literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture. Known for its hybrid constitution and deeply ingrained oral traditions, Cajun culture provides an ideal testing ground for investigating the collective memory of a group. In particular, francophone and anglophone Cajun texts by such writers as Jean Arceneaux, Tim Gautreaux, Jeanne Castille, Zachary Richard, Ron Thibodeaux, Darrell Bourque, and Kirby Jambon reveal not only a shift from an oral to a written tradition. They also show hybrid perspectives on the Cajun collective memory. Based on recurring references to place, the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references. The Cajun collective memory is thus defined by a transnational outlook, a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture. Cajun Literature and Cajun Collective Memory represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory.

Strange Maine Michelle Y. Souliere, 2012-05-22 Maine is well known as a land of fresh air and clean water as the home of L.L. Bean and as one of the most popular camping and outdoor recreation destinations in the country. But what lies behind this idyllic facade? Unmapped roads. Whispering rocks. Deadening fog. Ghost pirates. Lonely islands. THINGS in the woods. This is the great state of Maine, home of Stephen King, land of the Great Northern Woods, and all the mystery that lies within their dark footprint. What better setting than this for tales of strange creatures, murderers, madmen, and eccentric hermits? From the Headless Halloween of 1940 to the mystery of who lies in the grave of V.P. Coolidge, from Bigfoot sightings to the witch's grave in a Portland cemetery, writer and illustrator Michelle Souliere brings to life these strange but true tales from the Pine Tree State.

Voices of the Formerly Enslaved in Louisiana Andrea Livesey, 2025-09-17 In the 1930s, thousands of formerly enslaved Americans were interviewed across the United States as part of the Works Progress Administration's Federal Writers Project. While most of those interviews were subsequently published, Louisiana's were not. Gathered here for the first time in complete and contextualized form are the full interviews with the formerly enslaved in Louisiana, the transcripts of which had been separated, fragmented, and distributed throughout archives in the state. Reassembled and analyzed by historian Andrea Livesey, the interviews are critical for understanding how Black Louisianans experienced enslavement but also resisted and built distinctive cultures, communities, and families in spite of it. Equally important is the testimony of how they negotiated emancipation and built relationships after freedom. Livesey discusses the impact of Lyle Saxon, a well-known writer who headed the Louisiana branch of the Writers Project, and Louisiana poet Marcus B. Christian, who led the segregated Black unit. Other unique aspects of the collection are interviews in Kouri Vini and Louisiana French and descriptions of Voodoo, Marie Laveau, and medicine practiced in Black communities of the era. Livesey invites readers to pay critical attention to how the interviewers may have influenced the narrative preserved in the archive through interpersonal dynamics or editing as they transcribed the interview. Alongside the extended introduction to the volume, this

analysis sheds light on the administrative structures and racialized dynamics that initially shaped the interviews **Global Indigenous Horror** Naomi Simone Borwein,2025-04-15 Contributions by Katrin Althans Jayson Althofer Naomi Simone Borwein Persephone Braham Krista Collier Jarvis Shane Hawk Jade Jenkinson June Scudeler and Sabrina Zacharias Global Indigenous Horror is a collection of essays that positions Indigenous Horror as more than just a genre but as a narrative space where the spectral and social converge where the uncanny becomes a critique and the monstrous mirrors the human While contentions swirl around the genre category this exploratory anthology is the first critical edited collection dedicated solely to ways of theorizing and analyzing Indigenous Horror literature The essays curated by scholar Naomi Simone Borwein ask readers to consider what Global Indigenous Horror is and to whom The volume opens with a preface by international bestselling horror writer Shane Hawk enrolled Cheyenne Arapaho Hidatsa and Potawatomi descent followed by an overview of Global Indigenous Horror trends aesthetics and approaches The carefully selected contributions explore Indigenous Horror literature and mixed media narratives worldwide unraveling the intricate dynamics between the local and global traditional and contemporary and human and monstrous Contributor chapters are grouped not by geographical or cultural variation but along a spectrum from a strong emphasis on ways of knowing to a critical inspection of Horror through Indigenous Gothic aesthetics across cultural boundaries and against and beyond nation states Encyclopedia of American Folklore Linda Watts,2020-07-01 Folklore has been described as the unwritten literature of a culture its songs stories sayings games rituals beliefs and ways of life Encyclopedia of American Folklore helps readers explore topics terms themes figures and issues related to this popular subject This comprehensive reference guide addresses the needs of multiple audiences including high school college and public libraries archive and museum collections storytellers and independent researchers Its content and organization correspond to the ways educators integrate folklore within literacy and wider learning objectives for language arts and cultural studies at the secondary level This well rounded resource connects United States folk forms with their cultural origin historical context and social function Appendixes include a bibliography a category index and a discussion of starting points for researching American folklore References and bibliographic material throughout the text highlight recently published and commonly available materials for further study Coverage includes Folk heroes and legendary figures including Paul Bunyan and Yankee Doodle Fables fairy tales and myths often featured in American folklore including Little Red Riding Hood and The Princess and the Pea American authors who have added to or modified folklore traditions including Washington Irving Historical events that gave rise to folklore including the civil rights movement and the Revolutionary War Terms in folklore studies such as fieldwork and the folklife movement Holidays and observances such as Christmas and Kwanzaa Topics related to folklore in everyday life such as sports folklore and courtship dating folklore Folklore related to cultural groups such as Appalachian folklore and African American folklore and more A Field Guide to Demons, Vampires, Fallen Angels and Other Subversive Spirits Carol K.
