Swayne, Mark Dodds, 2011-08-08 This four-volume set introduces, on the management side, principles and procedures of economics, budgeting, and finance; leadership, governance, communication, business law, and ethics; and human resources practices, all in the sports context. On the marketing side, this reference resource explores two broad streams: marketing of sport and of sport-related products; promoting a particular team or selling team and sport-related merchandise; for example, and using sports as a platform for marketing non-sports products, such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament. Together, these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today, providing an invaluable print or online resource for student researchers.
