The Use of English in Institutional and Business Settings Giuliana Garzone,Cornelia Ilie,2007 This book explores the intercultural problems related to the widespread use of English in written and oral communication by native and non native speakers in institutional and business settings Each chapter looks at a different set of issues emerging from the confrontation of cultures across national institutional and organizational discourse communities taking an intercultural or cross cultural approach The focus is on workplace settings both in institutional and business contexts e g politics public services media international corporate communication advertising business negotiations etc The theme is all the more interesting today not only in consideration of the sheer magnitude of this phenomenon and its capillary spread but above all on account of the pervasive penetration of English into professional and workplace contexts as a communication language also for local internal communication The complexity of intercultural communication as an object of research is reflected in the variety of the topics explored the range of settings investigated and the diversity of methodological approaches taken

Italy Fodor's,2006-09-12 Presents information on travel restaurants accommodations sightseeing and shopping for Italy bound tourists

Amazons in the Digital Era Arturo Sánchez Sanz,2025-09-04 For more than 3 000 years the Amazons have been a recognised symbol that transcends mythology and has influenced history itself The image of the powerful warrior woman who defied the established patriarchal order proved so compelling that it became permanently enshrined in the collective

imagination first through oral tradition and later through texts and images The contributions in this volume explore how this image has endured through the lens of classical reception From Wonder Woman to the war in Ukraine and across diverse genres such as video games fashion warfare and documentary film the Amazonian archetype has evolved beyond anything once imagined Today however we are witnessing a true transformation No longer embodying the negative traits the Greeks once ascribed to them the Amazons have become a symbol of strength resilience and empowerment a model for women s rights in a global society and an icon of feminism and the LGBTQIA community Divided into three parts this book analyses how the image of the Amazon has at different times and in different contexts been marginalised put on a pedestal and globalised For the first time media case studies and lived histories are examined to compare and contrast modern frameworks with each other and with the original Amazonian iconography What emerges is a concept of the Amazon as a modern paradigm that speaks as strongly to contemporary society as it did to the ancients but with a very different meaning

Retail Market Study 2016 Marc-Christian Riebe,2016-03-01 The Retail Market Study 2016 of The Location Group is the one and only study of its kind With 155 of the most notable international cities of the fashion and retail world on more than 1 000 pages Over 1 300 retailers 1 030 shopping streets and 550 shopping malls were analyzed So far the study reached more than 300 000 readers worldwide
