The abridged version contains sufficient materials from most introductory securities regulation classes. The standard edition of Hazen's 2007 Securities Regulation Selected Statutes contains the latest SEC rulemaking including its new executive compensation disclosures that are not available in most other statutory supplements. Hazen's Selected Statutes is comprehensive and presented in readable format and the index make the material more accessible than in other statutory supplements. It includes new rules and forms adopted through September 15, 2006. While containing all of the statutes and rules needed for both basic and advanced courses in securities regulation, Hazen's Selected Statutes has more user friendly features than the competition including single rather than double column format. Also unlike other statutory supplements on the subject, Hazen's Selected Statutes contains a helpful index to make it easier for students to locate statutes and rules.
