Bulletin of the New York Public Library New York Public Library,1932 Includes its Report 1896 19 **The A to Z of Sweden** Irene Scobbie,2010-05-11 Once part of the Kalmar Union along with Denmark and Norway the Kingdom of Sweden broke free in order to govern itself in the early 1500s and for more than a century afterwards it was a

force to be reckoned with At its peak it was twice the size that it is today but with the secession of Finland in 1809 and the rise of Russia Sweden changed its path and instead turned toward neutrality and a peaceful existence Today Sweden boasts a healthy economy and it is an important member of the European Union as well a major contributor to international activities The A to Z of Sweden relates the history of Sweden through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on significant persons events and institutions this dictionary provides information ranging from politics to economics from education to religion and from music to literature **A.L.A. Booklist** ,1933 The Booklist ,1933 **Historical Dictionary of Sweden** Elisabeth Elgán,Irene Scobbie,2015-09-17 Sweden s transformation in the last century was brought about not by the military prowess of exceptional Swedes indeed neutrality has been a key element in Swedish policy for almost two centuries but by the creative ability of its people Sweden has emerged as a model welfare state and a well ordered democracy to which economists sociologists feminists architects and scientists from sophisticated nations have paid study visits Sweden now depends on international trade to preserve its high standard of living and in a world of harsh international competition often has to struggle to maintain its welfare system and its reputation Despite its present difficulties however it remains one of the world s most advanced and affluent democracies This third edition of Historical Dictionary of Sweden contains a chronology an introduction appendixes an extensive bibliography and a dictionary section with more than 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sweden *Royal Portraits in Hollywood* Elizabeth A. Ford,Deborah C. Mitchell,2009-06-26 Few lives provide as much history or drama as those of monarchs Filmmakers from the silent era to onward have displayed a deep fascination with the lives of royalty and with queens in particular Still the question remains what do these films really tell us about the women beneath the crowns Drawing on films from the 1930s to those of today *Royal Portraits in Hollywood Filming the Lives of Queens* investigates the ways in which these films reproduce history and represent women Though hardly progressive in nature many early films offered an acceptable nonthreatening way to present strong female characters in an economic and social landscape run almost exclusively by men Authors Elizabeth Ford and Deborah Mitchell track the evolution of queens on film noting how depictions of prominent women have changed over the past several decades and calling attention to the ways in which films both reflect and dictate the social norms of their eras By comparing historical records of monarchs such as Queen Christina of Sweden Catherine the Great Cleopatra and Elizabeth I with their onscreen personas and examining the biographical details of the actresses who portrayed these women Ford and Mitchell present a fascinating inquiry into issues of historical accuracy and gender politics in film **Foylibra** ,1931 Issues for Feb 1933 include the monthly book circle bulletin formerly the Book of the month bulletin The same material issued also by James Thin or Henry Sotheran ltd as Books of the month with which is incorporated
