student of the European avant garde in the early twentieth century will be able to overlook this subtle and impassioned attempt to rethink its history its far reaching ambitions and its strategies for achieving them its successes and its failures Because of Adamson s distinctive perspective and the breadth of his research I persistently found myself being forced to rethink the history of the European avant garde and question some of my own assumptions and conclusions Robert Wohl author of *The Spectacle of Flight Aviation and the Western Imagination* 1920 1950

**Erik Satie: Music, Art and Literature** Caroline Potter, 2016-05-13 Erik Satie 1866 1925 was a quirky innovative and enigmatic composer whose impact has spread far beyond the musical world As an artist active in several spheres from cabaret to religion from calligraphy to poetry and playwriting and collaborator with some of the leading avant garde figures of the day including Cocteau Picasso Diaghilev and Ren Clair he was one of few genuinely cross disciplinary composers His artistic activity during a tumultuous time in the Parisian art world situates him in an especially exciting period and his friendships with Debussy Stravinsky and others place him at the centre of French musical life He was a unique figure whose art is immediately recognisable whatever the medium he employed Erik Satie Music Art and Literature explores many aspects of Satie s creativity to give a full picture of this most multifaceted of composers The focus is on Satie s philosophy and psychology revealed through his music Satie s interest in and participation in artistic media other than music and Satie s collaborations with other artists This book is therefore essential reading for anyone interested in the French musical and cultural scene of the late nineteenth and early twentieth century

**Reading Apollinaire's Alcools** Willard Bohn, 2016-10-27 Reviewing the previous scholarship for seventeen of the most important poems in *Alcools* this book provides a detailed analysis of each work and includes a state of the art survey of current Apollinaire criticism Besides acquainting readers with the existing scholarship the book considers all the interpretations that have been proposed and indicates profitable directions to pursue Each poem is subjected to a rigorous line by line analysis that engages in a succession of dialogues with previous critics The studies themselves are arranged in roughly chronological order beginning with the *Rh nanes* in 1901 1902 and concluding with *Zone* in 1912 Although each chapter is basically conceived as an independent unit readers are able to follow the evolution of Apollinaire s aesthetics from his first mature creations through his subsequent experiments with fantastic hermetic visionary and cubist poetry At the same time they witness Apollinaire s personal evolution from his infatuation with Annie Playden through a period of deep depression his love affair with Marie Laurencin and the aftermath of that relationship

**One Poem in Search of a Translator** Eugenia Loffredo, Manuela Perteghella, 2009 Translation is a journey a journey undertaken by the text hopping around the world and mischievously border crossing from one language to another from one culture to another For a translator this journey can become a truly creative engagement with the otherness of the source text an experience of self discovery leading to understanding and enrichment and ultimately towards a new text This singular literary experiment intends to magnify the idiosyncrasy of this translational journey In the process translation reveals itself as an increasingly

creative activity rather than simply a linguistic transfer This volume consists of twelve translations of one poem *Les Fenêtrés* by the French poet Apollinaire The translators embarking on this project all from different backgrounds and working contexts poets professional translators academics visual artists were asked to engage with the inherent multimodality of this poem inspired by Robert Delaunay's *Les Fenêtrés* series of paintings The result is a kaleidoscopic diversity of approaches and final products Each translation is accompanied by self-reflective commentary which provides insight into the complex process and experience of translation enticing the reader to join this journey too

**The Modernist Bestiary** Timothy Mathews, Sarah Kay, 2020-07-08 The *Modernist Bestiary* centres on *Le Bestiaire ou Cortège d'Orphée* 1911 a multimedia collaborative work by French Polish poet Guillaume Apollinaire and French artist Raoul Dufy and its homonym *The Bestiary or Procession of Orpheus* 1979 by British artist Graham Sutherland Rather than reconstructing the lineage of these two compositions the book uncovers the aesthetic and intellectual processes involved that operate in different times places and media The Apollinaire and Dufy *Bestiary* is an open-ended collaboration a feature that Sutherland develops in his re-visiting and this book shows how these neglected works are caught up in many faceted networks of traditions and genres These include Orphic poetry from the past contemporary musical settings and bestiary writing from its origins to the present The nature of productive dialogue between thought and art and the refracted light they throw on each other are explored in each of the pieces in the book and the aesthetic experience emerges as generative rather than reductive or complacent The contributors' encounters with these works take the form of poetry and essays all moving freely between different disciplines and practices humanistic and posthumanist critical dimensions as well as different animals and art forms They draw on disciplines ranging from music art history translation Classical poetry and French poetry and are nurtured by approaches including phenomenology cultural studies sound studies and critical animal studies Collectively the book shows that the aesthetic encounter by nature affective is by nature also interdisciplinary and motivating and that it spurs the critical in addressing the complex issues of humananimality

**Historical Dictionary of Surrealism** Keith Aspley, 2010-10-17 Organized and strictly disciplined until the death of its leader André Breton in 1966 Surrealism was a broad movement that attracted many adherents After Breton's death its membership entered a state of flux with people constantly being admitted and excluded and the latter often continuing to regard themselves as Surrealists The Surrealist movement was spread over many countries and different art forms including painting sculpture cinema photography music theater and literature P 4 of cover *Pierre Albert-Birot* Debra Kelly, 1997 This book tries to encompass the life's achievement of Pierre

Albert Birot in art poetry and prose This book is a rich and exhaustively researched study of a fascinating figure and a most original mind The volume also attempts to encompass a life s achievement and to view globally Albert Birot s artistic poetic and prose productions As such this is an important contribution to the study and knowledge of French literature of the first half of the twentieth century and to interdisciplinary studies It is of interest not only to specialists in French literature but also to art historians literary historians and those interested in comparative aesthetics

**The Material, the Real, and the Fractured Self** Susan Harrow,2004-01-01 In *The Material the Real and the Fractured Self* Susan Harrow explores the fascinating interrelation of subjectivity materiality and representation in the poetry and related texts of four modern French writers Arthur Rimbaud Guillaume Apollinaire Francis Ponge and Jacques R da She demonstrates the richness and the relevance of modern French poetry for today s readers putting contemporary thought to work on the fractured self emerging in the post Baudelairean lyric Harrow addresses the widely perceived marginalization of poetry in the writing theory debate demonstrating that the emergence of a self at once shaped by and straining against material historical subjective and cultural impediments reveals fertile relations between theory and poetry Where purer forms of postmodernist thinking have stressed the dissolution and dispersal of the human subject new approaches informed by cultural studies autobiography theory and gender studies work to recover fictions of experience and retrieve submerged narratives of the self Probing the activity of textual self recovery among the debris of history and fantasy visuality and desire and culture and corporeality *The Material the Real and the Fractured Self* imparts something of the startling beauty and the raw urgency of poetry writing across the broad modern period

**Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000

**Lateness and Modern European Literature** Ben Hutchinson,2016-09-08 Modern European literature has traditionally been seen as a series of attempts to assert successive styles of writing as new In this groundbreaking study Ben Hutchinson argues that literary modernity can in fact be understood not as that which is new but as that which is late Exploring the ways in which European literature repeatedly defines itself through a sense of senescence or epigonality Hutchinson shows that the shifting manifestations of lateness since romanticism express modernity s continuing quest for legitimacy With reference to a wide range of authors from Mary Shelley Chateaubriand and Immermann via Baudelaire Henry James and Nietzsche to Valery Djuna Barnes and Adorno he combines close readings of canonical texts with historical and theoretical comparisons of numerous national contexts Out of this broad comparative sweep emerges a taxonomy of lateness of the diverse ways in which modern writers can be understood in the words of Nietzsche as creatures facing backwards Ambitious and original *Lateness and Modern European Literature* offers a significant new model for understanding literary modernity

**Literature, Art and the Pursuit of Decay in Twentieth-Century France** Timothy Mathews,2006-01-19 Mathews examines work by writers and painters working in France in the twentieth century

[Mandelstam's Worlds](#) Andrew Kahn,2020-07-28 Rightly appreciated as a poet s poet Mandelstam has been habitually read as a repository of learned

allusion Yet as Seamus Heaney observed his work is as firmly rooted in both an historical and cultural context as real as Joyce's Ulysses or Eliot's Waste Land Great lyric poets offer a cross section of their times and Mandelstam's poems represent the worlds of politics history art and ideas about intimacy and creativity The interconnections between these domains and Mandelstam's writings are the subject of this book showing how engaged the poet was with the history social movements political ideology and aesthetics of his time The importance of the book also lies in showing how literature no less than history and philosophy enables readers to confront the huge upheaval in outlook can demand of us thinking with poetry is to think through the moral compromise and tension felt by individuals in public and private contexts and to create out of art experience in itself The book further innovates by integrating a new comprehensive discussion of the Voronezh Notebooks one of the supreme achievements of Russian poetry This book considers the full political dimension of works that explore the role of the poet as a figure positioned within society but outside the state caught between an ideal of creative independence and a devotion to the original ameliorative ideals of the revolution

**Tradition, Translation, Trauma** Jan Parker, Timothy Mathews, 2011-06-30 Tradition Trauma Translation is concerned with how Classic texts mainly Greek and Latin but also Arabic and Portuguese become present in later cultures and how they resonate in the modern A distinguished international team of contributors and responders examine the topic in different ways Some discuss singular encounters with the Classic those of Heaney Pope Fellini Freud Ibn Qutayba Cavafy and others and show how translations engage with the affective impact of texts over time and space Poet translator contributors draw on their own experience here Others offer images of translation as movement of a text over time space language and culture Some of these images are resistant even violent tradition as silencing translation as decapitation cannibalistic reception Others pose searching questions about the interaction of modernity with tradition what is entailed in The Price of the Modern Drawing as it does on Classical Modernist Translation Reception Comparative Literary and Intercultural Studies the volume has the potential to suggest critiques of practice in these disciplines but also concerns that are common to all these fields
