Danticat's literary representations, political commentary, and personal activism have proven vital to classroom and community work imagining radical futures. Among increasing anti-immigrant sentiment and containment and rampant ecological volatility, Danticat's contributions to public discourse, art, and culture deserve sustained critical attention. These essays offer essential perspectives to scholars, public intellectuals, and students interested in African diasporic, Haitian, Caribbean, and transnational American literary studies. This collection frames Danticat's work as an indictment of statelessness, racialized and gendered state violence, and the persistence of political and economic margins. The first section of this volume, *The Other Side of the Water*, engages with Danticat's construction and negotiation of nation both in Haiti and the United States; the broader diaspora; and her own, her family's, and her fictional characters' places within them. The second section, *Welcoming Ghosts*, delves into the ever-present specter of history and memory, prominent themes found throughout Danticat's work. From origin stories to broader Haitian histories, this section addresses the underlying traumas involved when remembering the past and its relationship to the present. The third section, *I Speak Out*, explores the imperative to speak, paying particular attention to the narrative form with which such telling occurs. The fourth and final section, *Create Dangerously*, contends with Haitians' activism, community building, and the political and ecological climate of Haiti and its diaspora.
