Showdown Confronting Modern America In The Western Film

Susan Flynn, Antonia Mackay

Showdown Confronting Modern America In The Western Film:

Showdown, Confronting Modern America in the Western Film John H. Lenihan, 1980 Showdown is a study of America's oldest most representative film genre the Western movie from the perspective of social allegory. It assesses scores of major and minor films to show how Westerns function as vehicles for contemporary social and political critiques of American life.

The Influence of Small States on Superpowers Richard L. Bernal, 2015-07-22 The conventional wisdom is that small developing countries exert limited if any influence on the foreign policy of superpowers in particular the United States. This book challenges that premise based on the experience of the small developing country of Jamaica and its relations with the United States. It raises the question if the foreign policy of the United States can be influenced by even a small developing country should Washington be worried.

Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 An excellent study that should interest film buffs, academics and non academics alike. *Journal of the West*. Hollywood's West examines popular perceptions of the frontier as a defining feature of American identity and history. Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens. Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO's 1931 classic *Cimarron* to Turner Network Television's recent made for TV movies. Covering topics such as the portrayal of race, women, myth and nostalgia, *Hollywood's West* makes a significant contribution to the understanding of how Westerns have shaped our nation's opinions and beliefs, often using the frontier as metaphor for contemporary issues.

Myth of the Western Carter Matthew Carter, 2018-09-17 What is the nature of the relationship between the Hollywood Western and American frontier mythology? How have Western films helped develop cultural and historical perceptions, attitudes and beliefs towards the frontier? Is there still a place for the genre in light of revisionist histories of the American West? *Myth of the Western* reinvigorates the debate surrounding the relationship between the Western and frontier mythology, arguing for the importance of the genre's socio-cultural, historical and political dimensions. Taking a number of critical theoretical and philosophical approaches, Matthew Carter applies them to prominent forms of frontier historiography. He also considers the historiographic element of the Western by exploring the different ways in which the genre has responded to the issues raised by the frontier. Carter skilfully argues that the genre has and continues to reveal the complexities and contradictions at the heart of US society. With its clear analyses of and intellectual challenges to the film scholarship that has developed around the Western over a 65 year period, this book adds new depth to our understanding of specific film texts and of the genre as a whole. A welcome resource for students and scholars in both Film Studies and American Studies.

American Western Stephen McVeigh, 2007-02-14 This wide ranging book illuminates the importance of the Western in American history. It explores the interconnections between the Western in both literature and film and the United States in the 20th century. Structured

chronologically the book traces the evolution of the Western as a uniquely American form The author argues that America's frontier past was quickly transformed into a set of symbols and myths an American meta narrative that came to underpin much of the American century He details how and why this process occurred the form and function of Western myths and symbols the evolution of this mythology and its subversions and reconstructions throughout 20th century American history The book engages with the full range of historical literary and cinematic perspectives and texts from the founding Western histories of Theodore Roosevelt and Frederick Jackson Turner to the New Western history of Patricia Nelson Limerick and Richard White

Screening American Nostalgia Susan Flynn, Antonia Mackay, 2021-08-09 This book examines American screen culture and its power to create and sustain values Looking specifically at the ways in which nostalgia colors the visions of American life essays explore contemporary American ideology as it is created and sustained by the screen Nostalgia is omnipresent selling a version of America that arguably never existed Current socio cultural challenges are played out onscreen and placed within the historical milieu through a nostalgic lens which is tempered by contemporary conservatism Essays reveal not only the visual catalog of recognizable motifs but also how these are used to temper the uncertainty of contemporary crises Media covered spans from 1930s *Gone with the Wind* to *Stranger Things* *The Americans* *Twin Peaks* the *Fallout* franchise and more

ReFocus: The Films of Delmer Daves Matthew Carter, 2016-05-25 From *Destination Tokyo* 1943 to *The Battle of the Villa Fiorita* 1965 Delmer Daves was responsible for a unique body of work but few filmmakers have been as critically overlooked in existing scholarly literature Often regarded as an embodiment of the self effacing craftsmanship of classical and post War Hollywood films such as *Broken Arrow* 1950 and *3 10 to Yuma* 1957 reveal a filmmaker concerned with style as much as sociocultural significance As the first comprehensive study of Daves's career this collection of essays seeks to deepen our understanding of his work and also to problematize existing conceptions of him as a competent conventional and even naive studio man

Movie Time James Combs, 2009-03-26 *Movie Time* is a study of temporal mythmaking in American popular movies The work is rooted in American pragmatic philosophy and contemporary traditions of inquiry in the social sciences and humanities It proceeds on the premise that social beings and social orders are interested in the mediation of time and attempt to make sense of their present world through the reconstruction of important pasts of interest in the present develop new presents with the help of popular expressions which define new situations and responses for a new time and foresee possible futures which impinge upon life in the here and now In particular the work focuses on the subsequent treatment of the American 1950s in films set in that era beginning in the 1970s and continuing with an effort to create a rough taxonomy of mythemes in such retrospective films and why it is that future times would find the Fifties to be so important that people wish to revisit it Too the mediation of time includes the development of a new present in this case the emergence of conservatism as a social force in the 1970s and beyond The movies were an important form of expression in the dramatization of the conservative myth leading to the pervasion of

conservative leaders and ideologies into the new century Finally the unrealized but imminent future of the country and world was increasingly on people s minds as both millennial hopes and fears and unanticipated threats began to emerge at century s end so movies which anticipated alternative futures appeared in response to that prospective interest It is hoped that this present inquiry will stimulate further work on the social relevance of popular expression and in particular the social mediation of time

Redrawing the Western William Grady,2024-11-12 A history of American Western genre comics and how they interacted with contemporaneous political and popular culture Redrawing the Western charts a history of the Western genre in American comics from the late 1800s through the 1970s and beyond Encompassing the core years in which the genre was forged and prospered in a range of popular media Grady engages with several key historical timeframes from the origins of the Western in the nineteenth century illustrated press through fin de si cle anxieties with the closing of the frontier and the centrality of cowboy adventure across the interwar postwar and high Cold War years to the revisions of the genre in the wake of the Vietnam War and the Western s continued vitality in contemporary comics storytelling In its study of stories about vengeance conquest and justice on the contested frontier Redrawing the Western highlights how the simplistic conflicts common in Western adventure comics could disguise highly political undercurrents providing young readers with new ways to think about the contemporaneous social and political milieu Besides tracing the history forms and politics of American Western comics in and around the twentieth century William Grady offers an original reassessment of the important role of comics in the development of the Western genre ranking them alongside popular fiction and film in the process

High Noon Phillip Drummond,2019-07-25 Made in 1951 High Noon rapidly became one of the most celebrated and controversial Hollywood dramas of the post war period A grave taut western about community and violence High Noon collected a clutch of Oscars helped to re establish the dwindling fortunes of its star Gary Cooper and confirmed the stature of director Fred Zinnemann and producer Stanley Kramer The film was also a flashpoint for the conflict between the US film industry and McCarthyite anti communism writer and associate producer Carl Foreman was hounded off the production and blacklisted Phillip Drummond offers a detailed account of High Noon s troubled production context and its early public reception along with career summaries of the key participants He analyzes the dramatic organization of the film with close reference to the original short story and Carl Foreman s script and concludes with an invaluable overview of the long history of critical debates focusing on questions of social identity and gender The result is a fresh and nuanced reading of a major classic Phillip Drummond is Lecturer in Film and Media Studies at the Institute of Education University of London UK

Cowboys of the Americas Richard W. Slatta,1990-01-01 Lavishly illustrated with photographs paintings and movie stills this Western Heritage Award winning book explores what life was actually like for the working cowboy in North America If you read only one book on cowboys read this one Journal of the Southwest

Radical Frontiers in the Spaghetti Western Austin Fisher,2011-08-30 Ever more popular in the age of DVDs eBay and online fandom the Spaghetti Westerns of

the 1960s have undergone a mainstream renaissance which has nevertheless left their intimate relationship to the troubled politics of 1960s Italy unexamined Radical Frontiers reappraises the genre in relation to the revolutionary New Left and the events of 1968 to uncover the complexities of a cinematic milieu too often dismissed as formulaic and homogeneous Establishing the backdrop of post war Italy in which the Roman studio system actively blended Italian and American culture Austin Fisher looks in detail at the works of Damiano Damiani Sergio Sollima Sergio Corbucci Giulio Questi and Giulio Petroni and how these directors reformatted the Hollywood Western to yield new resonance for militant constituencies and radical groups Radical Frontiers identifies the main variants of these militant Westerns which brazenly endorsed violent peasant insurrection in the Mexico of the popular imagination turning the camera on the hitherto heroic colonialists of the West and exposing the brutal mechanisms of a society infested with latent fascism The ways in which the films artistic failures reflect the ideological confusions of the radical groups is examined and the genre s legacy is reappraised as the revolutionary energy of Italy s New Left becomes subsumed amidst the conflicting agendas of New Hollywood blaxploitation and the grindhouse revival of Tarantino Rodriguez and Raimi Reclaiming the Spaghetti Western from the domain of the merely cool and repositioning it within the spectrum of late 1960s radical cinema Radical Frontiers analyses the genre s narrative and cinematographic inscriptions in their political context to uncover Far Left doctrines in these tales of outlaws and sheriffs banditry and redemptive violence

Cinema and Unconventional Warfare in the Twentieth Century Paul B. Rich, 2018-08-23 Cinematic representations of unconventional warfare have received sporadic attention to date However this pattern has now begun to change with the rise of insurgency and counter insurgency in Iraq and Afghanistan and the growing importance of jihadist terrorism in the wake of 9 11 This ground breaking study provides a much needed examination of global unconventional warfare in 20th century filmmaking with case studies from the United States Britain Ireland France Italy and Israel Paul B Rich examines Hollywood s treatment of counter terrorism and counter insurgency in the United States British post colonial insurgencies in Malaya and Kenya and British special operations in the Second World War the Irish conflict before and during the Troubles French filmmaking and the reluctance to deal with the bitter war in Algeria in the 1950s Italian neorealism and its impact on films dealing with urban insurgency by Roberto Rossellini Nanni Loy and Gillo Pontecorvo and Israel and the upsurge of Palestinian terrorism Whilst only a small number of films on these conflicts have been able to rise above stereotyping insurgents and terrorists in some cases due to a pattern of screen orientalism Cinema and Unconventional Warfare in the Twentieth Century stresses the positive political gains to be derived from humanizing terrorists and terrorists movements especially in the context of modern jihadist terrorism This is essential reading for academics postgraduates and advanced undergraduates interested in 20th century military history politics and international relations and film studies

The American West Michael P. Malone, Richard W. Etulain, 1989-01-01 Chronicles the history of the American West in the twentieth century tracing economical political social and cultural

developments in the region from the turn of the century to the 1980s Hollywood's Indian Peter Rollins,2011-01-23 Offering both in depth analyses of specific films and overviews of the industry s output Hollywood s Indian provides insightful characterizations of the depiction of the Native Americans in film This updated edition includes a new chapter on Smoke Signals the groundbreaking independent film written by Sherman Alexie and directed by Chris Eyre Taken as a whole the essays explore the many ways in which these portrayals have made an impact on our collective cultural life **The A to Z of Westerns in Cinema** Paul Varner,2009-09-28 When the earliest filmgoers watched The Great Train Robbery in 1903 many of them shrieked in terror at the very last clip when one of the outlaws turns directly toward the camera and fires a gun seemingly directly at the audience The puff of smoke was sudden and it was hand colored so that it looked real Today we can look back at that primitive movie and see all the elements of what would evolve into the Western genre Perhaps it is the Western s early origins The Great Train Robbery was the first narrative commercial movie or its formulaic yet entertaining structure that has made the Western so popular Whatever the case may be with the recent success of films like 3 10 to Yuma and The Assassination of Jesse James by the Coward Robert Ford the Western appears to be in no danger of disappearing The story of the western is told in The A to Z of Westerns in Cinema through a chronology a bibliography and an introductory essay However it is the hundreds of cross referenced dictionary entries on cinematographers composers producers films like Butch Cassidy and the Sundance Kid Dances With Wolves The Good The Bad and the Ugly High Noon The Magnificent Seven The Searchers Tombstone and Unforgiven such actors as Gene Autry Kirk Douglas Clint Eastwood Henry Fonda James Stewart and John Wayne and directors like John Ford and Sergio Leone that will have you reaching for this book again and again A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance **With Amusement for All** LeRoy Ashby,2006-05-12 With Amusement for All is a sweeping interpretative history of American popular culture Providing deep insights into various individuals events and movements LeRoy Ashby explores the development and influence of popular culture from minstrel shows to hip hop from the penny press to pulp magazines from the NBA to NASCAR and much in between By placing the evolution of popular amusement in historical context Ashby illuminates the complex ways in which popular culture both reflects and transforms American society He demonstrates a recurring pattern in democratic culture by showing how groups and individuals on the cultural and social periphery have profoundly altered the nature of mainstream entertainment The mainstream has repeatedly co opted and sanitized marginal trends in a process that continues to shift the limits of acceptability Ashby describes how social control and notions of public morality often vie with the bold erotic and

sensational as entrepreneurs finesse the vagaries of the market and shape public appetites Ashby argues that popular culture is indeed a democratic art as it entertains the masses provides opportunities for powerless and disadvantaged individuals to succeed and responds to changing public hopes fears and desires However it has also served to reinforce prejudices leading to discrimination and violence Accordingly the study of popular culture reveals the often dubious contours of the American dream With Amusement for All never loses sight of pop culture s primary goal the buying and selling of fun Ironically although popular culture has drawn an enormous variety of amusements from grassroots origins the biggest winners are most often sprawling corporations with little connection to a movement s original innovators Robert Altman's McCabe & Mrs. Miller Robert T. Self,2007 Reclaims reframes and reexamines one of acclaimed maverick filmmaker Robert Altman s most accomplished and admired movies McCabe Mrs Miller as a commentary on Western history the Western film the times from which it emerged and as a tribute to a neglected masterpiece of American cinema John Wayne Randy Roberts,1997-01-01 John Wayne remains a constant in American popular culture Middle America grew up with him in the late 1920s and 1930s went to war with him in the 1940s matured with him in the 1950s and kept the faith with him in the 1960s and 1970s In his person and in the persona he so carefully constructed middle America saw itself its past and its future John Wayne was his country s alter ego Thus begins John Wayne American a biography bursting with vitality and revealing the changing scene in Hollywood and America from the Great Depression through the Vietnam War During a long movie career John Wayne defined the role of the cowboy and soldier the gruff man of decency the hero who prevailed when the chips were down But who was he really Here is the first substantive serious view of a contradictory private and public figure

Embracing the Song of Expression: An Psychological Symphony within **Showdown Confronting Modern America In The Western Film**

In a world used by screens and the ceaseless chatter of fast communication, the melodic splendor and psychological symphony produced by the prepared term often disappear in to the background, eclipsed by the persistent sound and disruptions that permeate our lives. But, situated within the pages of **Showdown Confronting Modern America In The Western Film** a stunning fictional value filled with natural feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this charming masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden tunes and profound impact resonating within each carefully crafted phrase. Within the depths of the moving analysis, we will discover the book is central harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
