The Journey Reflections of a Time Before James Lagoski,2011-03-26 While preparing this book for publication I really began to think of just how much The Journey became my purpose When I first started writing poetry around 15 years ago I was simply trying to find a way to describe the emotions that were consuming me within at the time My friend of 22 years committed suicide on Nov 18 1993 After writing poems afterwards for a couple years I had decided to create a 100 page book in order to keep a promise I d made to Bill that his name would live on far past his death Today this book marks the 10th edition since that first book Follow Your Dreams Someday They Will Come True James Lagoski

The Journey Ahead or Behind James Lagoski,2005-01-25 Most of the poems within this second chapter of The Journey series were written between 1996 1998 My style and technique as well as my ability to deliver some sort of a message was starting to develop This would have been the time period when I was first introduced to the Internet and the ability to have readers other than just family and friends A real audience to see what type of actual reactions do others have towards my thoughts The comments about how my poetry was really connecting with people just astounded me These poems are left written in a simple and basic manner so that they relate to readers of both young and mature audiences I want teenagers to enjoy it as well as the older generations so I try to keep the word interpretation at a fairly easy and understandable level This is something that I still try to maintain in my writing today I hope you enjoy these reflections of life that I offer to all and are enhanced by a few of them
