Godfrey Mwakikagile

Readers Digest 1985 Almanac And Yearbook:

Reader's Digest Almanac and Yearbook, 1985, 1985 **Indiana University Libraries, Bloomington Serials Holdings, 1985** Indiana University. Libraries, 1985 *The Cumulative Book Index*, 1988 A world list of books in the English language

Africa and the West Godfrey Mwakikagile, 2000 Besides her natural beauty the scenery and the climate and her abundant wildlife and natural resources Africa is probably best known as the homeland of hundreds of millions of people who live in abject poverty Millions are wracked by disease and blinded by ignorance And just as many go hungry every day But there is something else which also distinguishes Africa lack of unity among her people That is one of the main reasons why they were conquered by foreigners and why Africa is still weak and poor today There is no other continent which is endowed with so much in terms of natural resources But there is also no other continent where it has been so easy for foreigners to take what does not belong to them This book began as a self examination of the African personality in an attempt to understand Africa's place in the world especially in relation to the West

Cold War America, 1946 To 1990 Facts on File Inc, Ross Gregory, 2014-05-14 Uses statistical tables charts photographs maps and illustrations to explore everyday life in the United States during the Cold War period

A Profile of African Countries Godfrey Mwakikagile, 2009 This is a profile of African countries and an introduction to Africa as a whole Subjects covered include a brief history of the African continent since the advent of colonial rule the continent's racial and ethnic diversity a look at a number of countries from a historical and contemporary perspective Africa's vast resources and economic potential the new scramble for Africa and much more It's helpful to those who are learning about Africa for the first time and those who don't know much about the continent Even those who know about the continent may find this work to be useful

□□□□□□□□□□ □□□□, 1986

Africa After Independence Godfrey Mwakikagile, 2009-11 This work focuses on the early years of independence and the problems African countries faced soon after the end of colonial rule They include poverty and underdevelopment adoption of alien ideologies and economic and political systems structural flaws of the modern African state and its institutions inherited at independence nation building democratization national integration and ethno regional rivalries among others The work also looks at prospects for continental unification from the perspectives of leaders such as Nkrumah and Nyerere As a demographic portrait it depicts the continent as a tapestry that reflects the racial diversity and multi ethnic composition of this vast land mass And as a historical and political analysis it addresses some of the most important issues in the post colonial era The book includes photos from the early sixties

Militocracy vs. Democracy in West Africa 1960s - 1990s Godfrey Mwakikagile, This is a historical narrative and analysis of the unconstitutional changes of government in most West African countries where military rule became institutionalised more than in any other part of the continent from the sixties to the nineties There is no specific reason why the region has suffered from usurpation of power by soldiers more than any other part of the continent besides the desire by soldiers to rule recently demonstrated by coups in

Mali in 2020 and 2021 Guinea in 2021 and Burkina Faso in 2022 Governments in West Africa are no more unstable or weaker than their counterparts in other parts of the continent Overthrowing governments became a continental phenomenon when military rulers went on to legitimise their seizure of power through rigged elections by turning themselves into civilian rulers They civilianised themselves not only to claim that they were no longer military rulers but were democratically elected leaders a manipulation of power that triggered counter coups by their opponents to end their rule resulting in many deaths in many countries where this violent change took place Military rule in Africa started soon after independence in the sixties The most ambitious goals in the postcolonial era were consolidation of the state and nation building with varying degrees of success in different parts of the continent Military rulers proved to be no better than their civilian counterparts they had replaced In most cases they were even worse and used coercive power of the state to perpetuate themselves in office just as their civilian counterparts did The result was consolidation of the state as an instrument of oppression the most oppressive apparatus being the executive branch itself invested with all the powers which evolved into the imperial presidency a phenomenon that persists in some African countries legitimised through rigged elections enabling leaders to remain in office under the guise of democracy in the name of the people **Reader's Digest ... Almanac** ,1986 **The African**

Post-colonial State and its Challenges Godfrey Mwakikagile,2022 Godfrey Mwakikagile looks at the African post colonial state and the challenges it faces He contends that it is structurally flawed and does not reflect African realities It is an oppressive machinery and an apparatus of power to serve the interests of the ruling class and the elite at the expense of ordinary citizens and the masses And it has retained the institutional structure of the colonial state instead of undergoing fundamental transformation to become truly African Mwakikagile focuses on a number of countries providing case studies whose relevance is continental in scope He contends that bad leadership is the biggest problem African countries have faced through the decades and everything else revolves around it The collapse of a number of African states in the post colonial era bears testimony to that *Ethnicity and Regionalism in National Politics in Kenya and Nigeria: A Comparative Study*

Godfrey Mwakikagile, This work is a comparative study of ethnic politics in Kenya in Nigeria two countries on the African continent where ethnicity has played a major role in determining their destiny as much it has elsewhere only in varying degrees This is similar to the author s other works on Rwanda and Burundi including Identity Politics and Ethnic Conflicts in Rwanda and Burundi A Comparative Study where the same phenomenon has had tragic consequences for decades both works appropriate in their own contexts yet of continental relevance The work is also an examination of the Nigerian civil war whose tragic consequences included the secession of the Eastern Region which declared independence as the Republic of Biafra after tens of thousands of Easterners were massacred in Northern Nigeria in 1966 **Tanzania Under Mwalimu**

Nyerere Godfrey Mwakikagile,2006 Nyerere s economic policies his successes and failures in pursuit of economic development under socialism are some of the subjects addressed by the author in this book A Tanzanian himself he also looks

at how life was under Nyerere since the sixties The work is also a critical examination of the political situation in Tanzania since independence when the country was known as Tanganyika before uniting with Zanzibar The author also looks at the transition that has taken place in Tanzania from one party rule to multiparty democracy and from socialism to capitalism since the collapse of the Soviet Union and the end of the Cold War He also takes a critical look at globalization and the negative impact of structural adjustment programmes in Tanzania and Africa as a whole The work is also a study of Tanzania's history since the advent of colonial rule and of the struggle for independence in one of Africa's largest countries

Identity Politics and Ethnic Conflicts in Rwanda and Burundi Godfrey Mwakikagile, 2012 This work looks at conflicts between the Hutu and the Tutsi in Rwanda and Burundi The conflicts between the two groups have sometimes been characterised as ethnic although neither group has fundamental attributes of ethnicity or ethnic identity which separate one from the other They have the same culture They speak the same language And they have had a common history during the past 400 years They have intermingled and have intermarried for so long since the Tutsi arrived in the region about 400 years ago that whatever differences existed between them in the past in terms of culture identity and biology have been erased Yet they do exist as distinct social groups They maintain separate group identities as Hutus and as Tutsis mainly because of the asymmetrical relationship between them Inequity of power has solidified those identities Historically the Tutsi minority have been the rulers Their status as the dominant group was enhanced during colonial rule when the Belgians favoured and recognised them as the traditional rulers superior to the Hutu thus legitimising inequalities between the two groups The differences between them were even given official sanction And the subordinate status of the Hutu majority was used by the Belgians to justify discrimination against them in terms of employment and educational opportunities while favouring the Tutsi The conflict between the two groups is rooted in inequity of power fuelled by stereotypes against the Hutu majority Domination of the Hutu majority by the Tutsi minority which started before the advent of colonial rule has also solidified ethnic identities of the two groups through the years A shared consciousness among the members of each group and their distinctiveness each seeing themselves as different from the other have also played a major role in the evolution and consolidation of these separate identities

Civil Wars in Rwanda and Burundi Godfrey Mwakikagile, 2013 This is a historical survey and analysis of some of the bloodiest conflicts in modern times The civil wars in Rwanda and Burundi twin states in the Great Lakes region of East Africa are often explained in simplistic terms even by some political pundits as mere tribal wars rooted in ancient hatred between the Hutu and the Tutsi Ethnicity is indeed a factor But of paramount importance in this conflict between the Hutu and the Tutsi in both countries is the struggle for power although with racial overtones and the exclusion of the Hutu majority from meaningful participation in the political process Therefore the conflicts are not tribal wars but political statements as well probably more than anything else what Tanzanian President Benjamin Mkapa aptly described as military expressions of political intent In this comprehensive study the author also addresses one of the most

controversial subjects today conflict resolution in Africa There are no easy answers but the author attempts to provide some of them He covers as much ground as possible trying to come up with solutions not only to the wars in Africa s Great Lakes region but in other parts of the continent as well □□□□□□ □□□□□□ □□□□□□ Mr. Rohit Manglik,2024-06-27 A detailed guide to traditional and digital sources of information focusing on how to access evaluate and use reference tools in academic and professional settings *The Modern African State* Godfrey Mwakikagile,2001 This book examines the modern African State as a fragile institution because of its structural flaws It focuses on a number of African countries whose combined analyses provide a focal point for looking at the whole continent as one giant place with crumbling state institutions whose fragility threatens the very existence of several African countries Even in rich African countries peace and stability is threatened and rampant corruption and dictatorship Nothing better demonstrates the weakness and cruelty of the modern African State than its willingness to instigate tribal violence in a number of African countries and its inability to contain such hostilities in many others In an attempt to put such weakness in proper perspective the author focuses on analyses of case studies as the context for a better understanding of the modern African State as the most dominant institution on the African continent **The Return** Mike Evans,1989 A warning and a trumpet call The Return reveals how prophets from Moses to Jesus have predicted today s most devastating events and the world s ultimate transformation Fascinating and exciting reading C C Carlson co author of The Late Great Planet Earth [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office,1970 **The Reader's Adviser** ,1986
