John MacQueen

Robert Henryson:

Selected Poems of Robert Henryson and William Dunbar Robert Henryson, 1998 **The Poems and Fables of Robert Henryson, Now First Collected** Robert Henryson, 1865 The Poems Robert Henryson, 1981 This is the first serious attempt to produce a critical text for all Henryson's poems The text is based on all available material There is a commentary and a glossary and an introduction discusses Henryson's life and the sources of his poems **The Complete Works** Robert Henryson, 2011-01-01 In this new edition of the poems of Robert Henryson David Parkinson offers editions of Henryson's Fables The Testament of Cresseid Orpheus and Eurydice and twelve shorter poems grouped according to the strength of their attribution to Henryson as well as the glosses and explanatory and textual notes characteristic of Middle English Texts Series volumes Henryson was a prominent Scottish poet writing in the late fifteenth and early sixteenth century This edition serves as an excellent addition to the Scots language and late medieval Scottish poetry *Robert Henryson* Douglas Gray, 2023-08-21 **The Poems of Robert Henryson V3** Robert Henryson, 2014-08-07 This Is A New Release Of The Original 1908 Edition The Poems of Robert Henryson Robert Henryson, 1906 *THE POEMS OF ROBERT HENRYSON (Hardback)* Robert Henryson, 2009-06-18 Poems of Robert Henryson Robert Henryson, 1988-01-01 *Complete and Full with Numbers* John MacQueen, 2006-01-01 This book presents a major re-examination of the works of the fifteenth century Scottish poet Robert Henryson Encompassing the full range of the poet's work Professor John MacQueen opens up previously unexplored areas of both Henryson's literary practice and his underlying moral and philosophical vision MacQueen argues that numerology is central to the intellectual landscape that shaped Henryson's development as a poet and that numerological patterns and structures are embedded throughout his corpus revealing themselves not simply in such overtly allegorical works as The Testament of Cresseid but also in many of the Fables as well This book therefore recovers for a modern audience qualities to which Henryson's original readers would have been alert while at the same time conveying something of the energy and excitement of his intellectual and poetic culture Through a series of close and sensitive readings of the poems the book presents an original and lucid account of Henryson's work that will not only engage specialists in medieval Scottish literature but will also appeal to a wider readership with broader interests in narrative and poetic form
