Seeds Of Treason True Story Of The Hiss:

Seeds of Treason Ralph De Toledano,1950 **Alger Hiss and the Battle for History** Susan Jacoby,2009-03-24 Books on Whittaker Chambers and Alger Hiss abound as countless scholars have labored to uncover the facts behind Chambers s shocking accusation before the House Committee on Un American Activities in the summer of 1948 that Alger Hiss a former rising star in the State Department had been a Communist and engaged in espionage In this work the author turns her attention to the Hiss case including his trial and imprisonment for perjury as a mirror of shifting American political views and passions **The Conservative Turn** Michael Kimmage,2009-07-31 The Conservative Turn tells the story of postwar America s political evolution through two fascinating figures Lionel Trilling and Whittaker Chambers who went on to intellectual prominence sharing the questions crises and challenges of their generation Kimmage argues that the divergent careers of these two men exemplify important developments in postwar American politics the emergence of modern conservatism and the rise of moderate liberalism **Speaking Freely** Floyd Abrams,2006-04-04 The rights guaranteed in the First Amendment including freedom of expression are among the fundamental touchstones of our democracy In Speaking Freely Floyd Abrams who for over thirty years has been our most eloquent and respected advocate for uncensored expression recounts some of the major cases of his remarkable career landmark trials and Supreme Court arguments that have involved key First Amendment protections With adversaries as diverse as Richard Nixon and Wayne Newton and allies as unlikely as Kenneth Starr Abrams takes readers behind the scenes to explain his strategies the ramifications of each decision and its long term significance presenting a clear and compelling look at the law in action *Anti-Communism in Twentieth-Century America* Larry Ceplair,2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of *Anti Communism in Twentieth Century America A Critical History* provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism **A Treasure Chest of Hidden History** Rusty Glover,2013-09-16 As a high school history teacher for the past 25 years I have collected

and read hundreds of books pertaining to my subjects taught On the completion of each book I would carefully take notes on the most interesting events quotes or interpretations that I felt would enhance instruction for my students After filling numerous notepads of information on over 800 books I contemplated a project of sharing my most interesting findings The result of this twenty plus year project is this book This book is divided into 16 chapters based on the various topics presented Some chapters contain a small amount of entries such as Nicknames Espionage or Labor while chapters on the Presidents or quotes will fill over thirty pages The first chapter puts emphasis on the role my home state of Alabama has played on the national scene One chapter is entitled Miscellaneous Odds and Ends due to the subject matter not fitting into any other classification

Police Files: The Spokane Experience
1853-1995 M. Kienholz, 1999 **Soviet Bibliography** United States. Department of State. Library Division, 1949 The Cold War in the 1950s Nicolas Lewkowicz, 2024-03-12 The book claims that the United States and the Soviet Union attained the mastery of the international order by projecting universalist values that responded to the particularist markers of the domestic order that was generated in the 1950s The geopolitical orientation adopted by the superpowers in the 1950s was shaped by the way in which their societies developed politically socially and economically in the 1950s The main argument of this book is that the quest for the mastery of the international order that informed superpower relations in the 1950s was guided by the need to respond to the local circumstances that emerged in the United States and the Soviet Union The particularist markers that arose in the 1950s led to the establishment of a geopolitical project underpinned by certain universalist values that could be applied in order to build the superpowers sphere of influence
