River-Root / A Syzygy

A powerful narrative poem exploring the archetypal union of the sexual act. Situated on the Mississippi as a symbol of the American earth and the American mood, it narrates the ordeal of two lovers who, in the course of a single night, overcome the impulse that initially divides them, consummate their love in the extremes of physical passion, and arise at dawn refreshed, restored, at one with themselves and their world. Called by Albert Gelpi, Professor of American Literature at Stanford University, "the most sustained organic celebration in English, perhaps in all literature," this breath-taking poem was written during 1947 in the monastery where the author, as Brother Antonine, served for over eighteen years. Its publication in 1976 is fortuitous. As the poet states in his dedicatory note, "In preparing this poem for publication, its specifically American character became more keenly impressed upon me than I had earlier felt it. And I realized that in timing it during this thirty anniversary of our founding I was, in effect, offering it as a poet's gift to the Nation, and so dedicate it, as Whitman might have, to the Bicentennial of These States."

WILLIAM EVERSON was born in Sacramento, California, in 1912. He has written 16 volumes of poetry, including *The Residual Years*, *The Rose of Solitude* and *Man-Fate*. A conscientious objector in World War II, he entered the Dominican Order in 1942, became widely known for his readings on campuses from coast to coast, and returned to the world in 1969. He is an authority on Robinson Jeffers as well as a handsome pointer of distinction. Since 1971 he has been Poet in Residence at Santa Clara College, The University of California, Santa Cruz.
