Getting Around the Humans Duane Shoebridge,2017-05-16 Getting Around the Humans is a fun look at why people do the things they do With a little effort and practice youll be able to see the why behind those strange behaviors and help predict what they may do next This is a great help when dealing with family friends coworkers students customers or the guy in the parking lot who just hit your car You can get them on your team or limit the damage they can do to your team **The Apocalypse Explained: Chapters VII-X** Emanuel Swedenborg,1928 BattleTech Legends: Roar of Honor Blaine Lee Pardoe,2011-08-15 ORDERS ARE ORDERS Angela Bekker is a rising star in the Ghost Bear Clan Devoted to duty and honor relentless in the pursuit of flawless victory a prime example of Clan excellence in mind and body So when she receives order to form a new Trinary from scratch she jumps at the chance to have her own command Especially since they are to be stationed on the planet Toffen at the leading edge of Ghost Bear space But what is an honor for some is an opportunity to strike for others Led by the bloodthirsty Dirk Radick forces of Clan Wolf launch an assault to take the valuable planet from the inexperienced troops But the hunters soon become the hunted as the Stalking Bears live up to their name Only when the smoke clears does Angela realize that great honor comes at a great price one she may not be willing to pay Buddhism and Whiteness Emily McRae,George Yancy,2019-05-13 The motivation behind this important volume is to weave together two distinct but we think complementary traditions the philosophical engagement with race whiteness and Buddhist philosophy in order to explore the ways in which these traditions can inform correct and improve each other This exciting and critically informed volume will be the first of its kind to bring together essays that explicitly connect these two traditions and will mark a major step both in understanding race and whiteness with the help of Buddhist philosophy and in understanding Buddhist philosophy with the help of philosophy of race and theorizations of whiteness We expand upon a small but growing body of work that applies Buddhist philosophical analyses to whiteness and racial injustice in contemporary U S culture Buddhist philosophy has much to contribute to furthering our understanding of whiteness and racial identity the mechanisms that create and maintain white supremacy and the possibility of dismantling white supremacy We are interested both in the possible insights that Buddhist metaphysical epistemological and ethical analyses can bring to understanding race and whiteness as well as the potential limitations of such Buddhist inspired approaches In their chapters contributors draw on Buddhist philosophical and contemplative traditions to offer fresh insightful and powerful perspectives on issues regarding racial identity and whiteness including such themes as cultural appropriation mechanisms of racial injustice and racial justice

phenomenology of racial oppression epistemologies of racial ignorance liberatory practices with regard to racism Womanism and the intersections of gender based raced based and sexuality based oppressions Authors make use of both contemporary and ancient Buddhist philosophical and contemplative traditions These include various Asian traditions including Theravada Mahayana Tantra and Zen as well as comparatively new American Buddhist traditions
