Images That Injure Paul Martin Lester,2011-04-19 This expanded collection of new and fully revised explorations of media content identifies the ways we all have been negatively stereotyped and demonstrates how careful analysis of media portrayals can create more beneficial alternatives Not all damaging stereotypes are obvious In fact the pictorial stereotypes in the media that we don t notice could be the most harmful because we aren t even aware of the negative false ideas they perpetrate This book presents a series of original research essays on media images of groups including African Americans Latinos women the elderly the physically disabled gays and lesbians and Jewish Americans just to mention a few Specific examples of these images are derived from a variety of sources such as advertising fine art film television shows cartoons the Internet and other media providing a wealth of material for students and professionals in almost any field Images That Injure Pictorial Stereotypes in the Media Third Edition not only accurately describes and analyzes the media s harmful depictions of cultural groups but also offers creative ideas on alternative representations of these individuals These discussions illuminate how each of us is responsible for contributing to a sea of meaning within our mass culture

White Masculinity in the Recent South Trent Watts,2008-05 From antebellum readers avidly consuming stories featuring white southern men as benevolent patriarchs hell raising frontiersmen and callous plantation owners to postCivil War southern writers seeking to advance a model of southern manhood and male authority as honorable dignified and admirable the idea of a distinctly southern masculinity has reflected the broad regional differences between North and South In WHITE MASCULINITY IN THE RECENT SOUTH thirteen scholars of history literature film and environmental studies examine modern white masculinity including such stereotypes as the *The Door Magazine* ,2003

The Republican Noise Machine David Brock,2004-05-25 In The Republican Noise Machine David Brock skillfully documents perhaps the most important but least understood political development of the last thirty years how the Republican Right has won political power and hijacked public discourse in the United States Brock a former right wing insider and the author of the New York Times bestseller *Blinded by the Right* uses his keen understanding of the strategies tactics financing and personalities of the American right wing to demonstrate how the once fringe phenomenon of right wing media has all but subsumed the regular media conversation shaped the national consciousness and turned American politics sharply to the right Brock documents how in the last several decades the GOP built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and

high traffic internet sites to sell conservatism to the public and discredit its opponents This unabashedly biased multibillion dollar communications empire disregards journalistic ethics and universal standards of fairness and accuracy manufacturing news that is often bought and paid for by a tight network of corporate backed foundations and old family fortunes By dissecting the appeal techniques and reach of the booming right wing media market Brock demonstrates that it is largely based on bigotry ignorance and emotional manipulation closely tied to America's longstanding cultural divisions and the buying power of anti intellectual traditionalists From the disputed 2000 presidential election to the war with Iraq to the political battles of 2004 Brock's penetrating analysis of right wing media theories and methodology reveals that the Republican Right views the media as an extension of a broader struggle for political power By tracing the political impact of right wing media Brock shows how disproportionate conservative influence in the media is integrally linked to the Republican Right's current domination of all three branches of government to the propping up of the Bush administration and to the inability of Democrats to voice their opposition to this political sea change or to compete on an even playing field As only an ex conservative intimately familiar with the imperatives of the American right wing could David Brock suggests ways in which concerned Americans can begin to redress the conservative ascendancy and cut through the propagandistic fog Writing with verve and deep insight he reaches far beyond typical bromides about media bias to produce an invaluable account of the rise of right wing media and its political consequences Promising to be the political book of the year *The Republican Noise Machine* will transform the raging yet heretofore unsatisfying debate over the politics of the media for years to come *Forthcoming Books* Rose Army, 2003-04 **Die Republikaner** Thomas Greven, 2004 **The Publishers Weekly**, 2002 **American Book Publishing Record**, 2003 **The Redneck Manifesto** Jim Goad, 1998-05-05 In *The Redneck Manifesto* Goad elucidates redneck politics religion and values in his own unique way A furious profane smart and hilariously smart aleck defense of working class white culture Fort Lauderdale Sun Sentinel **The Redneck Guide to Raisin' Children** Annie Smith, Glen-Bob Smith, 1997-12 The parental instruction manual that Dr Spock's readers have been secretly longing for Forget all of the touchy feely daytime talk show psychobabble Glen Bob and Annie Smith tell how to explain eviction to your kids turn junkyards into vacation destinations enjoy Christmas with Grandpa in prison find the best Redneck restaurants and much much more *Books in Print Supplement*, 2002 *Politically Incorrect Guide to The South* Clint Johnson, 2007-01-17 The latest installment in the New York Times bestselling *Politically Incorrect Guide* series expands on the pro South slant of the hugely successful *Politically Incorrect Guide to American History* Author Clint Johnson shows why the South with its emphasis on traditional values family faith military service good manners small government and independent minded people should certainly rise again **Flag, Nation and Symbolism in Europe and America** Thomas Hylland Eriksen, Richard Jenkins, 2007-10-18 Although the symbolic and political importance of flags has often been mentioned by scholars of nationalism there are few in depth studies of the significance of flags for national identities This

multi disciplinary collection offers case studies and comparisons of flag history uses and controversies This book brings together a dozen scholars from varying national and disciplinary backgrounds to offers a cluster of close readings of flags in their social contexts mostly contemporary but also historical Case studies from Denmark England Northern Ireland Norway Sweden and the United States explore ways in which flags are contested stir up powerful emotions can be commercialised in some contexts but not in others serve as quasi religious symbols and as physical boundary markers how the same flag can be solemn and formal in one setting but stand for domestic bliss and informal cultural intimacy in another

Death of a Nation Dinesh D'Souza,2018-07-31 The 1 New York Times bestselling author tackles the biggest lie of the left that America is a society based on white supremacy Now a major motion picture Who is killing America Is it really Donald Trump and a GOP filled with white supremacists In a major new work of historical revisionism Dinesh D Souza makes the provocative case that Democrats are the ones killing America by turning it into a massive nanny state modeled on the Southern plantation system This sweeping alternative history of the Democratic Party goes back to its foundations in the antebellum South The slaveholding elite devised the plantation as a means of organizing labor and political support It was a mini welfare state a cradle to grave system that bred dependency and punished any urge to independence This model impressed northern Democrats inspiring the political machines that traded government handouts for votes from ethnic immigrant blocs Today s Democrats have expanded to a multiracial plantation of ghettos for blacks barrios for Latinos and reservations for Native Americans Whites are the only holdouts resisting full dependency and so they are blamed for the bigotry and racial exploitation that is actually perpetrated by the left Death of a Nation s bracing alternative vision of American history explains the Democratic Party s dark past reinterprets the roles of figures like Van Buren FDR and LBJ and exposes the hidden truth that racism comes not from Trump or the conservative right but rather from Democrats and progressives on the left

Sombreros and Motorcycles in a Newer South P. Nicole King,2012-02-15 In 1949 Alan Schafer opened South of the Border a beer stand located on bucolic farmland in Dillon County South Carolina near the border separating North and South Carolina Even at its beginning the stand catered

to those interested in Mexican themed kitsch sombreros toy pinatas vividly colored panchos salsas Within five years the beer stand had grown into a restaurant then a series of restaurants and then a theme park complete with gas stations motels a miniature golf course and an adult video shop Flashy billboards featuring South of the Border s stereotypical bandit Pedro advertised the locale from 175 miles away An hour south of Schafer s site lies the Grand Strand region sixty miles of South Carolina beaches and various forms of recreation Within this region Atlantic Beach exists From the 1940s onward Atlantic Beach has been a primary tourist destination for middle class African Americans as it was one of the few recreational beaches open to them in the region Since the 1990s the beach has been home to the Atlantic Beach Bikefest a motorcycle festival event that draws upward of 10 000 African Americans and other tourists annually Sombreros and Motorcycles in a Newer South studies both locales separately and together to illustrate how they serve as lens for viewing the historical social and aesthetic aspects embedded in a place s culture over time In doing so author Nicole King engages with concepts of the Newer South the contemporary era of southern culture which integrates Old South and New South history and ideas about issues such as race taste and regional authenticity Tracing South Carolina s tourism industry through these locales King analyzes the collision of southern identity and place with national corporatized culture from the 1940s onward Sombreros and Motorcycles in a Newer South locates campy but historic tourist sites that serve as important texts for better understanding how culture moves and more inclusive notions of what it means to be southern today *I remember ...
