

Robert Grosseteste

Robert Grosseteste

Robert Grosseteste:

On the Six Days of Creation Robert Grosseteste, Christopher F. J. Martin, 1996 This is a new translation of Grosseteste's masterful commentary on the Biblical account of the Creation Presenting a rich look at the unity of the medieval outlook the Hexaemeron combines the learning of East and West in a distinctively English way The Writings of Robert Grosseteste, Bishop of Lincoln 1235-1253 S. Harrison Thomson, Samuel Harrison Thomson, 2013-01-03 This 1940 book constitutes an extensive bibliographical study of the works of Robert Grosseteste the 13th century Bishop of Lincoln Over 140 libraries were visited and approximately 2500 manuscripts consulted during the preparation of the text with many manuscripts being examined without prior knowledge that they contained material by Grosseteste **Robert Grosseteste and the pursuit of Religious and Scientific Learning in the Middle Ages** Jack P. Cunningham, Mark Hocknull, 2016-08-29 This book explores a wide range of topics relating to scientific and religious learning in the work of Bishop Robert Grosseteste c 1168 1253 and does so from various perspectives including those of a twenty first century scientists historians and philosophers as well as several medievalists In particular it aims to contribute to our understanding of where to place Grosseteste in the history of science against the background of the famous claim by A C Crombie that Grosseteste introduced what we now might call experimental science and to demonstrate that the polymathic world of the medieval scholar who recognized no dichotomy in the pursuit of scientific and philosophical theological understanding has much to teach those of us in the modern world who wrestle with the vexed question of the relationship between science and religion The book comprises an edited selection of the best papers presented at the 3rd International Robert Grosseteste Conference 2014 on the theme of scientific and religious learning especially in the work of Grosseteste *De cessatione legalium* Robert Grosseteste, 1986 The second in a series of works by the 13th century philosopher Robert Grosseteste *De Cessatione Legalium* contains the fullest exposition of his remarkably original doctrine of the Incarnation **Robert Grosseteste** James McEvoy, 2000-09-21 Robert Grosseteste c 1168 1253 was the initiator of the English scientific tradition one of the first chancellors of Oxford University and a famous teacher and commentator on the newly discovered works of Aristotle In this book James McEvoy provides the first general inclusive overview of the entire range of Grosseteste's massive intellectual achievement Robert Grosseteste and His Intellectual Milieu Robert Grosseteste, Joseph Ward Goering, James R. Ginther, John Flood, 2013 Papers previously presented at the 2003 conference of the International Robert Grosseteste Society held at Bishop Grosseteste University College Lincoln England *The Letters of Robert Grosseteste, Bishop of Lincoln* Robert Grosseteste, 2010-01-01 This is a highly readable and accurate translation The very useful annotations help to orient the modern reader with respect to medieval concepts reflecting a profound understanding of thirteenth century institutional history and the social and legal context of medieval Christianity An extraordinary piece of scholarship James Ginther Department of Theological Studies St Louis University Robert Grosseteste c 1170 1253 was an English statesman philosopher theologian and bishop of Lincoln and also one of the

most controversial figures in his country's episcopate. His long life coincided with the central period of institutional intellectual and religious consolidation in medieval Europe and his letters provide important insights into the practices and preoccupations of the English clergy and laity in the first half of the thirteenth century. This volume contains the first complete translation of Grosseteste's collected Latin letters and shows that these were most likely chosen and arranged by Grosseteste himself. Shedding light on some of the period's crucial debates on issues of theology, law, pastoral care and episcopal authority. F. A. C. Mantello and Joseph Goering's richly annotated English translation makes his letters more accessible than ever for scholars and students and for those interested in medieval history, religion and culture. *Robert Grosseteste* International Robert Grosseteste Society. Conference, Jack Cunningham, 2012. Papers previously presented at the 2009 conference of the International Robert Grosseteste Society held at Bishop Grosseteste University College, Lincoln, England.

The Oxford Handbook of Dionysius the Areopagite Mark Edwards, Dimitrios Pallis, Georgios Steiris, 2022-02-25. This Handbook contains forty essays by an international team of experts on the antecedents, the content and the reception of the Dionysian corpus, a body of writings falsely ascribed to Dionysius the Areopagite, a convert of St Paul but actually written about 500 AD. The first section contains discussions of the genesis of the corpus, its Christian antecedents and its Neoplatonic influences. In the second section, studies on the Syriac reception, the relation of the Syriac to the original Greek and the editing of the Greek by John of Scythopolis are followed by contributions on the use of the corpus in such Byzantine authors as Maximus the Confessor, John of Damascus, Theodore the Studite, Niketas Stethatos, Gregory Palamas and Gemistus Pletho. In the third section, attention turns to the Western tradition represented first by the translators John Scotus Eriugena, John Sarracenus and Robert Grosseteste and then by such readers as the Victorines, the early Franciscans, Albert the Great, Aquinas, Bonaventure, Dante, the English mystics Nicholas of Cusa and Marsilio Ficino. The contributors to the final section survey the effect on Western readers of Lorenzo Valla's proof of the inauthenticity of the corpus and the subsequent exposure of its dependence on Proclus by Koch and Stiglmayr. The authors studied in this section include Erasmus, Luther and his followers, Vladimir Lossky, Hans Urs von Balthasar and Jacques Derrida, as well as modern thinkers of the Greek Church. Essays on Dionysius as a mystic and a political theologian conclude the volume.

Robert Grosseteste Robert Grosseteste, 2003-01-01. Robert Grosseteste J. J. McEvoy, 1995. In Grosseteste we have on our hands a figure not only of great complexity in himself but of even greater complexity in the kind of evidence which we are required to use. It is worth remembering that despite all efforts of the last half century, quite half of his works are still unpublished. When we turn to Grosseteste we find a situation which is as different from this as it could well be. He presents a quite unique combination of problems. The range of subjects he studied, the way in which he studied them and the order in which he studied them seem to be to a much greater extent than any of the great scholastic thinkers to be an expression not of any normal programme of university studies but of his personality and of the obscure and varied background and circumstances of his life. His thoughts

on the subjects which he chose to elaborate are markedly his own In a word uniqueness of circumstances and personality

Robert Grosseteste Francis Seymour Stevenson, Features a biographical sketch of the English mathematician Robert Grosseteste 1168 1253 presented by the School of Mathematics and Statistics of the University of Saint Andrews in Scotland Discusses Grosseteste s work in geometry optics and astronomy The Life and Times of Robert Grosseteste, Bishop of Lincoln George Gresley Perry,2012 Master of the Sacred Page James R. Ginther,2017-03-02 Modern scholarship has examined the life and works of Robert Grosseteste ca 1170 1253 mainly in a philosophical or episcopal context yet Grosseteste wrote many treatises on pastoral theology spent some years as a regent master in theology at the University of Oxford and maintained interest in theological discourse throughout his time as Bishop of Lincoln This book offers the first scholarly study of Grosseteste as theologian taking account of the whole range of his theological writing both in published and unedited sources Ginther reveals the central focus of Grosseteste s theology as the person and work of Christ with the person of Christ as the interpretive key by which humanity comes to see the Trinity in the created world and the means by which humanity may participate in the divine Surveying some of the major doctrinal issues of the thirteenth century this book offers a thorough introduction to the theology of the period **The Philosophy of Robert Grosseteste** J. J. McEvoy,1982 In this book the author examines Grosseteste s philosophical contribution and discusses his views on a wide range of topics light and optics the mathematical laws governing the movement of bodies God the mathematical Creator the angels human knowledge certitude observation and experience religious symbolism and its interpretation and the place of man within the social natural historical and providential orders **Robert Grosseteste** Richard William Southern,1992 For this second edition Sir Richard Southern has revised his much acclaimed study in the light of recent scholarly research and added an extensive preliminary chapter on the debate over Robert Grosseteste s career and intellectual growth Medieval Science, Technology, and Medicine Thomas F. Glick,Steven Livesey,Faith Wallis,2014-01-27 Medieval Science Technology and Medicine details the whole scope of scientific knowledge in the medieval period in more than 300 A to Z entries This resource discusses the research application of knowledge cultural and technology exchanges experimentation and achievements in the many disciplines related to science and technology Coverage includes inventions discoveries concepts places and fields of study regions and significant contributors to various fields of science There are also entries on South Central and East Asian science This reference work provides an examination of medieval scientific tradition as well as an appreciation for the relationship between medieval science and the traditions it supplanted and those that replaced it For a full list of entries contributors and more visit the Routledge Encyclopedias of the Middle Ages website **The Life and Times of Robert Grosseteste** George Perry,2022-12-09 Reprint of the original first published in 1871 **The Intellectual Life of Western Europe in the Middle Ages** Richard C. Dales,1992 A connected account of European thought from the Patristic age through the mid fourteenth century and emphasizing educational systems the interaction between the popular and elite cultures and

medieval humanism with excellent interpretive chapters on science and philosophy *Monastic Life in the Medieval British Isles* Julie Kerr, Emilia Jamroziak, Karen Stöber, 2018-10-15 This book celebrates the work and contribution of Professor Janet Burton to medieval monastic studies in Britain Burton has fundamentally changed approaches to the study of religious foundations in regional contexts Yorkshire and Wales placing importance on social networks for monastic structures and female Cistercian communities in medieval Britain moreover she has pioneered research on the canons and their place in medieval English and Welsh societies This Festschrift comprises contributions by her colleagues former students and friends leading scholars in the field who engage with and develop themes that are integral to Burton's work The rich and diverse collection in the present volume represents original work on religious life in the British Isles from the twelfth to the sixteenth century as homage to the transformative contribution that Burton has made to medieval monastic studies in the British Isles
