THE MOST IMPORTANT LIVING RUSSIAN WRITER New Yorker MY HEAD SPINS I'M LYING IN A BED WHERE AM I WHO AM I A man wakes up in hospital He has no idea who he is or how he came to be there The doctor tells him his name but he doesn't remember it He remembers nothing As memories slowly resurface he begins to build a picture of his former life

Russia in the early twentieth century the turbulence of the revolution the aftermath But how can this be possible when the pills beside his bed are dated 1999 In the deft hands of Eugene Vodolazkin author of the multi award winning Laurus The Aviator paints a vivid panoramic picture of life in Russia at the beginning of the twentieth century richly evoking the sights sounds and political turmoil of those days Reminiscent of the great works of Russian literature and shortlisted for the Russian Booker Prize it cements Vodolazkin s position as the rising star of Russia s literary scene **Russomania** Rebecca Beasley,2020 Russomania is the first comprehensive account of the breadth and depth of the modernist fascination with Russian and early Soviet culture It traces Russia s transformative effect on literary and intellectual life in Britain between 1881 and 1922 from the assassination of Alexander II to the formation of the Soviet Union Studying canonical writers alongside a host of less well known authors and translators it provides an archive rich study of institutions disciplines and networks Book jacket *The Reading of Russian Literature in China* M. Gamsa,2010-05-24 This book traces the profound influence that Russian literature which was tied inseparably to the political victory of the Russian revolution had on China during a period that saw the collapse of imperial rule and the rise of the Communist Party **Writing in Red** Nergis Ertürk,2024-05-21 The republic of Turkey and the Soviet Union both emerged from the wreckage of empires surrounding World War I and pathways of literary exchange soon opened between the two revolutionary states Even as the Turkish government pursued a friendly relationship with the USSR it began to persecute communist writers Whether going through official channels or fleeing repression many Turkish writers traveled to the Soviet Union during the 1920s and 1930s publishing original work editing prominent literary journals and translating both Russian classics and Soviet literature into Turkish Writing in Red traces the literary and exilic itineraries of Turkish communist and former communist writers examining revolutionary aesthetics and politics across Turkey and the Soviet Union from the mid 1920s through the 1960s Nergis Ertürk considers a wide range of texts spanning genres such as erotic comedy historical fiction and film and socialist realist novels and theater by writers including Nâzım Hikmet Vâfâ Nureddin Nizamettin Nazif Suat Dervi and Abidin Dino She argues that these works belong simultaneously to modern Turkish literature a transnational Soviet republic of letters and the global literary archive of world revolution alongside those of other writers who made the magic pilgrimage to Moscow Exploring how Turkish communist writers on the run produced a remarkable transnational literature of dissent Writing in Red offers a new account of global revolutionary literary culture **Translating England into Russian** Elena Goodwin,2019-12-26 From governesses with supernatural powers to motor car obsessed amphibians the iconic images of English children s literature helped shape the view of the nation around the world But as Translating England into Russian reveals Russian translators did not always present the same picture of Englishness that had been painted by authors In this book Elena Goodwin explores Russian translations of classic English children s literature considering how representations of Englishness depended on state ideology and reflected the shifting nature of Russia s political and cultural climate As Soviet

censorship policy imposed restrictions on what and how to translate this book examines how translation dealt with and built bridges between cultures in a restricted environment in order to represent images of England Through analysing the Soviet and post Soviet translations of Rudyard Kipling Kenneth Grahame J M Barrie A A Milne and P L Travers this book connects the concepts of society ideology and translation to trace the role of translation through a time of transformation in Russian society Making use of previously unpublished archival material Goodwin provides the first analysis of the role of translated English children s literature in modern Russian history and offers fresh insight into Anglo Russian relations from the Russian Revolution to the present day This ground breaking book is therefore a vital resource for scholars of Russian history and literary translation
