Recollections of a World War II Bombardier

The background of the cover is a photograph. In the foreground, there is a large, dark, cylindrical structure, possibly a silo or a large barrel, which is out of focus. In the background, a B-29 bomber is flying over a landscape that appears to be a mix of water and land, with a cloudy sky above. The overall tone is historical and somber.

Not Without Honor Steve Carano, John C. Bitzer, Bill Blackmon, 2008-09-01 Offers a personal account of a soldier who was held for eighteen months in Stalag 17 b after his bomber was shot down over the Dutch coast and the diverse experiences he had while there that helped him keep psychologically strong enough to survive the harrowing ordeal

Rise of the War Machines Raymond Patrick O'Mara, 2022-03-15 Rise of the War Machines The Birth of Precision Bombing in World War II examines the rise of autonomy in air warfare from the inception of powered flight through the first phase of the Combined Bomber Offensive in World War II Raymond P O Mara builds a conceptual model of humans machines and doctrine that demonstrates a distinctly new way of waging warfare in human machine teams Specifically O Mara examines how the U S Army s quest to control the complex technological and doctrinal system necessary to execute the strategic bombing mission led to the development of automation in warfare Rise of the War Machines further explores how the process of sharing both physical and cognitive control of the precision bombing system established distinct human machine teams with complex human to human and human to machine social relationships O Mara presents the

precision bombing system as distinctly socio technical constructed of interdependent specially trained roles the pilot navigator and bombardier purpose built automated machines the Norden bombsight specialized navigation tools and the Minneapolis Honeywell C 1 Autopilot and the high altitude daylight bombing doctrine all of which mutually shaped each other's creation and use

Flying against Fate S. P. MacKenzie, 2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers' superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers *Flying against Fate* expands our understanding of a major aspect of the psychology of war in the air and of World War II

Mighty by Sacrifice James L. Noles, James L. Noles (Jr.), 2009-07-26 Dispatched on what was to be an easy assignment of attacking the Privoser Oil Refinery and associated railroad yards at Moravska Ostrava Czechoslovakia the 20th Squadron of the 2nd Bombardment Group saw the bloodiest day in their history Not a single one of the 20th Squadron's B 17 bombers returned from the mission In this book the 90 airmen on that mission provide a remarkable personal window into the Allies Combined Bomber Offensive at its height during World War II Their stories encapsulate how the U S Army Air Force built trained and employed one of the mightiest war machines ever seen These stories also illustrate however the terrible cost in lives demanded by that same machine

Prudence David Treuer, 2016-02-09 A haunting and unforgettable novel about love loss race and desire in World War II era America On a sweltering day in August 1942 Frankie Washburn returns to his family's rustic Minnesota resort for one last visit before he joins the war as a bombardier headed for the darkened skies over Europe Awaiting him are his hovering mother his distant father the Indian caretaker who's been more of a father to him than his own and Billy the childhood friend who over the years has become something much more intimate But before the homecoming can be

celebrated the search for a German soldier escaped from the POW camp across the river explodes in a shocking act of violence with consequences that will reverberate years into the future for all of them and that will shape how each of them makes sense of their lives Powerful and wholly original Prudence is a story of desire loss and the search for connection in a riven world of race and class in a supposedly more innocent era Most profoundly it s about the secrets we choose to keep the ones we can t help telling and whom and how we re supposed to love

Odyssey of a Bombardier John J. Hurt, Steven E. Sidebotham, 2014-09-26 Odyssey of a Bombardier is the illustrated Prisoner of War log that depicts the experiences of bombardier Richard M Mason in German prison camps after his B 17 Flying Fortress was shot down by the Germans in France in 1944 the final year of World War II The log follows Mason from the day his plane crashed until his liberation in April 1945 and his return home to the United States Included are such topics as medical treatment and rehabilitation for wounded prisoners of the Germans life in Stalag Luft III a difficult long march in an arctic winter to another camp the travails of prisoners in the overcrowded filthy camp at Moosburg critical food shortages and the arrival of General George Patton with the liberating forces Mason was an amateur artist and illustrated his journal with moving depictions of prison life and comradeship This book shows U S airmen demonstrating grace and courage under pressure and meeting every challenge that their imprisonment presented

MEMORIES OF WORLD WAR II VETS A. J. BROWN,2011-10-11 Many of the vets I interviewed asked me why I was interested in World War II I never forgot when Pearl Harbor was attacked I was five years old and standing at the end of the kitchen counter next to the black art deco style radio The announcer was very loud and excited but I didn t know what he was talking about My mother was at the other end of the counter standing in front of the kitchen sink washing a dish All of a sudden she turned off the water and came over to stand in front of the radio I had never seen a look on her face like that before She called my dad to come here Both of them stood in front of the radio with these shocked and unbelieving faces I never forgot that experience We next went to Sunday school and church and I remember all of the adults were talking to each other in low tones with stunned looks on their faces
