Beyond Traps James A. McKenna, 2007 Poker columnist psychotherapist and author James A McKenna goes deep into the psychology of poker revealing how to use the psychological patterns that govern opponents to trap them into making mistakes McKenna explains how consistent winners use different bait for different prey and how they trap and avoid traps by noticing the difference between players at the table McKenna demonstrates the different approaches needed for different personalities outlining the traps for each and shows readers how to take their game to a higher level **Jet**, 1959-07-16 The weekly source of African American political and entertainment news **Unraveling Time** Ann Miles, 2022-12-20 A

compelling chronicle of economic political and social development in Cuenca *Loki: A Paranormal Protector Tale* Demelza Carlton, When graduate Aussie archaeologist Jorunn flies halfway around the world to work in the Arctic she figures she is leaving her troubled past behind Until artefacts start going missing and she gets the blame The only person who believes she is innocent is a mysterious backpacker who says his name is Loki The last thing Loki remembers is vowing vengeance before waking up in the ice after a thousand years in an enchanted sleep When even Thor doesn't trust him he is forced to enlist the help of a girl he barely knows yet can't seem to resist Can Jorunn catch the real culprit and clear her name or will the trickster god only land her in more trouble **Cham** David Kunzle, 2019-03-18 Cham real name Count Amédée de No and a serious rival to Daumier may have been the epitome of a *clbre inconnu* a famous unknown He is one much deserving at last of this first account of his huge oeuvre as a caricaturist This book concentrates on his mastery of the important newcomer to the field of caricature which we call comic strip picture story and graphic novel The volume features facsimiles of nearly twenty of these from 1839 to 1863 and ranging from one page to forty this last a parody of Victor Hugo's *Les Misérables* In addition summaries and sample illustrations of twenty seven minor works demonstrate that Cham is by far the most important specialist of what was then a new genre in Europe Born to an ancient aristocratic family Cham was from early on wholly dedicated to an art considered far beneath his class Starting as a disciple of the father of the modern comic strip Swiss Rodolphe Töpffer Cham soon launched out on his own evolving an original form of comedy his own *comédie humaine* farcical absurd and parodic His productivity was legendary and comprised all the known genres of caricature the full page cartoon lithograph the thematic seasonal group weekly and monthly humorous comment much like the daily newspaper cartoonist today and a feature called the *Revue Comique* which made him the supreme graphic journalist of his day Hitherto unknown correspondence reveals an attractive personality who was fond of animals and who honored a low class woman he eventually made his countess Vaunted comics scholar David Kunzle has created a fitting tribute to Cham's impact and genius

start I first wrote the Twilight Soi and now Bangkok Busted You Die For Sure because painters paint builders build and writers write and that's what do The story I related is so bizarre that I would not have believed it if it had not happened to me The Thais were outraged that a foreigner as imperfect as myself should object to being robbed cheated and publicly ridiculed But I wanted to tell this story partly because I did not want what happened to me to happen to anyone else These men often make easy prey They are lonely they are out of their own comfort zones and away from the spying eyes of friends family and work colleagues often are without obligations of work or children for the first time in their lives and run off the rails in the torrid atmosphere of Asia and its bars They often enough end up suiciding The Gilligan Tapes Jason O'Toole,2023-09-04 John Gilligan is no altar boy by his own admission One of Ireland's most infamous criminals and drug lords and widely believed in the court of public opinion to have ordered the cold blooded murder of journalist Veronica Guerin he remains a defiant figure In this remarkable book the first of its kind journalist Jason O Toole distills hours of sensational face to face no holdsbarred interviews with the feared criminal into a fast paced and jaw dropping account of the Irish gangland scene And Gilligan doesn't mince his words I didn't believe in God but I know I'm going to hell Starting out as a petty thief in Dublin Gilligan rose to the status of crime lord earning 10 million from drugs within his first two years He mixed with serious criminals such as Martin the General Cahill Gerry The Monk Hutch Patrick Dutchy Holland and John Traynor He was deeply involved with money laundering miraculously survived an assassination attempt and it is said he has millions stashed away at a secret location O Toole demands answers from Gilligan for all the hard questions some of his responses will make readers shiver Gilligan knew that laying all his cards on the table could mean signing his own death warrant But he has done it here And with a cast of all the country's deadliest underworld figures this expos is nothing short of explosive **The Comeback Kiss** Lani Diane Rich,2008-12-14 Eleven years after taking Tessa Jones car and her virginity and skipping town Dermot Finnegan's guilt gets the best of him Planning on quietly returning Tessa's car Finn's quiet exit from town is ruined when he becomes a town hero Original Entrepreneurial Controls Jack Trent,2008-05 Sales are to growth as controls are to profitability and success within a business In Entrepreneurial Controls author Jack E Trent guides small business owners through the complexities of understanding how financial and operational controls protect them from unnecessary risks Trent shows how controls are the single most important method for preventing fraud within a company In Entrepreneurial Controls Trent details the background and definition of controls and the important role they play in driving profitability for a business The book is a carefully compiled collection of thorough research and Trent's personal experiences as an entrepreneur small business owner financial officer and accountant In addition to the breadth of knowledge presented small vignettes called reality checks depict real life applications of the concepts discussed A no nonsense one stop source for using control systems within a small business setting Entrepreneurial Controls covers the basics of Project fraud risk and cash management Accounting inventory and operational controls Internal auditing Customer service Using instructions lessons best practices
