Raven Or A Biography Of Sam Houston 1929:

The Raven Marquis James, 1929 A reissue of the Pulitzer Prize winner **The Raven** Marquis James, 1966 **Sam Houston and Mirabeau Lamar** Christopher J. Ryan, 2018-07-27 This book is a rhetorical study of the writings of Republic of Texas presidents Sam Houston and Mirabeau Lamar which analyzes the frames applied in the writings of the two leaders to define Native Americans Presenting their individual writings as a dialogue and an argument it considers the points at which Houston and Lamar s rhetorical depictions overlapped and diverged and explores the range and overall social impact of each president s portrayal of Native Americans It prompts readers to consider the implications of such rhetorical framing both historically and through the modern day in application to a wide array of social groups **Biography by Americans, 1658-1936** Edward H. O'Neill, 2016-11-11 This volume is the most comprehensive bibliography of purely biographical material written by Americans It covers every possible field of life but by design excludes autobiographies diaries and journals **A History of American Biography, 1800-1935** Edward H. O'Neill, 2015-09-30 A survey and evaluation of the whole range of American biography from the earliest important lives to book of the present day *This Corner of Canaan* Randolph B. Campbell, 2013 Randolph B. Campbell has spent the better part of the last five decades helping Texans rediscover their history producing a stream of definitive works on the social political and economic structures of the Texas past Through meticulous research and terrific prose Campbell s collective work has fundamentally remade how historians understand Texan identity and the state s southern heritage as well as our understanding of such contentious issues as slavery westward expansion and Reconstruction Campbell s pioneering work in local and county records has defined the model for grassroots research and community studies in the field More than any other scholar Campbell has shaped our modern understanding of Texas In this collection of seventeen original essays Campbell s colleagues friends and students offer a capacious examination of Texas s history ranging from the Spanish era through the 1960s War on Poverty to honor Campbell s deep influence on the field Focusing on themes and methods that Campbell pioneered the essays debate Texas identity the creation of nineteenth century Texas the legacies of the Civil War and Reconstruction and the remaking of the Lone Star State during the twentieth century Featuring some of the most well known names in the field as well as rising stars the volume offers the latest scholarship on major issues in Texas history and the enduring influence of the most eminent Texas historian of the last half century *Trailing Clouds of Glory* Felice Flanery Lewis, 2010-03-16 This work is a narrative of Zachary Taylor s Mexican War campaign from the formation of his army in 1844 to his last battle at Buena Vista in 1847 with emphasis on the 163 men in his Army of Occupation who became Confederate or Union generals in the Civil War It clarifies what being a Mexican War veteran meant in their cases how they interacted with one another how they performed their various duties and how they reacted under fire Referring to developments in Washington D C and other theaters of the war this book provides a comprehensive picture of the early years of the conflict based on army records and the letters and

diaries of the participants *Trailing Clouds of Glory* is the first examination of the roles played in the Mexican War by the large number of men who served with Taylor and who would be prominent in the next war both as volunteer and regular army officers and it provides fresh information even on such subjects as Robert E Lee and Ulysses S Grant Particularly interesting for the student of the Civil War are largely unknown aspects of the Mexican War service of Daniel Harvey Hill Braxton Bragg and Thomas W Sherman

Texas, a Guide to the Lone Star State Best Books on,1940

Immortal Last Words Terry Breverton,2013-09-03 *Immortal Last Words* is a fascinating diverse collection of history s most uplifting entertaining and thought provoking dying remarks and final farewells The 370 entries in this book have been drawn from some of history s greatest statesmen poets scientists novelists and warriors the eminent men and women who have shaped events over the last four and a half millennia and whose final recorded words have often inspired great deeds or shed light on the nature of the human condition There are also entries are from less well known individuals who did not make such an impact on history but whose dying words are equally noteworthy as they encapsulate the spirit of the times or simply reflect the character of the speaker And finally the pages of this book contain the last words of some of most ignoble personalities in history the monsters and maniacs whose final defiant utterances prompt us to reflect on the nature of evil and man s inhumanity to man Arranged chronologically from antiquity to the present day each entry is accompanied by contextual information giving a brief biography of the author and an explanation of the circumstances that gave rise to the quotation Some of the sentiments expressed are unbelievably sad while others are optimistic some final words have become famous while others have remained obscure but all reflect the follies and greatness of mankind its heroes and villains war and peace and the absolute power of language to change our feelings and challenge our minds

Texas Rupert N. Richardson,Cary D. Wintz,Adrian Anderson,Ernest Wallace,2016-05-23 Written in a narrative style this comprehensive yet accessible survey of Texas history offers a balanced scholarly presentation of all time periods and topics From the beginning sections on geography and prehistoric people to the concluding discussions on the start of the twenty first century this text successfully considers each era equally in terms of space and emphasis

Crisis in the Southwest Richard Bruce Winders,2002-03-01 The war between the United States and Mexico was decades in the making Although Texas was an independent republic from 1836 to 1845 Texans retained an affiliation with the United States that virtually assured annexation at some point Mexico s reluctance to give up Texas put it on a collision course with the United States The Mexican War receives scant treatment in books Most historians approach the conflict as if it were a mere prelude to the Civil War The Mexican cession of 1848 however rivaled the Louisiana Purchase in importance for the sheer amount of territory acquired by the United States The dispute over slavery which had been rendered largely academic by the Missouri Compromise burst forth anew as Americans now faced the realization that they must make a decision over the institution s future The political battle over the status of slavery in these new territories was the direct cause of the Crisis of 1850 and ignited sectional differences in the decade that

followed In Crisis in the Southwest The United States Mexico and the Struggle over Texas Richard Bruce Winders provides a concise accessible overview of the Mexican War and argues that the Mexican War led directly to the Civil War by creating a political and societal crisis that drove a wedge between the North and the South While on the surface the enemy was Mexico in reality Americans were at odds with one another over the future of the nation as the issue of annexation threatened to upset the balance between free and slave states Winders also explains the military connections between the Mexican War and Civil War since virtually every important commander in the Civil War including Lee Stonewall Jackson Grant McClellan and Longstreet gained his introduction to combat in Mexico These connections are enormously significant to the way in which these generals waged war since it was in the Mexican War that they learned their trade Crisis in the Southwest provides readers with a clear understanding of the Mexican War and its relationship to the chain of events that ultimately led to the Civil War

Rivers of Texas Verne Huser,2004-03-31 Explores the landscape history geology and recreational opportunities afforded by the rivers of Texas presenting information about each river s size location tributaries discharge and special sites American Legend Buddy Levy,2006-12-05 David Crockett was an adventurer a pioneer and a media savvy national celebrity In his short but distinguished lifetime this charismatic frontiersman won three terms as a U S congressman and a presidential nomination His 1834 memoir enjoyed frenzied sales and prompted the first ever official book tour for its enormously popular author Down to earth heroic and independent to a fault the real Crockett became lost in his own hype and he s been overshadowed by a larger than life pop culture character in a coonskin cap Now American Legend debunks the tall tales to reveal the fascinating truth of Crockett s hardscrabble childhood his near death experiences his unlikely rise to Congress and the controversial last stand at the Alamo that mythologized him beyond recognition In this beautifully written narrative Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier A great myth busting story that presents Davy Crockett as a man of genius and folly which has the unlikely effect of making him all the more heroic Martin Dugard author of The Last Voyage of Columbus and Into Africa The Epic Adventures of Stanley and Livingstone As spellbinding and dramatic as any novel and as compelling as any reportage Peter Hoffer Distinguished Research Professor of History The University of Georgia

Lions of the West Robert Morgan,2012-08-21 From Thomas Jefferson s birth in 1743 to the California Gold Rush in 1849 America s westward expansion comes to life in the hands of a writer fascinated by the way individual lives link up illuminate one another and collectively impact history Jefferson a naturalist and visionary dreamed that the United States would stretch across the North American continent from ocean to ocean The account of how that dream became reality unfolds in the stories of Jefferson and nine other Americans whose adventurous spirits and lust for land pushed the westward boundaries Andrew Jackson John Johnny Appleseed Chapman David Crockett Sam Houston James K Polk Winfield Scott Kit Carson Nicholas Trist and John Quincy Adams Their stories and those of the nameless thousands who risked their lives to settle on the frontier displacing

thou sands of Native Americans form an extraordinary chapter in American history that led directly to the cataclysm of the Civil War Filled with illustrations portraits maps battle plans notes and time lines *Lions of the West* is a richly authoritative biography of America its ideals its promise its romance and its destiny **Sabotaged** James Pratt,2020-03 2020 Texas Old Missions and Forts Restoration Association Book Award Alongside the various people moving into and through the nineteenth century Texas frontier was a group of European intellectuals bent on establishing a socialist utopia near the hamlet of Dallas Their inspiration French philosopher Charles Fourier envisioned a society in which basic human ambitions would be expressed and cultivated tied together by the bonds of emotion Fourier s self appointed disciple Victor Considerant led the establishment of La R union in 1855 organized under a Paris stock company James Pratt weaves together the dramatic story of this utopia the complex tale of a diverse group of Europeans who sought a new society but were forced to face the realities of life in nineteenth century Texas Considerant s followers endured a long ocean voyage with Spanish gunboats following in their Caribbean wake They brushed blooming magnolias through Buffalo Bayou between Galveston Bay and Houston so narrow a channel that two ships could not pass simultaneously They walked for three weeks across barren country came into conflict with the Texas legislature over land and had to buy their stolen horses back from Chief Ned a famous Delaware Indian living in Texas They were buffeted in the rising political winds of abolition and droughts ruined their crops In the end however it was their flamboyant leader Victor Considerant who sabotaged their dream **Military Review** ,1930 *Daniel Webster* Harold D. Moser,2005-03-30 Daniel Webster captured the hearts and imagination of the American people of the first half of the nineteenth century This bibliography on Webster brings together for the first time a comprehensive guide to the vast amount of literature written by and about this extraordinary man who dwarfed most of his contemporaries This bibliography also provides references to materials on slavery the tariff banking Indian affairs legal and constitutional development international affairs western expansion and economic and political developments in general This bibliography is divided into fifteen sections and covers every aspect of Webster s distinguished career Sections I and II deal primarily with Webster s writings and with those of his contemporaries Sections III through X cover the literature dealing with his family background childhood and education his long service in the United States House of Representatives and in the Senate his two stints as secretary of state and his career in law Section X provides guidance in locating materials relating to his associates Finally Sections XI through XV provide coverage of his personal life his death historiographical materials and iconography **The Human Tradition in the Old South** James C. Klotter,2003 Table of contents **Union 1812** A. J. Langguth,2006 Sample Text Forgotten Texas Leader Paul N. Spellman,1999 He fought at the Battle of the Neches wrote the official report of the Council House Fight helped spur Galveston s growth into a city and at the time of his death was next in line to command the Confederate regiment that became known as Hood s Brigade BOOK JACKET
