2016 when the 193 members of the United Nations unanimously adopted the New York Declaration on Refugees and Migrants laying the groundwork for the creation of governance frameworks for migrants and refugees worldwide This book provides a fly on the wall analysis of the opportunities and challenges of the two new Global Compacts on Refugees and Migration as governments international NGOs multilateral institutions and other actors develop and negotiate them Looking beyond the compacts the book considers migration governance over time and asks the bigger questions of what the international community can do on the one hand to affirm and strengthen safe orderly and regular migration to help drive economic growth and prosperity whilst on the other hand responding to the problems caused by increasing numbers of refugees and irregular migrants This highly engaging and informative account will be of interest to policy makers academics and students concerned with global migration and refugee governance

Reconceiving

International Refugee Law James C. Hathaway, 2023-07-24 Violence and other human rights abuses continue to force desperate people to migrate in search of protection Yet because the political and economic reasons that induced an historical openness to the arrival of refugees have largely withered away there is no longer a guarantee that any state will be prepared to receive these involuntary migrants Governments of both North and South are withdrawing from the international legal duty to provide potentially indefinite protection to any and all refugees who arrive at their borders The challenge is to reconceive refugee protection in a way that is reconcilable with the legitimate concerns of modern states yet which does not sacrifice the critical right of at risk people to seek asylum The essays in *Reconceiving International Refugee Law* offer a response to the concerns of many states that refugee protection has become no more than a back door route to permanent immigration and that its costs are not fairly apportioned among states Drawing on the research of leading migration scholars from around the world and vetted through dialogue with senior officials and non governmental experts this volume explores the potential for a shift to a robust and empowering system of temporary asylum supported by a pragmatic system of guarantees to share both the costs and human responsibilities of refugee protection

World Order from the People's Perspective in the Middle East Shingo Hamanaka, Hiroyuki Aoyama, Yutaka Takaoka, 2024-11-13 The Arab Spring demonstrated the crucial importance of understanding the political awareness and behavior of the general public This book employs original survey data to examine the political attitudes perceptions of international relations and experiences and preferences related to cross border migration among ordinary people in the Middle East We have conducted a decade long study of Middle East public opinion utilizing two research concepts The first is the political cognitive map which constructs the international system i e the relations among major powers from public opinion data The second is the experience and preferences of cross border migration which enables us to analyze the problems of immigration refugees and terrorist infiltration Through these two research concepts we have attempted to understand the order and dynamics of the Middle East region This book opens new horizons for the study of Middle Eastern politics

Refugees Worldwide Doreen Elliott, Uma A. Segal, 2012-08-03 Utilizing international perspectives this unprecedented collection of essays from leading authorities on refugee studies spotlights the realities and challenges of the global refugee population With increasing changes in the socio political climate of the world as well as with the rising numbers of natural disasters people of all ethnicities and nationalities are frequently forced from their homes and their homelands While there is a substantial body of work that addresses refugee policies post traumatic stress disorder and other specific issues there have been few attempts to understand refugee health or comprehend overall refugee adaptation until now This is the first work to address refugee issues worldwide addressing the psychological health human rights political public policy law economic social and personal aspects of this universal problem *Refugees Worldwide* also includes examples of first person refugee stories from around the world eye opening information not available in any other work Drawing on the expertise of myriad international researchers

theoreticians and practitioners from representative nations around the world this four volume set effectively speaks to a number of refugee issues from a truly global perspective

Beyond Charity: International Cooperation and the Global Refugee Crisis Gil Loescher, 1996-08-08 With more than 18 million refugees worldwide the refugee problem has fostered an intense debate regarding what political changes are necessary in the international system to provide effective solutions in the 1990s and beyond In the past refugees have been perceived largely as a problem of international charity but as the end of the Cold War triggers new refugee movements across the globe governments are being forced to develop a more systematic approach to the refugee problem Beyond Charity provides the first extensive overview of the world refugee crisis today asserting that refugees raise not only humanitarian concerns but also issues of international peace and security Gil Loescher argues persuasively that a central challenge in the post Cold War era is to develop a comprehensive refugee policy that preserves the right of asylum while promoting greater political and diplomatic efforts to address the causes of flight He presents the contemporary crisis in a historical framework and explores the changing role of the Office of the United Nations High Commissioner for Refugees Loescher suggests short term and long term reforms that address both the current refugee crisis and its underlying causes The book also details the ways governmental structures and international organizations could be strengthened to assume more effective assistance protection and political mediation functions Beyond Charity helps frame the debate on the global refugee crisis and offers directions for more effective approaches to refugee problems at present and in the future

Refugees and the Asylum Dilemma in the West Gil Loescher, 2010-11-01

The United Nations in the World Political Economy David P. Forsythe, 1989-09-15 The United Nations is in a time of major crisis in the history of the organization The product of many leading scholars on both sides of the Atlantic this work examines whether out of the crisis of multilateralism engulfing the organization in the late 1980s there could arise a renewed and strengthened global body Pursuing the theme of the dynamics of international cooperation thirteen authors look at three principal issue areas the principal UN organs leading economic subjects and leading social subjects Two distinguished American scholars provide concluding commentaries Running throughout the book is an emphasis on the economic dimension to international politics

The Enthralling World of Kindle Books: A Comprehensive Guide Revealing the Advantages of Kindle Books: A World of Convenience and Versatility Kindle books, with their inherent portability and simplicity of access, have liberated readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in bookstores. Kindle devices, stylish and portable, effortlessly store an extensive library of books, allowing readers to immerse in their preferred reads whenever, anywhere. Refugees In International Politics Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Refugees In International Politics PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Refugees In International Politics PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Refugees In International Politics free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Refugees In International Politics Books

What is a Refugees In International Politics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Refugees In International Politics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Refugees In International Politics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Refugees In International Politics PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Refugees In International Politics PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
