Por medio de un detenido análisis del espacio limítrofe entre las provincias de Antioquia y Cartagena Colombia durante la segunda mitad del siglo XVIII el presente libro tiene como objetivo aportar algunas herramientas para la comprensión del proceso de configuración de dicho espacio como un territorio de frontera a finales del período colonial. Por eso los temas en los cuales se centra el análisis de la frontera que constituye el objeto de este libro son cuatro: a) los límites jurídico-administrativos entre las dos provincias; sus cambios y el sentido que estos tuvieron para su población; b) los agentes sociales; sus interacciones y su incidencia en la producción de la frontera; c) las categorías socio raciales y la producción de nuevas identidades étnicas y d) los ejes que dinamizaban los intercambios e interacciones y configuraron dicho territorio como una frontera. Coeditado con el Instituto de Estudios Regionales INER de la Universidad de Antioquia Colombia. Iglesia, colectivos vulnerables y justicia restaurativa por una pastoral de justicia y libertad, 2010-12. El VIII Congreso nacional de pastoral penitenciaria se estructuró en tres áreas con ponencias, comunicaciones y grupos de trabajo. En el área religiosa Mons. Vicente Jiménez Zamora abordó los Derechos humanos y colectivos vulnerables: un reto para la Iglesia y Luis González Carvajal Santabarbara los Desafíos del sistema penitenciario a la acción evangelizadora de la Iglesia. En el área social Fernando Miguel Vidal Fernández realizó una aportación sobre Políticas de reconciliación social vinculada y sentido contra la exclusión. En el área jurídica Manuela Carmena Castillo disertó sobre Humanización y racionalización del Derecho Penal y Justicia Restaurativa. Junto a las aportaciones de las áreas el número incluye todas las intervenciones de inauguración y clausura, notas de prensa y aspectos de la organización así como el Plan Quinquenal de Pastoral Penitenciaria 2011-2015 y un anexo con los mensajes de los congresos anteriores.

Camino a la estabilidad Domingo F. Cavallo, 2014-06-01. Ensayo sobre cómo derrotar a la inflación por Domingo Cavallo, ex ministro de Economía de la Argentina. Derrotar a la inflación y estabilizar la economía es la principal demanda popular que enfrentará quien gobierne la Argentina a partir de diciembre de 2015. Para ese entonces millones de argentinos estarán convencidos de que la inflación es la principal causa del aumento de la pobreza y de la pérdida de empleos productivos además de tener crispados sus nervios por la carrera infernal y desigual que significan los aumentos continuos de precios y salarios. Por eso decidí escribir este libro. Con un propósito menos ideológico y más pragmático: encontrar la forma más efectiva de resolver las dificultades que deberemos enfrentar. En particular el problema más difícil de solucionar de manera efectiva y duradera: la inflación. Es clave que el próximo gobierno acierte con su política de estabilización antes de las elecciones parlamentarias. De esa forma conseguir el poder y el apoyo popular indispensable para llevar a cabo las difíciles reformas.
