Seeking The Truth Of Change In The Church:

The Church's Attitude Towards Truth Edward Preston Usher, 1907 *The Living Church*, 1995 **Pursuing Truth** Mary J. Oates, 2021-03-15 In *Pursuing Truth* Mary J. Oates explores the roles that religious women played in teaching generations of college and university students amid slow societal change that brought the grudging acceptance of Catholics in public life. Across the twentieth century Catholic women's colleges modeled themselves on and sometimes positioned themselves against elite secular colleges. Oates describes these critical pedagogical practices by focusing on Notre Dame of Maryland University, formerly known as the College of Notre Dame of Maryland, the first Catholic college in the United States to award female students four-year degrees. The sisters and laywomen on the faculty and in the administration at Notre Dame of Maryland persevered in their work while facing challenges from the establishment of the Catholic Church, mainline Protestant churches, and secular institutions. *Pursuing Truth* presents the stories of the institution's female founders, administrators, and professors whose labors led it through phases of diversification. The pattern of institutional development regarding the place of religious identity, gender, and sexuality and race that Oates finds at Notre Dame of Maryland is a paradigmatic story of change in US higher education. Similarly representative is her account of the school's effort from the late 1960s to the present to maintain its identity as a women's liberal arts college. Thanks to generous funding from the Cushwa Center at the University of Notre Dame, the ebook editions of this book are available as Open Access (OA) volumes from Cornell Open: cornellpress.cornell.edu/cornell-open and other Open Access repositories.

Examining Billy Graham's Theology of Evangelism Thomas P. Johnston, 2003-03-12 *Examining Billy Graham's Theology of Evangelism* was written to advance an unbiased understanding of Billy Graham's theology and practice. Theological examination of Graham's sermons revealed four distinct eras in his theology and practice: The Early Graham (pre 1949), The Early Graham (1949-1955), The Middle Graham (1955-1965), and The Later Graham (1965-present). In each of these eras, Graham portrayed a discernible and distinct approach to defining evangelism, theological nomenclature, and cooperative strategy. No literature on Billy Graham discusses in combination this evolution in Graham's theology and practice. You are invited to take a fresh look at the teaching and practice of this man who has touched millions of lives through the proclamation of the Gospel of Jesus Christ.
