These represent the Western art of the Middle Ages in 1848 those of the ancient civilizations that preceded and influenced it: Oriental, Egyptian, Greek, Etruscan and Roman and the arts of early Christians and Islam. At the origin of the Louvre existed a castle built by King Philip Augustus in 1190 and occupying the southwest quarter of the current Cour Carrée. In 1594 Henri IV decided to unite the palace of the Louvre with the palace of the Tuileries built by Catherine de Medici's. The Cour Carrée was built by the architects Lemercier and then Le Vau under the reign of Louis XIII and Louis XIV. The Department of Paintings currently has about 7 500 paintings of which 3 400 are exposed covering a period that goes from the Middle Ages to 1848 date of the beginning of the Second Republic. By including the deposits the collection is with 12 660 works the largest collection of ancient paintings in the world. With rare exceptions the works after 1848 were transferred to the Musée d'Orsay when it was created in 1986. *The Louvre* James Gardner, 2022-04-12 The centuries long history of the Louvre from humble fortress to Royal palace to the world's greatest art museum with photos and building maps. Some ten million people from all over the world flock to the Louvre each year to enjoy its incomparable art collection. Yet few of them are aware of the remarkable history of the site and buildings themselves a fascinating story that historian James Gardner elegantly chronicles in this authoritative history. More than seven thousand years ago men and women camped on a spot called le Louvre for reasons unknown. Centuries later King Philippe Auguste of France constructed a fortress there just outside the walls of a nascent Paris. Intended to protect the capital against English soldiers stationed in Normandy the fortress became a royal residence under Charles V two centuries later and then the monarchy's principal residence under the great Renaissance king François I. In 1682 when Louis XIV moved his court to Versailles the Louvre languished until the French Revolution when during the Reign of Terror in 1793 it first opened its doors to display the nation's treasures. Ever since through the Napoleonic era the Commune two World Wars to the present the Louvre has been a witness to French history and expanded to become home to a legendary art collection that includes the Mona Lisa and Venus de Milo. Includes sixteen pages of full color photos illustrating the history of the Louvre a full color map detailing its evolution from fortress to museum and black and white images throughout the narrative.
