informs the present as it infuses the future As Benj DeMott notes the aim of First of the Year is to define the democratic imperatives and demotic tones that make our ongoing politics of culture matter This annual publication is grounded in the needs of dissed people disenfranchised disadvantaged disinherited discomfited and dismissed But the concept has been sharpened to acknowledge that though the underdog is owed sympathy the mad dog is owed a bullet In short First of the Year is very much an effort of the twenty first century The publication aims to be more than a launching pad for writers It attempts to bridge the gap between radical perspectives without losing focus on the centrality of African American culture to the national conversation The coming together of figures like Armond White Kate Millett Lorenzo Thomas Russell Jacoby Adolph Reed and Amiri Baraka is quite unlike what can be found in standard literary and social publications They treat the African American condition as a policy issue or an executive summary report not as a touchstone for the state of the nation as a whole The initial volume also deals extensively and seriously with the issue of humanism and terror the nature of social movements electoral and urban politics and the musical trends of our time It does so with a sense of urgency often denied in mainstream literary reviews Issues of standards are addressed from the angle of African American cultural traditions and the mind body problem as a matter of race not just of metaphysics In a nutshell this volume intends to open a new chapter in the Harlem Renaissance or better an American renaissance with a Harlem lilt First of the Year is an attempt to make political arguments breathe through cultural voices Contributors include Sheldon Wolin Jean Bethke Elshtain Kurt Vonnegut Paul Berman Cha *The Wrecking Crew* Kent Hartman,2012-02-14 Part Hit Men and part Laurel Canyon this hidden history of rock and roll chronicles the uncredited studio musicians who provided the soundtrack for a generation *Encyclopedia of African American History, 1896 to the Present* Paul Finkelman,2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century *African American Lives* Henry Louis Gates,Evelyn Brooks Higginbotham,2004-04-29 The first book of its kind since 1982 s Dictionary of American Negro Biography African American Lives leads us into a new era of African American biographical scholarship In collaboration with Oxford University Press and the American Council of Learned Societies and with contributions from over four hundred scholars and experts in many fields the editors and their staff at the W E B Du Bois Institute for African and African American Research at Harvard University have collected in this single volume the lives of many of the most important and most interesting names in African American history BOOK JACKET

The Coveted Westside Jennifer Mandel,2022-03-29 From the middle of the nineteenth century as Euro Americans moved westward they carried with them long held prejudices against people of color By the time they reached the West Coast their new settlements included African Americans and recent Asian immigrants as well as the indigenous inhabitants and descendants of earlier Spanish and Mexican settlers The Coveted Westside deals with the settlement and development of Los Angeles in the context of its multiracial multiethnic population especially African Americans Mandel exposes the

enduring struggle between Whites determined to establish their hegemony and create residential heterogeneity in the growing city and people of color equally determined to obtain full access to the city and the opportunities including residential that it offered Not only does this book document the Black homeowners fight against housing discrimination it shares personal accounts of Blacks efforts to settle in the highly desirable Westside of Los Angeles Mandel explores the White derived social and legal mechanisms that created this segregated city and the African American led movement that challenged efforts to block access to fair housing
