Rationale Of Textual Criticism:

A Rationale of Textual Criticism George Thomas Tanselle, 1992 A philosophic grounding for textual criticism that shows how textual criticism is an integral part of the activity of reading **A Rationale of Textual Criticism** G. Thomas Tanselle, 2010-11-24 Textual criticism the traditional term for the task of evaluating the authority of the words and punctuation of a text is often considered an undertaking preliminary to literary criticism many people believe that the job of textual critics is to provide reliable texts for literary critics to analyze G Thomas Tanselle argues on the contrary that the two activities cannot be separated The textual critic in choosing among textual variants and correcting what appear to be textual errors inevitably exercises critical judgment and reflects a particular point of view toward the nature of literature And the literary critic in interpreting the meaning of a work or passage needs to be though rarely is critical of the makeup of every text of it including those produced by scholarly editors **Textual Criticism of the Old Testament** John F. Brug, 2014-04-22 A textbook on the textual criticism of the Old Testament based on a high view of the inspiration and inerrancy of the Bible It also provides a special section on the contributions of Martin Luther as a pioneer of Old Testament textual criticism **Textual Transgressions** David Greetham, 2013-10-28 Both an intellectual autobiography and a chronicle of the ideological and methodological upheaval in textual studies during the last two decades this book presents provocative essays by one of the foremost textual scholars of our day As founder and executive director of the interdisciplinary Society for Textual Scholarship Professor Greetham has had the opportunity to observe and engage with the main players of the textual revolution during its most turbulent years and enlivens his account with revealing character sketches **A Critique of Modern Textual Criticism, Foreword by David C Greetham** McGann, 2014-07-22 This small but powerful book initiated a major shift in literary theory and method when it was first published in 1983 Starting from a critical inquiry into certain specialized issues in the practice of editing McGann gradually unfolds an argument for a general revaluation of the grounds of literary study as a whole **Key Concepts in Literary Theory** Julian Wolfreys, 2013-12-11 Key Concepts in Literary Theory presents the student of literary and critical studies with a broad range of accessible precise and authoritative definitions of the most significant terms and concepts currently used in psychoanalytic poststructuralist Marxist feminist and postcolonial literary studies The volume also provides clear and useful discussions of the main areas of literary critical and cultural theory supported by bibliographies and an expanded chronology of major thinkers Accompanying the chronology are short biographies of major works by each critic or theorist The third edition of this reliable reference work is both revised and expanded including more than 100 additional terms and concepts newly defined terms include keywords from the social sciences cultural studies and psychoanalysis and the addition of a broader selection of classical rhetorical terms an expanded chronology with additional entries and a broader historical and cultural range expanded bibliographies including key texts by major critics **Studies in the Theory and Method of New Testament**

Textual Criticism Eldon Jay Epp, Gordon D. Fee, 1993 The seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism followed by sections of essays on these topics definitions of key terms critiques of current theory and method methods of establishing textual relationships studies of the papyri with respect to text critical method and guidelines for the use of patristic evidence From publisher s description [The Text of Genesis 1-11](#) Ronald S. Hendel, 1998-07-02 Ronald S Hendel offers a careful and thorough re examination of the text of Genesis 1 11 He takes a strongly positive position on the value of the Septuagint as a reliable translation of its Hebrew parent text This position is contrary to that taken in most existing studies of the text of Genesis including some in standard editions and reference works Nevertheless Hendel shows there is an accumulating mass of evidence indicating that his position is correct Hendel begins with a discussion of theory and method and points out the lessons to be learned from the new biblical manuscripts discovered at Qumran He goes on to argue for the preparation of eclectic critical editions of books of the Hebrew Bible a task long pursued in Classical New Testament and Septuagint studies but still highly controversial with respect to the Hebrew scriptures The critical edition of Genesis 1 11 which follows is Hendel s first step toward such a comprehensive task *Textual Criticism and Middle English Texts* Tim William Machan, 1994 Textual Critical studies of medieval English literature have primarily focused on practical matters such as transcription collation recension and the identification of scribal hands But the theory of editing medieval English works remains largely unexplored Tim William Machan addresses this void by setting out to articulate the textual and cultural factors that distinctively characterize Middle English works as Middle English and to reveal the role these factors play in editing and interpretation of these works In revealing how the creation of textual criticism affected the transmission of Middle English this book will be of interest and accessible to readers relatively new to both textual criticism and Middle English It will also be of vital importance to specialists in medieval studies Renaissance studies and textual criticism **Textual Analysis** Bodil Helder, 2011 [Textual Criticism of the Bible](#) Amy Anderson, Wendy Widder, 2018-10-10 Textual Criticism of the Bible provides a starting point for the study of both Old and New Testament textual criticism In this book you will be introduced to the world of biblical manuscripts and learn how scholars analyze and evaluate all of that textual data to bring us copies of the Bible in Hebrew Aramaic and Greek that can be used for translating the Bible into modern languages Textual Criticism of the Bible surveys the field explains technical terminology and demonstrates in numerous examples how various textual questions are evaluated Complicated concepts are clearly explained and illustrated to prepare readers for further study with either more advanced texts on textual criticism or scholarly commentaries with detailed discussions of textual issues You may not become a textual critic after reading this book but you will be well prepared to make use of a wide variety of text critical resources **The Princeton Encyclopedia of Poetry and Poetics** Roland Greene, Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul

Rouzer, Harris Feinsod, David Marno, Alexandra Slessarev, 2012-08-26 Rev ed of The Princeton encyclopedia of poetry and poetics Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993

Perspectives on New Testament Textual Criticism Eldon Jay Epp, 2005-06-01 This collection of frequently cited articles and chapters published from 1962 to 2004 provides perspective on the history and development of New Testament textual criticism with descriptions and critique of the major text critical theories and methods Specific manuscripts and text types such as the Codex Bezae and the D text are discussed as well as issues such as anti Judaic tendencies the ascension narratives and the relationship of text and canon Many of the essays from the last fifteen years emphasize the earliest period and papyrus manuscripts particularly those found at Oxyrhynchus and assess their socio cultural and intellectual contexts while articles from the last five years advocate or engage the more controversial aspects of current New Testament textual criticism especially the issue of original text

Representing Modernist Texts George Bornstein, 1991 Literary scholars explore the significant yet largely ignored field of textual and editorial scholarship in the work of modern authors

The New Ezra Pound Studies Mark Byron, 2020 Essays on recent developments in Pound scholarship and research including newly available primary sources and methodological advances in cognate fields

Crux and Controversy in Middle English Textual Criticism Alastair J. Minnis, Charlotte Brewer, 1992 New essays exploring the complex issues involved in editing Middle English texts

Rhetorical Criticism Jim A. Kuypers, 2009-01-01 Covering a broad range of rhetorical perspectives *Rhetorical Criticism Perspectives in Action* presents a thorough accessible and well grounded introduction to rhetorical criticism Throughout the text sample essays written by noted experts provide students with models for writing their own criticism In addition to covering traditional modes of rhetorical criticism the volume presents less commonly discussed rhetorical perspectives for example close textual analysis mythic criticism framing analysis ideographic criticism concept oriented criticism and critical rhetoric exposing student to a wide range of material Featuring nineteen chapters all written by leading rhetoric scholars the volume offers the most comprehensive introduction to rhetorical criticism available Features The chapters are written by a nationally recognized scholar in that area giving students the best and most current research for each perspective Each chapter includes an original sample essay that gives students a model of rhetorical criticism for their own assignments Each author comments on his or her writing process to demonstrate the personal nature of criticism This unique emphasis allows students to appreciate that writing criticism is not a simple formulaic process Every chapter features a Potentials and Pitfalls section that highlights the strengths and weaknesses of the rhetorical perspective being discussed

Language, Truth, and Literature Richard Gaskin, 2013-04-18 Richard Gaskin offers an original defence of literary humanism according to which works of imaginative literature have an objective meaning which is fixed at the time of production and not subject to individual readers responses He shows that the appreciation of literature is a cognitive activity fully on a par with scientific investigation
