Reaching For The Goal The Life Story Of David Adeney:

Reaching for the Goal Carolyn Armitage, 1993 Reaching Chinese Worldwide Wright Doyle, 2015-03-25 *Reaching Chinese Worldwide* introduces the many ways in which Christians may communicate the truth and love of God in Christ to Chinese around the world Drawing upon four decades of reading and experience the author first lays a biblical foundation for cross cultural witness then briefly explores the various facets of ministry among Chinese Preparation Presence Proclamation Points of Contact Perfection of Believers Participation in the Body of Christ Performance of Good Works and Partnering with God This nearly comprehensive survey contains both fundamental principles and practical suggestions useful for all those wanting to make a Christian impact on China **A New History of Christianity in China** Daniel H. Bays, 2011-06-09 A

New History of Christianity in China written by one of the world's leading writers on Christianity in China looks at Christianity's long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is surging

The Priesthood of All Students Timothée Joset, 2023-06-30 Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES's commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the *missio Dei* as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry *Chinese Christians in America* Fenggang Yang, 2010-11-01 Christianity has become the most practiced religion among the Chinese in America but very little solid research exists on Chinese Christians and their churches This book is the first to explore the subject from the inside revealing how Chinese Christians construct and reconstruct their identity as Christians Americans and Chinese in local congregations amid the radical pluralism of the late twentieth century Today there are more than one thousand Chinese churches in the United States most of them Protestant evangelical congregations bringing together diasporic Chinese from diverse origins Taiwan Hong Kong mainland China and Southeast Asian countries Fenggang Yang

finds that despite the many tensions and conflicts that exist within these congregations most individuals find ways to creatively integrate their evangelical Christian beliefs with traditional Chinese most Confucian values The church becomes a place where they can selectively assimilate into American society while simultaneously preserving Chinese values and culture Yang brings to this study unique experience as both participant and observer Born in mainland China he is a sociologist who converted to Christianity after coming to the United States The heart of this book is an ethnographic study of a representative Chinese church located in Washington D C where he became a member Throughout the book Yang draws upon interviews with members of this congregation while making comparisons with other churches throughout the United States Chinese Christians in America is an important addition to the literature on the experience of new immigrant communities

C. Stacey Woods and the Evangelical Rediscovery of the University A. Donald MacLeod, 2007-05-16 C Stacey Woods was a moving force in mid century American evangelicalism A Donald MacLeod tells the story of a man of great strengths and weaknesses whose most striking achievement was perhaps encouraging fundamentalism to actively engage the university

Le

sacerdoce de tous les étudiants Timothée Joset, 2023-06-30 S'appuyant sur des archives et des témoignages de première main, cet ouvrage explore l'histoire, la théologie et la missiologie de l'International Fellowship of Evangelical Students (IFES), aussi connue sous le nom d'Union Internationale des Groupes Bibliques Universitaires. L'auteur examine comment l'engagement de l'IFES en faveur de l'immédiateté de la médiation et de la participation est fondé sur une croyance ferme dans le sacerdoce de tous les croyants et sur une ecclésiologie missionnaire qui présuppose l'implication de Dieu dans tous les aspects de la vie, y compris dans l'université. Il retrace l'impact des diverses cultures et théologies sur les multiples expressions de la mission de l'IFES et le rôle de l'IFES dans l'extension de la présence du peuple de Dieu des lieux et des sphères idéologiques auxquelles les structures traditionnelles de l'église ont un accès limité. Ce livre est un rappel puissant de l'impact possible lorsque des croyants ordinaires, qu'ils soient étudiants ou non, participent à la mission Dei en tant que tout simplement humbles fidèles et créatifs dans leurs propres contextes. Il s'adresse à tous ceux qui souhaitent une perspective chrétienne sur l'université ou aux implications théologiques du ministère étudiant. Il offre également un cadre théologique solide pour comprendre la légitimité des organisations paroissiales et du ministère des laïcs.
