

Re-Searching Black Music

Jon Michael Spencer

Re Searching Black Music

Evelyn Brooks Higginbotham

Re Searching Black Music:

Re-searching Black Music Jon Michael Spencer, 1996 In this provocative book Jon Michael Spencer offers a new paradigm for the study of African American music Proceeding from the proposition that black culture in America cannot be considered apart from its religious and philosophical roots Spencer argues that theology and musicology serving together can form the basis of a holistic integrative approach to black music and indeed to black culture in all its aspects As he shows in his opening chapters Spencer s scholarly method theomusicology derives from two fundamental intertwined attributes of African American culture its underlying rhythmicity and its thoroughly religious nature The author then applies this approach to the folk popular and classical music produced by black Americans Finally he considers the ethical implications that his re searching of black music uncovers A spiritual archaeology of music leads to a recognition that we are estranged from ourselves he writes This estrangement has occurred by virtue of our maintaining a doctrine of belief that sides the sacred spiritual and religious in respective opposition to the profane sexual and cultural The recognition of this estrangement should propel us toward reconciliation for it is the natural impulse of the ethical agent to resolve life s tensions in pursuit of human happiness While Spencer s own focus is on music he argues persuasively that theomusicology can serve as a common mode of inquiry for all African American cultural studies Thus *Re Searching Black Music* is certain to stimulate discussion debate and further study in a broad range of scholarly arenas

Researching Black Communities James S. Jackson, Cleopatra Howard Caldwell, Sherrill L Sellers, 2012-09-14 Experts from a range of disciplines offer practical advice for conducting social science research in racial and ethnic minority populations Readers will learn how to choose appropriate methods longitudinal studies national surveys quantitative analysis personal interviews and other qualitative approaches and how best to employ them for research on specific demographic groups The volume opens with a brief introduction to the difficulty of defining a population and designing a research program and then moves to illustrative examples drawn from the contributors own studies of Blacks in the United States the Caribbean and South Africa Case studies cover research on the media mental health churches work marital relationships education and family roles

Researching Music Censorship Helmi Järviluoma, Annemette Kirkegaard, Jan Sverre Knudsen, 2017-06-23 Freedom of expression and its direct counterpart censorship and silencing are increasingly gaining attention in the world of art and culture Through the growth of social media and its worldwide distribution arts and cultural products are shared and the increased visibility and audibility of culture is highlighted through iconic and pivotal clashes such as the fatwa on *The Satanic Verses* in 1989 the recurring bans on the music of Wagner the alleged censorship of playlists following 9 11 and the cartoon crisis in 2006 This volume takes the discussion directly to the field of music studies in a broad frame and insists on examining music censorship in a global perspective The book addresses the important and increasingly relevant issue of scholarship on music censorship and thus contributes to a detailed understanding of the phenomenon Often words and semantic meaning are held to be determining to

the restrictions on musicians and singers but as this collection documents the reasons for censorship might not always be found in verbal messages Rather the positioning of a more broad understanding of why and how music can convey meaning and accordingly trigger censorship and bans is at the heart of this work The complexity of music censorship includes historical structural as well as emotional listenings and interpretations of sound The topic accordingly is political as well as scholarly urgent Researching Youth Mark Cieslik,2003-11-13 Written in a clear and accessible style this book presents a broad ranging enquiry into various methodological issues associated with contemporary youth research Chapters cover a variety of topical areas including youth transitions youth in care drugs consumption and music Featuring studies by new and established youth researchers this book will be an invaluable resource for undergraduate and postgraduate students and also those carrying out more advanced research in the fields of sociology social policy health studies cultural and media studies

Researching Secular Music and Dance in the Early United States Laura Lohman,2021-05-17 This book provides a practical introduction to researching and performing early Anglo American secular music and dance with attention to their place in society Supporting growing interest among scholars and performers spanning numerous disciplines this book contributes quality new scholarship to spur further research on this overshadowed period of American music and dance Organized in three parts the chapters offer methodological and interpretative guidance and model varied approaches to contemporary scholarship The first part introduces important bibliographic tools and models their use in focused examinations of individual objects of material musical culture The second part illustrates methods of situating dance and its music in early American society as relevant to scholars working in multiple disciplines The third part examines contemporary performance of early American music and dance from three distinct perspectives ranging from ethnomusicological fieldwork and phenomenology to the theatrical stage Dedicated to scholar Kate Van Winkle Keller this volume builds on her legacy of foundational contributions to the study of early American secular music dance and society It provides an essential resource for all those researching and performing music and dance from the revolutionary era through the early nineteenth century

Who Hears Here? Guthrie P. Ramsey,2022-10-11 Introduction who hears here now Cosmopolitan or provincial ideology in early black music historiography 1867 1940 Who hears here black music critical bias and the musicological skin trade The pot liquor principle developing a black music criticism in American music studies Secrets lies and transcriptions new revisions on race black music and culture Musing new hoods making new identities film hip hop culture and jazz music Afro Modernism and music on science community and magic in the Black Avant Garde Bebop jazz manhood and piano shame Blues and the ethnographic truth Time is illmatic a song for my father a letter to my son A new kind of blue the power of suggestion and the pleasure of groove in Robert Glasper s black radio Free jazz and the price of black musical abstraction Jack Whitten s musical eye Out of place and out of line Jason Moran s eclecticism as critical inquiry African American music Onward an afterword by Shana L Redmond **The Harvard Guide to African-American History** Evelyn Brooks

Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

Researching Racism Muzammil Quraishi,Rob Philburn,2015-04-21 A welcome and overdue contribution to the field Identifying a need for an empirical guide to complement the abundant theoretical literature this book combines a variety of practical avenues of advice with analytical sophistication without losing any of the subject matter s complexities The contextual chapters are well judged and informative while readers will surely find the careful selection and very clear presentation of the case studies particularly useful in thinking through the projects from start to completion Steve Garner Open University This book offers a one stop guide to the meaning of racism key studies in the field core methodologies and an agenda for research for the future Discussing the salient aspects of race and racism in contemporary society alongside methodological and practical considerations of qualitative research in the field *Researching Racism* is not only an original textbook but also a crucial guide for anyone beginning their own research on racism Based on Muzammil Quraishi and Rob Philburn s extensive background as researchers supervisors and teachers this book offers a clear and accessible account of an interdisciplinary and complex topic incorporates historical legislative and international dimensions of race and racism outlines and illustrates a range of qualitative research methods provides case studies and engaging examples includes a tool kit for researchers of racism This is an indispensable guide for students wanting to research race and racism across the social sciences

Just My Soul Responding Brian Ward,2012-10-12 Brian Ward is Lecturer in American History at the University of Newcastle upon Tyne This book is intended for american studies American history postwar social and cultural history political history Black history Race and Ethnic studies and Cultural studies together with the general trade music

Researching African American Genealogy in Alabama Frazine Taylor,2008-05-01 Over the past two decades in workshops and personal consultations thousands of persons have have received the expertise and knowledge of author Frazine Taylor about Alabama genealogical research In addition she has taught the art to hundreds of students As Dr James Rose notes all genealogists looking for the family tree in Alabama sooner or later come across Frazine And now they have her book *Researching African American Genealogy in Alabama A Resource Guide* In the book she provides the information and guidance to help locate the resources available for researching African American records in archives libraries and county courthouses throughout the state The idea for this guidebook rose out of her lecturing throughout the country and having noticed that reference guides on African American family history resources seemed to exist for every state except Alabama This was regrettable not merely for researchers on African American history in Alabama In fact Alabama s records play an especially important role in U S family history research because of the migration patterns of Alabama s freedmen first to urban areas of Alabama and then to northern cities a trend that continued throughout the first part of the twentieth century

Nothing but Love in God's Water Robert Darden,2014-10-21 The first of two volumes

chronicling the history and role of music in the African American experience *Nothing but Love in God's Water* explores how songs and singers helped African Americans challenge and overcome slavery subjugation and suppression From the spirituals of southern fields and the ringing chords of black gospel to the protest songs that changed the landscape of labor and the cadences sung before dogs and water cannons in Birmingham sacred song has stood center stage in the African American drama Myriad interviews one of a kind sources and rare or lost recordings are used to examine this enormously persuasive facet of the movement *Nothing but Love in God's Water* explains the historical significance of song and helps us understand how music enabled the civil rights movement to challenge the most powerful nation on the planet Encyclopedia of Great Popular Song Recordings Steve Sullivan,2013-10-04 From John Philip Sousa to Green Day from Scott Joplin to Kanye West from Stephen Foster to Coldplay The Encyclopedia of Great Popular Song Recordings Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth Approximately 1 000 key song recordings from 1889 to the present are explored in full unveiling the stories behind the songs the recordings the performers and the songwriters Beginning the journey in the era of Victorian parlor balladry brass bands and ragtime with the advent of the record industry readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s The odyssey continues through the Swing Era of the 1930s rhythm the rock modern soul the British invasion and the folk rock movement of the 1960s and finally into the modern era through the musical streams of disco punk grunge hip hop and contemporary dance pop Sullivan however also takes critical detours by extending the coverage to genres neglected in pop music histories from ethnic and world music the gospel recording of both black and white artists and lesser known traditional folk tunes that reach back hundreds of years This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more about the roots of virtually all the music we hear today Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting *The Hip Hop Movement* Reiland Rabaka,2013-04-04 The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement The Hip Hop Movement explores what each of these musics and movements contributed to rap neo soul hip hop culture and the broader Hip Hop Movement Ultimately this book's remixes as opposed to chapters reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social political and cultural movement With this in mind sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics social visions and cultural values of a contemporary multi issue movement the Hip Hop Movement Rabaka argues that rap music hip hop

culture and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals blues ragtime jazz rhythm blues rock roll soul and funk and previous black popular movements such as the Black Women s Club Movement New Negro Movement Harlem Renaissance Civil Rights Movement Black Power Movement Black Arts Movement and Black Women s Liberation Movement This volume equal parts alternative history of hip hop and critical theory of hip hop challenges those scholars critics and fans of hip hop who lopsidedly over focus on commercial rap pop rap and gangsta rap while failing to acknowledge that there are more than three dozen genres of rap music and many other socially and politically progressive forms of hip hop culture beyond DJing MCing rapping beat making break dancing and graffiti writing

Humanities National Endowment for the Humanities,1987 **California Soul** Jacqueline Cogdell DjeDje,Eddie S. Meadows,1998-05-12 Documented with great care and affection this book is filled with revelations about the intermingling of peoples styles of music business interests night life pleasures and the strange ways lived experience shaped black music as America s music in California Charles Keil co author of *Music Grooves* **Humanities** ,1987 *Lining Out the Word* William T. Dargan,Isaac Watts,2006-06-27 A definitive study of the influence of hymnody on the history of African American music **Sourcebook for Research in Music, Third Edition** Allen Scott,2015-06-01 Since it was first published in 1993 the Sourcebook for Research in Music has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come Mercy, Mercy Me James C. Hall,2001 In its original account of black artistry and its recovery of overlooked works of the period *Mercy Mercy Me* marks a major contribution to our understanding of 1960s American culture **BOOK JACKET** **African American Jazz and Rap** James L. Conyers, Jr.,2015-11-03 Music is an expressive voice of a culture often more so than literature While jazz and rap are musical genres popular among people of numerous racial and social backgrounds they are truly important historically for their representation of and impact upon African American culture and traditions Essays offer interdisciplinary study of jazz and rap as they relate to black culture in America The essays are grouped under sections One examines an Afrocentric approach to understanding jazz and rap another the history culture performers instruments and political role of jazz and rap There are sections on the expressions of jazz in dance and literature rap music as art social commentary and commodity and the future Each essay offers insight and

thoughtful discourse on these popular musical styles and their roles within the black community and in American culture as a whole References are included for each essay
