Re-living the American Frontier Nancy Reagin, 2021-12-01. The historic and mythic elements of the American Old West: covered wagon, trains, herds of buffalo, teepee villages, Indigenous warriors on horseback, cowboys on open ranges and white settlers taming a wilderness with their plows and log cabins have exerted a global fascination for more than 200 years and became the foundation for fan communities who have endured for generations. This book examines some of those communities, particularly German fans inspired by the authors of Westerns such as Karl May and American enthusiasts of Laura Ingalls Wilder's Little House on the Prairie series. But the Old West, like all visions of the past, proved to be shifting cultural terrain. In both Germany and the U.S., Western narratives of white settlement were once seen as apolitical and were widely accepted by white people. But during the Nazi period in Germany and in East Germany after 1945, the American West was reevaluated and politically repurposed. Then, during the late twentieth century, understandings of the West changed in

the U S as well while the violence of white settler colonialism and the displacement of Indigenous peoples became a flashpoint in the culture wars between right and left Reagan shows that the past that fans seek to recreate is shaped by the changing present as each new generation adapts and relives their own West **Little House, Long Shadow** Anita Clair Fellman, 2008-05-21 Beyond their status as classic children s stories Laura Ingalls Wilder s Little House books play a significant role in American culture that most people cannot begin to appreciate Millions of children have sampled the books in school played out the roles of Laura and Mary or visited Wilder homesites with their parents who may be fans themselves Yet as Anita Clair Fellman shows there is even more to this magical series with its clear emotional appeal a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond In Little House Long Shadow a leading Wilder scholar offers a fresh interpretation of the Little House books that examines how this beloved body of children s literature found its way into many facets of our culture and consciousness even influencing the responsiveness of Americans to particular political views Because both Wilder and her daughter Rose Wilder Lane opposed the New Deal programs being implemented during the period in which they wrote their books reflect their use of family history as an argument against the state s protection of individuals from economic uncertainty Their writing emphasized the isolation of the Ingalls family and the family s resilience in the face of crises and consistently equated self sufficiency with family acceptance security and warmth Fellman argues that the popularity of these books abetted by Lane s overtly libertarian views helped lay the groundwork for a negative response to big government and a positive view of political individualism contributing to the acceptance of contemporary conservatism while perpetuating a mythic West Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter Fellman explores the continuing presence of the books and their message in modern cultural institutions from classrooms to tourism newspaper editorials to Internet message boards Little House Long Shadow shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political assumptions It is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations and suggests that sources other than political rhetoric have contributed to Americans renewed appreciation of individualist ideals *The Child Who Walks Alone* Anne Stilwell, Hart Stilwell, 2014-06-23 There is an old song that goes Look down look down that lonesome road before you travel on Facing that lonesome road the adult might travel on Often the child can t During her twenty year career as a school social worker Anne Stilwell worked with two thousand problem children She and her husband professional writer Hart Stilwell present here twenty one factual accounts of children who suffered rejection in the public schools Some of the children in these accounts are unusually bright and some are mentally retarded They are belligerent and destructive or withdrawn They are from broken homes or happy homes from the slums or Middle America They are blacks Chicanos and Anglos There is only one common denominator among these children tragedy Every classroom teacher will gain from this sympathetic evaluation of

the problems faced by children in the public schools No one who reads this book can remain unaware of major areas that call for deep concern on the part of educators and parents The Stilwells have described school children and their problems and at the same time offered telling portraits of the families of which the youngsters are a part In the struggle to see that the problem child has a chance to develop and advance within the limits of his or her ability parents teachers administrators and social workers must work together or all fail When they fail the child must walk alone The authors objective in presenting these cases is to show what has happened and does happen and to encourage others to work for change A prominent educator describes their account as an exceptionally worthwhile teaching document stimulating touching well written and honest While this book was originally written in 1972 the issue of rejection in the public schools is sadly still timely **Craft Activism** Joan Tapper,2011 An inspiring celebration of a growing movement Crafters working to change the world and build community share their experiences tips and advice on living teaching and promoting a more meaningful DIY lifestyle *The Ladies' Repository* ,1861 The idea of this women s magazine originated with Samuel Williams a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey s Lady s Book and Snowden s Lady s Companion Written largely by ministers this exceptionally well printed little magazine contained well written essays of a moral character plenty of poetry articles on historical and scientific matters and book reviews Among western writers were Alice Cary who contributed over a hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a peice of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900
