Robert Heinecken:

Robert Heinecken Robert Heinecken, Kevin D. Moore, Marc Selwyn Fine Art, 2012 Robert Heinecken 1931 2006 has been called one of America's most influential contemporary conceptual photographers and yet he rarely used a camera His definition of photography encompassed everything related to the photo rather than focusing on the photographic image as a creation derived solely from a camera his interest was on the relation of methods and formalism often in an irreverent and humorous way to popular media This first large scale monograph presents an overview of Heinecken's work from the 1960s 1990s highlighting his exploration of the material possibilities of the medium and how he created new methods to record and produce photographic objects using collage lithography Polaroid silver gelatine prints color processes digital prints and experimental uses of darkroom chemistry Exhibition Cherry and Martin Los Angeles USA Friedrich Petzel Gallery New York USA Marc Selwyn Fine Art Los Angeles USA *Robert Heinecken and the Art of Appropriation* Matthew Biro, 2022-03-29 The first comprehensive study of the artist Robert Heinecken and his critical views on the culture of mass media This is the first book length study dedicated to the artist Robert Heinecken whose innovative photographic practices sought to interrogate how mass media imagery facilitated the construction of individual and collective identities Appropriating rephotographing and layering pictures culled from newspapers advertisements pornography and television Heinecken recombined and transformed the ubiquitous images of mass culture to encourage viewers to critically reflect on their sense of self From the 1960s through the late 1990s Heinecken's controversial art continually challenged inherited ideas around consumerism the facticity of reportage and visual culture's relationship to gender and identity politics Embodying the evolution of contemporary art toward increasingly hybrid and conceptual approaches his oeuvre includes examples of painting sculpture photomontage performance installation time based media and artist's books all of which collectively exploit photography's reproducibility to subvert society's dominant ideologies and stereotypical modes of representation Author Matthew Biro presents an exhaustive look at Heinecken's life and art locating him within a lineage that encompasses the activities of the early twentieth century avant gardes and the postmodern strategies of the Pictures Generation artists Assessing his career within the specific political and historical contexts from which he gleaned his material and illustrated throughout with vibrant full color reproductions of his art this in depth examination demonstrates Robert Heinecken's significance as a key figure of twentieth century art and an incisive commentator on modern life in America Robert Heinecken Robert Heinecken, 1983 **Robert Heinecken, fast, easy and fun** Floris Michael Neusüss, 1983 Heinecken Robert Heinecken, 1980 *Robert Heinecken: Magazines*, 2018-05-22 Robert Heinecken 1931 2006 seldom used a camera A self described para photographer he repurposed found imagery to explore the underpinnings of daily life He cut into periodicals snipping heads from lithe bodies and slicing rouged lips from smiling cheeks and reorganized these fragments into collaged wholes that reveal the greed hypocrisy and misogyny behind traditional depictions of America This book

presents Heinecken's Periodicals 1969-72 and Revised Magazines 1989-94 as 25 facsimiles. Originally conceived as insertions into everyday life, these collage publications were taken from newsstands, altered, and then returned to be purchased by unsuspecting consumers. By pasting a Vietnam War image into fashion magazines or a dominatrix into Time, Heinecken created serials that are disturbing yet familiar, known cultural referents now oppose their presumed functions. *Robert Heinecken, Photographer* Robert Heinecken, Lynne Warren, A. D. Coleman, Irene Marian Borger, Museum of Contemporary Art (Chicago, Ill.), 1999. A photographic innovator and conceptual artist, Robert Heinecken played an important role in the development of contemporary art practice. That role is critically assessed in this exhibition catalog, which accompanies a major traveling retrospective organized by the Museum of Contemporary Art, Chicago. This volume, the first comprehensive book on Heinecken since 1980, illustrates all the major work in his thirty-year career and features essays by leading photography critic and historian A. D. Coleman and exhibition curator Lynne Warren. **Robert Heinecken**, **Robert Heinecken** Eva Respini, Museum of Modern Art (New York, N.Y.), Hammer Museum, 2014. Published in conjunction with the exhibition *Robert Heinecken: Object Matter*, organized by Eva Respini with Drew Sawyer Beaumont and Nancy Newhall, Curatorial Fellow, Department of Photography, The Museum of Modern Art, New York. The exhibition is presented at the Museum of Modern Art, New York, from March 15 to June 22, 2014, and at the Hammer Museum, Los Angeles, from October 5, 2014, to January 17, 2015.
