Linda Graham,2013 While resilience is innate in the brain our capacity for it can be impaired by our conditioning Unhelpful patterns of response are learned over time and can become fixed in our neural circuitry What neuroscience now shows is that what previously seemed hardwired can be rewired **The Trauma of Sexual and Domestic Violence** Sharon Ellis

Davis,2022-07-26 Recovering from the trauma of sexual and domestic violence is a process that can lead you to find your own strength Shaped by a faith identity incongruent with her reality as a survivor of sexual and physical abuse Ellis Davis became intimately familiar with domestic violence and the church s reluctance to intervene Then using marriages as a touchstone for self discovery only led her into increasingly violent relationships Even while navigating the process to wholeness as a woman police officer Ellis Davis was not assured an expedient process through the courts nor protection from male police officers Determined to define her worth for herself Ellis Davis shares with liberating vulnerability decades of blessings and betrayals as she self actualized from being a victim of domestic violence and sexual traumas to becoming victoriously accomplished and deeply content This book provides hope for survivors pastoral wisdom for seminarians cultural sensitivity for service providers and is useful as a guide for faith based study groups **Sovereign Love** Dené Logan, MFT,2024-05-28 From

couples therapist Den Logan comes a new perspective on understanding our inner masculine and feminine energetics as the key to experiencing fulfillment in our partnerships Does something feel off about your intimate relationships If you haven t been able to pin down exactly what you aren t alone While attempting to connect the dots of her own experience to the patterns she observes within the relationships of her clients couples therapist Den Logan came to a vital understanding in the search for relational fulfillment the answer often lies in the inherent interplay of the masculine and feminine energy that everyone possesses Both masculine and feminine polarities are present in every person and relationship When we re out of touch with the energetics within ourselves and those around us it can create an internal struggle and sense of disharmony in our partnerships Understanding these dynamics is the key to ending the unspoken war of the sexes that plays out far too often in our relationships Logan says Thankfully we have the power to work with these polarities first within ourselves and then within our relationships In Sovereign Love Logan helps us understand how to integrate masculine and feminine energetics so we can move away from the codependent transactional views of what relationships should be toward an interdependent mutually balanced state where both partners are present self aware and strong in Self Here you ll discover What energetics you ve been operating from and why The polarities that are being created in your partnerships How to take personal responsibility for shifting your own energy to a more integrated place Logan shares revelations and techniques to support you in experiencing the wholehearted satiating kind of love that is rooted in self awareness and interdependence By unpacking the historical cultural and highly individual reasons why we love the way we do she explains we can understand our motivations and consciously choose to love in a way that serves our growth our values and our personal sovereignty
