Painters of the Bauhaus Eberhard Roters, 1969 Translatin of Maler am Bauhaus Bibliography p 207 209 *Painters of the Bauhaus* Marlborough Fine Art (London) Ltd, 1962 *Painters of the Bauhaus* Marlborough Fine Art Ltd, 1962

Women's Work Sigrid Weltge-Wortmann, 1993 Resurrecting the work of gifted craftswomen too long denied their place as pioneers in their field *Women's Work Textile Art from the Bauhaus* unearths a missing chapter in the story of the most important institution in the history of modern design The Bauhaus defined modern design in the twentieth century As the preeminent design phenomenon of the era almost every aspect of it has been minutely examined Yet the Weaving Workshop the longest standing and most successful of all Bauhaus workshops has been neglected for one simple reason when the first wave of brilliantly talented women arrived at the school they soon discovered that Bauhaus founder Walter Gropius could not sustain his ringing declaration of equality between the beautiful and the strong gender Textiles in the hierarchy of art and design were to be women's work Their results however were remarkable both in the early days of artistic expression in Weimar and in later developments in the textile industry The craftswomen responded to the demands of advanced technology with fabrics that incorporated new or unusual materials such as Cellophane leather and early synthetics which had acoustic and light reflecting properties They produced multi layered fabrics cloths with double and triple weaves and later made extensive use of the jacquard loom The result was a rebirth of hand weaving and new professionalism in designing textiles for mass production In this model study superlatively documented with rare or little seen photographs of the textiles and their makers Sigrid Wortmann Weltge captures the heady atmosphere of creative excitement at the Bauhaus Original archival research and interviews both with survivors and their students and with leading contemporary designers detail the workshop's history and its enduring legacy When the Nazis closed the institution in 1933 its members dispersed to Switzerland Holland England France Russia Mexico and throughout the United States their ideals and influence live on in marvelous fabrics still being produced today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Painters of the Bauhaus Marlborough fine art (Londra), 1962 *Painters of the Bauhaus, March-April 1962* Marlborough Fine Art Ltd, 1962 *The New Vision* László Moholy-Nagy, 2012-03-14 This book a valuable introduction to the Bauhaus movement is generously illustrated with examples of students experiments and typical contemporary achievements The text also contains an autobiographical sketch **Bauhaus Effects in Art, Architecture, and Design** Kathleen

James-Chakraborty, Sabine T. Kriebel, 2022-04-21 Bringing together an international team of scholars this book offers new perspectives on the impact that the Bauhaus and its teaching had on a wide range of artistic practices Three of the fields in which the Bauhaus generated immediately transformative effects were housing typography and photography Contributors go further to chart the surprising relation of the school to contemporary developments in hairstyling and shop window display in unprecedented detail New scholarship has detailed the degree to which Bauhaus faculty and students set off around the

world but it has seldom paid attention to its impact in communist East Germany or in countries like Ireland where no Bauhausler settled. This wide-ranging collection makes clear that a century after its founding many new stories remain to be told about the influence of the twentieth century's most innovative arts institution. The book will be of interest to scholars working in art history, design history, photography and architectural history. Bauhaus Women Elizabeth Otto, Patrick Rössler, 2019-03-21. Forty-five key women of the Bauhaus movement. Bauhaus Women: A Global Perspective reclaims the other half of Bauhaus history, yielding a new understanding of the radical experiments in art and life undertaken at the Bauhaus and the innovations that continue to resonate with viewers around the world today. The story of the Bauhaus has usually been kept narrow, localised to its original time and place and associated with only a few famous men such as Walter Gropius, Marcel Breuer, Paul Klee, Wassily Kandinsky and László Moholy-Nagy. Bauhaus Women: A Global Perspective bursts the bounds of this slim history by revealing fresh Bauhaus faces. Forty-five Bauhaus women unjustifiably forgotten by most history books. This book also widens the lens to reveal how the Bauhaus drew women from many parts of Europe and beyond and how through these cosmopolitan female designers, artists and architects it sent the Bauhaus message out into the world and to a global audience. **Painters of the Bauhaus**, 1962.
