Maternal-Child Nursing Care Optimizing Outcomes for Mothers, Children, & Families Susan Ward,Shelton Hisley,2015-06-03 It offers the perfect

balance of maternal and child nursing care with the right depth and breadth of coverage for students in today's maternity pediatric courses. A unique emphasis on optimizing outcomes, evidence-based practice, and research supports the goal of caring for women, families, and children not only in traditional hospital settings but also wherever they live, work, study, or play. Clear, concise, and easy to follow, the content is organized around four major themes: holistic care, critical thinking, validating practice, and tools for care that help students to learn and apply the material.

All-in-One Nursing Care Planning Resource - E-Book Pamela L. Swearingen, Jacqueline Wright, 2019-01-14 NEW UNIQUE Interprofessional patient problems focus familiarizes you with how to speak to patients and other medical colleagues in the consistent interprofessional language of patient problems rather than the nursing-specific language of nursing diagnosis. NEW Care plans help you to support the lesbian, gay, bisexual, transgender, queer, questioning, or intersex patient. NEW Updated content throughout reflects the latest evidence-based treatment guidelines and national and international clinical practice guidelines.

Pain Management Nursing American Society for Pain Management Nursing, American Nurses Association, 2005. This book sets out standards on school nursing developed by the American Nurses Association. Composed of two sets: the Standards of Practice and the Standards of Professional Performance, these standards define how outcomes for school nurse activities can be measured. Also included in the book is a detailed statement on the scope of school nursing practice. A glossary is included.
