Meet Rob! He's eleven years old and he's a cello player from England. He plays classical music but he also likes rock n' roll. He's got a small family. His mother is a scientist and his father is a conductor in an orchestra. In his house, there are a lot of classical instruments. They've got drums, trumpets and violins, but Rob's favourite one is the bassoon. Rob can't play it but he likes its sound.

Rob goes to cello classes every Monday and Thursday afternoon. In the morning, he goes to school. He is good at language and maths. But he doesn't like Art. Today, Rob is at his favourite subject. Can you guess which one is it? Yes, it's Music! Now, he is practising a song with his friends for a school celebration. Rob is playing the cello and Frank is singing. He's Rob's best friend.

Yesterday was a special day for Rob because it was his birthday. He had a party at his house with his school friends. They played some games outside and his mother took some photos. After that, Rob opened his presents. He got a red football and a blue sweater. But his favourite present was a new bike from his parents. Rob didn't like his old bike. It was small and green and he doesn't like that colour.

Rob's a great boy! He's an amazing musician and he's got kind friends. Hope you can join him for his next birthday party!
