Malone,2010-02-26 This book offers a history of films with Biblical spiritual and supernatural themes This volume follows the evolution of one of the Hollywood s longest running thematic concerns From the silent era to the present Sacred Profanity Spirituality at the Movies examines the rich diversity of films with spiritual themes films that reflect our own fascination with the divine and supernatural while evoking the specific times in which they were created From Birth of a Nation to Angels and Demons Sacred Profanity discusses over 180 films with an insightful movie lover s approach Coverage encompasses Biblical stories like King of Kings films about spiritual characters such as The Nun s Story foreign masterpieces like The Seventh Seal movies that incorporate spiritual symbolism such as Taxi Driver and Cool Hand Luke horrifying visions of the Satanic like The Exorcist and controversial works like The Last Temptation of Christ The book also looks at the history of Hollywood s attempt to maintain moral order through censorship as well as the growing influence of filmmakers own spiritual beliefs on the movies we see      *Hollywood's Melodramatic Imagination* Geoff Mayer,2021-12-22

Melodrama is the foundation of American cinema It is however a poorly understood term While it is a pervasive and persuasive dramatic mode it is not tied to any specific moral or ideological system It is not a singular genre rather it operates as a genre generating machine capable of determining the aesthetics and structure of the drama within many genres Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice but the specific values embedded in notions of good and evil are determined by the culture and they shift from nation to nation region to region and period to period This book explores the populist westerns of the 1930s the propaganda films that followed the Japanese attack on Pearl Harbor and the popularity of Sax Rohmer s master villain Fu Manchu Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated protagonists and downbeat endings Yet with few exceptions Hollywood was able to assimilate these genres within its melodramatic imagination      *Historical Dictionary of Crime Films* Geoff Mayer,2012-09-13

The crime film genre consists of detective films gangster films suspense thrillers film noir and caper films and is produced throughout the world Crime film was there at the birth of cinema and it has accompanied cinema over more than a century of history passing from silent films to talkies from black and white to color The genre includes such classics as The Maltese Falcon The Godfather Gaslight The French Connection and Serpico as well as more recent successes like Seven Drive and L A Confidential The Historical Dictionary of Crime Films covers the history of this genre through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on key films directors performers and studios This book is an excellent access point for students researchers and anyone wanting to know more
