The Paintings Of Our Lives Grace Schulman,2002-02-20 Grace Schulman s fourth collection of poetry THE PAINTINGS OF OUR LIVES celebrates earthly things while discovering inner lives Here are poems of love and marriage including a psalm for the poet s anniversary and a portrayal of her parents dancing during the Depression and poems identifying with the hungers sorrows and joys of Chaim Soutine Margaret Fuller Paul Celan and Henry James In the final sonnet sequence Schulman confronts her mother s death calling on the art of many cultures to illuminate the universality of grief **The**

Paintings of Our Lives Grace Schulman,1999-12-01 The Lives of Paintings Elsje van Kessel,2017-04-24 In sixteenth century Venice paintings were often treated as living beings As this book shows paintings attended dinner parties healed the sick made money and became involved in love affairs Presenting a range of case studies Elsje van Kessel offers a detailed examination of the agency paintings and other two dimensional images could exert This lifelike agency is not only connected to the seemingly naturalistic style of these images works by Titian Giorgione and their contemporaries illustrated here in over 150 plates It is also brought in relation to their social historical contexts meticulously unravelled through archival research Grounded in the theoretical literature on the agency of material things The Lives of Paintings contributes to Venetian studies as well as engaging with wider debates on the attribution of life and presence to images and objects

The Life and Poetry of Ted Kooser Mary K. Stillwell,2020-04-01 Like a flash of lightning it came to him the unathletic high school student Ted Kooser saw a future as a famous poet that promised everything glory immortality a bohemian lifestyle no more doing dishes no more cleaning his room and particularly important to the lonely teenager girls Unlike most kids with a sudden ambition Kooser winner of the Pulitzer Prize for Poetry and thirteenth poet laureate of the United States made good on his dream But glory was a long time coming and along the way Kooser lived the life that has made his poetry what it is as deeply grounded in family work and the natural world as it is attuned to the nuances of language Just as so much of Kooser s own writing weaves geography history and family stories into its measures so does this first critical biography consider the poet s work and life together his upbringing in Iowa his studies in Nebraska with poet Karl Shapiro as mentor his career in insurance his family life his bout with cancer and always his poetry Combining a fine appreciation of Kooser s work and life this book finally provides a fuller and more complex picture of a writer who perhaps more than any other has brought the Great Plains and the Midwest lived large and small into the poetry of our day In the Frame Jane Hedley,Nick Halpern,Willard Spiegelman,2009 The subject of In the Frame is poetic ekphrasis poems whose starting point or source of inspiration is a work of visual art The authors of these sixteen essays several of whom are poets as well as critics have a twofold purpose calling attention to the contribution women poets have made to this important genre of poetic writing and re thinking ekphrastic poetry s motives and purposes From Marianne Moore and Elizabeth Bishop to Mary Jo Salter C D Wright and Susan Wheeler many of our best women poets have done important work in this genre and when they describe confront

or speak for an image that is itself wordless their motives are not only formal but aesthetic Their poems also raise important questions from a perspective that is often but not always gender inflected about how art is made and displayed experienced and valued celebrated and commodified Jane Hedley is K Laurence Stapleton Professor of English at Bryn Mawr College Willard Spiegelman is the Hughes Professor of English at Southern Methodist University and editor in chief of the Southwest Review Nick Halpem is an associate professor in the English Department at North Carolina State University

Reading as if for Life David Dickinson, 2025-04-24 Creaking open the pages of a heavy hardback or bending the spine of a poetry book over your knee on the train squinting over curled up pages by the light of a candle or scribbling notes in the margins in the corner of a sprawling library There are many who read as if for life many for whom as David Dickinson explores reading does not just feed the mind but also the soul Reading as if for Life takes us beyond the spirituality of sacred texts and into the spiritual possibilities of secular literature the opportunity to find or empty oneself the chance to engage in silent conversation with an absent other the appreciation of beauty and art the possibility of enlightenment From Augustine of Hippo to Thomas Hardy Iris Murdoch the poetry of R S Thomas Duffy and Donne and many other literary works David Dickinson explores how writers throughout the centuries have understood and experienced their own spirituality of reading For Dickinson these myriad journeys all bring us closer to an encounter with God dreaming ourselves into a world beyond This book invites its readers to see reading as a valuable spiritual exercise

The Philosophy of Ralph Waldo Emerson Joseph Urbas, 2020-09-07 This study offers the first comprehensive account of Emerson's philosophy since his philosophical rehabilitation began in the late 1970s It builds on the historical reconstruction proposed in the author's previous book Emerson's Metaphysics and like that study draws on the entire Emerson corpus the poetry and sermons included The aim here is expository The overall though not exclusive emphasis is on identity as the first term of Emerson's metaphysics of identity and flowing or metamorphosis This metaphysics or general conception of the nature of reality is what grounds his epistemology and ethics as well as his esthetic religious and political thought Acknowledging its primacy enables a general

account like this to avoid the anti realist overemphasis on epistemology and language that has often characterized rehabilitation readings of his philosophy After an initial chapter on Emerson s metaphysics the subsequent chapters devoted to the other branches of his thought also begin with their necessary foundation in identity which is the law of things and the law of mind alike Perception of identity in metamorphosis is what characterizes the philosopher the poet the scientist the reformer and the man of faith and virtue Identity of mind and world is felt in what Emerson calls the moral sentiment Identity is Emerson s answer to the Sphinx riddle of life experienced as a puzzling succession of facts and events
