A Long Road To Freedom Mary Mc Cartan, 2011-07-22 A Long Road to Freedom The Life of Patrick McCrystal An Irish Soldier's Cry for Peace By Mary Mc Cartan Most men returning from World War 2 never spoke about their experiences Still in their youth they simply closed the book on the past and started a new life The young Irish fellows returning especially to the North were forced to bury their history even further down and completely deny it for their own safety Patrick Mc Crystal was one of those men who arrived home alive with a story of horror But he locked that story inside for 53 years before being forced to tell it This is his story A first hand experience of a life time of war through the eyes of one Peace loving man who has seen the devastation of some of the most gruesome attacks on civilian populations in the 20th Century Patrick found himself in Malta in 1940 trapped in the most bombed place in world history After surviving that siege he ended up in the frontline as the Germans slaughtered British Troops on Leros As a POW Patrick helped bury the tens of thousands of German civilians killed in Dresden by Allied attacks On returning home to peaceful normality war found him again in 1969 Raising a family through the Northern Ireland Troubles was difficult and Patrick suffered the loss of his own daughter in the bombing of his hometown of Omagh in 1998 This is the survival story of a man who has seen the best and worst of human nature and truly understands the price of freedom

China's Belt and Road Initiative at Ten Robert Looney,2022-11-23 This volume assesses China's Belt and Road Initiative BRI as it approaches its tenth year in operation The programme has gone through a difficult transition since its inception in 2013 with an environment developing in a way utterly unanticipated by Chinese decision makers Despite pragmatic adjustments to the BRI the lack of a firm empirical base has impeded the BRI and led to its demise in many countries With the accumulation of nearly ten years of project and economic data it is possible to make an in depth assessment of the BRI For this purpose the study examines the infrastructure component of the BRI in 39 countries stretching from the Americas to Oceania and finally South Asia The study finds a strong relationship between a country's progress in improved governance and the quality of its infrastructure Countries that have benefited from the BRI have

simultaneously achieved progress in governance areas such as the rule of law and control of corruption By not emphasizing improved governance structures China condemns many of its partners to failure Researchers students and economic development specialists from Latin America to South Asia and Oceania will find this study a useful departure from the volumes of anecdotal BRI assessments *The Cumulative Book Index* ,1986 A world list of books in the English language
