How Antigravity Built the Pyramids Nick Redfern,2025-09-12 Discover the Lost Secrets of the Ancients and the Time When Stones Floated High over Egypt Throughout history folklore and mystery tales have circulated of massive stones being moved through the air effortlessly by sound Bizarre Well yes it is That doesn t take away the fact that sound was and still remains the key to the construction of the pyramids of Egypt Stonehenge the stone figures of Easter Island and the massive stones at Baalbek Lebanon Were they the work of ancient humans or of equally ancient extraterrestrials How Antigravity Built the Pyramids delves into specific stories and theories A 9th century story of a mysterious papyrus with the power to move large stones at the Giza Necropolis The Mayan story of the construction of the Pyramid of the Magician said to be overseen by a small humanoid who could whistle large stones into place Native American stories of ancient priests being able to make stones light to move easily Author Nick Redfern argues it was not literally music and whistling that somehow raised large stones but both have one thing in common sound Acoustics Almost certainly acoustic levitation was at the heart of these incredible feats The truth of the science behind acoustic levitation was lost and forgotten for ages with little more left than fanciful tales of music whistles a curious papyrus and strange metal rods that could achieve incredible feats in the air Today we are finally starting to get a grasp on this incredible technology a technology that may have been the work of ancient humans aliens from faraway worlds or perhaps a combination of the two

Lucifer Ascending Bill Ellis,2021-05-11 Despite their centuries old history and traditions witchcraft and magic are still very much a part of modern Anglo American culture In *Lucifer Ascending* Bill Ellis looks at modern practices that are universally defined as occult from commonplace habits such as carrying a rabbit s foot for good luck or using a Ouija board to more esoteric traditions such as the use of spell books In particular Ellis shows how the occult has been a common element in youth culture for hundreds of years Using materials from little known publications and archives *Lucifer Ascending* details the true social function of individuals dabbling with the occult In his survey of what Ellis terms vernacular occultism the author is poised on a middle ground between a skeptical point of view that defines belief in witchcraft and Satan as irrational and an interpretation of witchcraft as an underground religion opposing Christianity *Lucifer Ascending* examines the occult not as an alternative to religion but rather as a means for ordinary people to participate directly in the mythic realm
