**The Traditions of Invention** Alex Drace-Francis, 2013-07-15 Literary and cultural images once considered marginal to the main currents of political and institutional development in southeastern Europe have been accorded much greater importance by scholars in recent years In this volume Alex Drace Francis brings together over fifteen years of work on the topic of representations of Romania and Romanians Crossing the East West divide the book studies both external images of the country and people and domestically generated representations of Europe and the West It draws on material in a wide range of languages and offers a long term view providing a nuanced and historically grounded contribution to the lively debates over Balkanism Orientalism and identities in Romania and in Europe as a whole

**The Emergence of Humanitarian Intervention** Fabian Klose, 2016 A study of the emergence and development of humanitarian intervention from the nineteenth century through to the present day Drawing from a multitude of disciplines it investigates the complex and controversial debates over the legitimacy of protecting humanitarian norms and universal human rights by violent as well as non violent means

*Ana Pauker* Robert Levy, 2001-03-22 In her own day Ana Pauker was named The Most Powerful Woman in the World by Time magazine Today when she is remembered at all she is thought of as the puppet of Soviet communism in Romania blindly enforcing the most brutal and repressive Stalinist regime Robert Levy's new biography changes the picture dramatically revealing a woman of remarkable strength dominated by conflict and contradiction far more than by dogmatism Telling the story of Pauker's youth in an increasingly anti Semitic environment her commitment to a revolutionary career and her rise in the Romanian Communist movement Levy makes no attempt to whitewash Pauker's life and actions but rather explores every contour of the complicated persona he found expressed in masses of newly accessible archival documents

**One Europe, Many Nations** James B. Minahan, 2000-07-30 Dominating world politics since 1945 the Cold War created a fragile peace while suppressing national groups in the Cold War's most dangerous theater Europe Today with the collapse of Communism the European Continent is again overshadowed by the specter of radical nationalism as it was at the beginning of the century Focusing on the many possible conflicts that dot the European landscape this book is the first to address the Europeans as distinct national groups not as nation states and national minorities It is an essential guide to the national groups populating the so called Old World groups that continue to dominate world headlines and present the world community with some of its most intractable conflicts While other recent reference books on Europe approach the subject of nations and nationalism from the perspective of the European Union and the nation state this book addresses the post Cold War nationalist resurgence by focusing on the most basic element of any nationalism the nation It includes entries on nearly 150 groups surveying these groups from the earliest period of their national histories to the dawn of the 21st century In short essays highlighting the political social economic and historical

evolution of peoples claiming a distinct identity in an increasingly integrated continent the book provides both up to date information and historical background on the European national groups that are currently making the news and those that will produce future headlines      War in the Balkans Richard C. Hall,2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these countries continue to play an important role in global affairs and international politics      *Eastern Europe Since 1970* Bulent Gokay,2015-12-22 From the hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region      **A Concise History of Romania** Keith Hitchins,2014-02-20 A comprehensive and engaging new history charting Romania s development over 2000 years from its establishment to the present day      The Balkans Misha Glenny,2012-09-25 This unique and lively history of Balkan geopolitics since the early nineteenth century gives readers the essential historical background to recent events in this war torn area No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria Romania and Albania Misha Glenny presents a lucid and fair minded account of each national group in the Balkans and its struggle for statehood The narrative is studded with sharply observed portraits of kings guerrillas bandits generals and politicians Glenny also explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention      *The European Union ,*      **Romania and the Quest for European Identity** Cristian Cercel,2019-03-15 Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book

shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European. The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future that Iohannis belonged to. Romania's tiny German minority was also considered to have played a part in his success. Cercel argues that representations of Germans in Romania, descendants of twelfth century and eighteenth century colonists, become actually a symbolic resource for asserting but also questioning Romania's European identity. Such representations link Romania's much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe. Investigating this case of discursive self-colonization and this apparent symbolic embrace of the German Other in Romania, the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West-East relationships in the European context. This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany. It should also appeal to scholars of memory studies and those interested in the study of otherness in general.

**The Balkans** Mark Biondich, 2011-02-17 The Balkans has long been a place of encounter among different peoples, religions and civilizations, resulting in a rich cultural tapestry and mosaic of nationalities. But it has also been burdened by a traumatic post-colonial experience. The transition from traditional multinational empires to modern nation states has been accompanied by large-scale political violence that has resulted in the deaths of hundreds of thousands and the permanent displacement of millions more. Mark Biondich examines the origins of these conflicts while treating the region as an integral part of modern European history, shaped by much the same forces and intellectual impulses. It reminds us that political violence and ethnic cleansing have scarcely been unique to the Balkans. As Biondich shows, the political violence that has bedevilled the region since the late nineteenth century stemmed from modernity and the ideology of integral nationalism employed by states that were dominated by democratizing or authoritarian nationalizing elites committed to national homogeneity. Throughout this period, the Balkan proponents of democratic governance, civil society and multiculturalism were progressively marginalized. The history of revolution, war, political violence and ethnic cleansing in the modern Balkans is, above all, the story of this tragic marginalization.
